### A. Overview of Information Collection

*Title of Information Collection:* Quality Control Requirements for Direct Endorsement Lenders.

*OMB Approval Number:* 2502-0600.

*Type of Request:* Extension of a currently approved collection.

*Form Number:* N/A.

*Description of the need for the information and proposed use:* Under 24 CFR 202.8(3), Direct Endorsement (DE) lenders which sponsor third-party originators (TPOs) are responsible to the Secretary for the actions of TPOs or mortgagees in originating loans or mortgages, unless applicable law or regulation requires specific knowledge on the part of the party to be held responsible. As a result, DE lenders are responsible for conducting quality control on TPO originations of FHA-insured mortgage loans, and ensuring that their quality control plans contain appropriate oversight provisions. This creates an information collection burden on DE lenders, since these institutions must conduct quality control on all loans they originate and underwrite. In addition, under 24 CFR 203.255(c) and (e), HUD conducts both pre- and post-endorsement reviews of loans submitted for FHA insurance by DE lenders. As part of those reviews, the Secretary is authorized to determine if there is any information indicating that any certification or required document is false, misleading, or constitutes fraud or misrepresentation on the part of any party, or that the mortgage fails to meet a statutory or regulatory requirement. In order to assist the Secretary with this directive, FHA requires that lenders self-report all findings of fraud and material misrepresentation, as well any material findings concerning the origination, underwriting, or servicing of the loan that the lender is unable to mitigate or otherwise resolve. The obligation to self-report these findings creates an additional information collection burden on DE lenders.

In accordance with the requirements of 5 CFR 1320.8(d), a Notice soliciting comments on this collection of information was initially published in the **Federal Register** on December 21, 2010 (Volume 75, Number 244, page 80066). At that time, FHA still allowed for loan correspondents to participate in its programs and had not yet transitioned to the use of TPOs. Therefore, FHA estimated information

collection burdens based on the expected used of TPOs by DE lenders. Three years later, FHA has revised these estimates with real data, which has substantially reduced the information collection burden associated with OMB Control Number 2502-0600.

*Respondents:* Business or other for-profit

*Estimated Number of Respondents:* 1,831.

*Estimated Number of Responses:* 135,682.

*Frequency of Response:* Annually.

*Average Hours per Response:* .52.

*Total Estimated Burdens:* 71,017.
