Discussion

On December 24, 2014, the Coast Guard published a Final Rule in the **Federal Register** (78 FR 77796) to implement the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers, 1978 (STCW Convention), including the 2010 amendments to the STCW Convention, and the Seafarers’ Training, Certification and Watchkeeping Code. The final rule also made changes to reorganize, clarify, and update regulations for credentialing merchant mariners. In the future, the Coast Guard will issue additional NVICs to provide further guidance on the implementation of the new regulations regarding merchant mariner certificates and endorsements to MMCs. The nine NVICs listed below represent the first phase of this effort:

1. Guidance on the Issuance of Medical Certificates (NVIC 01–14). This NVIC describes policy for the issuance of medical certificates to merchant mariners.

2. Grandfathering and Transitional Provisions for Merchant Mariner Credentials (NVIC 02–14). This NVIC describes grandfathering and transitional provisions for MMCs.

3. Guidelines for Approval of Training Courses and Programs (NVIC 03–14). This NVIC describes policy for

documentation, submission, and approval of merchant mariner training.

4. Guidelines for Qualification for STCW Endorsements for Proficiency in Survival Craft and Rescue Boats Other Than Fast Rescue Boats (NVIC 04–14). This NVIC describes policy for merchant mariners to qualify for and renew MMC endorsements for Proficiency in Survival Craft and Proficiency in Survival Craft-Limited.

5. Guidelines for Qualification for STCW Endorsements for Proficiency in Fast Rescue Boats (NVIC 05–14). This NVIC describes policy for merchant mariners to qualify for and renew MMC endorsements for Proficiency in Fast Rescue Boats.

6. Guidelines for Qualification for STCW Endorsements as Rating Forming Part of a Navigational Watch (NVIC 06–14). This NVIC describes policy for merchant mariners to qualify for and renew MMC endorsements as Rating Forming Part of a Navigational Watch.

7. Guidelines for Qualification for STCW Endorsements as Rating Forming Part of an Engineering Watch (NVIC 07–14). This NVIC describes policy for merchant mariners to qualify for and renew MMC endorsements as Rating Forming Part of an Engineering Watch.

8. Guidelines for Qualification for STCW Endorsements for Basic Training (Formerly Basic Safety Training) (NVIC 08–14). This NVIC describes policy for merchant mariners to qualify for and renew endorsements to an MMC for Basic Training.

9. Guidelines for Qualification for STCW Endorsements for Advanced Firefighting (NVIC 09–14). This NVIC describes policy for merchant mariners to qualify for and renew MMC endorsements for Advanced Firefighting.

Although all of these NVICs are important to the implementation of the new regulations, note that NVICs 01–14, 02–14, and 03–14 will be particularly helpful during the beginning of the transition to those regulations.
