

this alternative encompasses 298.3 acres.

Existing Provo River Channel Options

Two options were considered for use of the existing Provo River Channel. Either of the two options could be paired with any of the three action alternatives. Option 1 would leave the existing Provo River Channel open to Utah Lake, allowing for fluctuating water levels at various times of the year. Option 2 would maintain the existing channel at a relatively constant elevation by constructing a small dam at the downstream mouth of the channel near Utah Lake State Park. Under both options, an aeration system would be installed and operated to improve water quality and a minimum flow of 10 cubic feet per second would be provided to the existing Provo River channel which would be retained and managed for recreational and aesthetic purposes.

Title: Time Record (Work-Study Program), VA Form 22–8690.

OMB Control Number: 2900–0379.

Type of Review: Revision of a currently approved collection.

Abstract: Training establishments complete VA Form 22–8690 to report the number of work-study hours a claimant has completed. When a claimant elects to receive an advance payment, VA will advance payment for 50 hours, but will withhold benefits (to recoup the advance payment) until the claimant completes 50 hours of service. If the claimant elects not to receive an advance payment, benefits are payable when the claimant completes 50 hours of service. VA uses the data collected to ensure that the amount of benefits payable to a claimant who is pursuing work-study is correct.

Affected Public: State, Local or Tribal Governments.

Estimated Annual Burden: 5,705.

Estimated Average Burden per Respondent: 5 minutes.

Frequency of Response: Annually.

Estimated Number of Respondents: 68,460.

Dated: February 25, 2014.

By direction of the Secretary.

Gulf War Veterans' Illnesses Task Force Report

AGENCY: Department of Veterans Affairs.

ACTION: Notice.

SUMMARY: The Secretary of Veterans Affairs (VA) established the Gulf War Veterans' Illnesses Task Force (GWVI-TF) in August 2009 to focus on full spectrum health care and benefits issues faced by Veterans of the 1990-1991 Gulf War (Operations Desert Shield and Desert Storm). The GWVI-TF published its first annual report in September 2010.

The GWVI-TF posted a draft of its 2012-13 report for public comment on May 14, 2013. VA published the report in the **Federal Register** (78 FR 28292) and posted it on a social media Web site created specifically to elicit responses

on the report. VA collected comments through both venues. During the thirty day comment period, VA received 41 comments submitted through the **Federal Register** venue and over 180 comments through the social media Web site. VA sincerely thanks all those who took the time to submit comments.

VA has completed its 2012-13 Gulf War Veterans' Illnesses Task Force Report. The GWVI-TF reviewed all the comments submitted, and addressed in this report those comments that were directly responsive to the draft report. Comments specifically addressed in this report are annotated accordingly. The comments that were not directly responsive to the draft report will serve as guidance for the VA to consider as it moves forward.

Finally, there were a number of individual requests for assistance. Those that contained sufficient specific information were referred to appropriate VA offices for action. Those that were not specific enough or were anonymously submitted will serve as background for consideration on areas for the VA to study in the future.

ADDRESSES: The 2012-13 Gulf War Veterans' Illnesses Task Force Report is available on the VA Web site at: <http://www.va.gov/opa/publications/>.

FOR FURTHER INFORMATION CONTACT: Col. Patrick Picardo, GWVI-TF Secretary, OSVA, Department of Veterans Affairs, 810 Vermont Avenue NW., Washington, DC 20420, at patrick.picardo@va.gov.
