

Register, pursuant to section 307 of the CAA.

ADDRESSES: Copies of the Order, the petition, and all pertinent information relating thereto are on file at the following location: EPA Region 9; Air Division; 75 Hawthorne Street; San Francisco, California 94105.

FOR FURTHER INFORMATION CONTACT: Gerardo Rios, Air Permits Office, EPA Region 9, at (415) 972-3974 or rios.gerardo@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords EPA a 45-day period to review and, as appropriate, the authority to object to operating permits proposed by state permitting authorities under title V of the CAA, 42 U.S.C. 7661-7661f. Section 505(b)(2) of the CAA and 40 CFR 70.8(d) authorize any person to petition the EPA Administrator to object to a title V operating permit within 60 days after the expiration of EPA's 45-day review period if EPA has not objected on its own initiative. Petitions must be based only on objections to the permit that were raised with reasonable specificity during the public comment period provided by the state, unless the petitioner demonstrates that it was impracticable to raise these issues during the comment period or the grounds for the issues arose after this period.

The petitioner submitted a petition regarding Hu Honua on August 26, 2011, requesting that EPA object to the CAA title V operating permit, identified as Covered Source Permit Number 0724-01-C. The Petitioner alleged that the permit was not consistent with the CAA because: (1) EPA raised objectionable issues in its comment letter on the proposed permit; (2) the permit fails to ensure compliance with criteria air pollutant emission limits; (3) the permit fails to ensure compliance with Best Available Control Technology (BACT) requirements for CO; (4) the permit fails to ensure compliance with hazardous air pollutant (HAP) emission limits; (5) the baghouse is not adequately described or monitored; (6) the permit fails to ensure compliance with applicable state law and State Implementation Plan (SIP) requirements; (7) the permit fails to ensure compliance with Maximum Achievable Control Technology (MACT) requirements for major sources of HAPs; (8) the permit impermissibly exempts startups and shutdowns from emissions limits; (9) the facility's biomass handling, chipping, and storage

operations do not qualify as an "insignificant activity"; (10) the permit fails to address emissions from trona or lime and ash handling; (11) HDOH failed to address ammonia slip and sulfuric acid mist emissions; (12) HDOH failed to directly regulate and evaluate the impacts of PM_{2.5}; and (13) HDOH failed to adequately respond to significant public comments.

On February 7, 2014, the Administrator issued an Order partially granting and partially denying the petition. The Order explains EPA's rationale for partially granting and partially denying the petition.

Dated: February 11, 2014.

Jared Blumenfeld,

Regional Administrator, Region IX.

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellation, voluntarily requested by the registrants and accepted by the Agency, of the products listed in Table 1 of Unit II., pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a June 26, 2013, **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 2 of Unit II., to voluntarily cancel these product registrations. In the June 26, 2013 notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 180-day comment period that would merit further review of these requests, or unless the registrants withdrew their requests. The Agency received three requests from registrants withdrawing their requests for EPA Reg. Nos. 432-1473, 1677-90 and WA030027. Also, EPA Reg. No. OR030037 was cancelled under another **Federal Register** notice published on September 13, 2013. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any

distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including existing stocks provisions.

DATES: The cancellations are effective January 15, 2014.
