### VIII. Performance Management

Each applicant selected for TIGER Discretionary Grant capital grant funding will be required to work with DOT on the development and implementation of a plan to collect information and report on the project's performance with respect to the relevant long-term outcomes that are expected to be achieved through construction of the project. Each recipient of a TIGER Discretionary Grant will, in accordance with its grant agreement, report on specified performance indicators for its project. Performance indicators will be negotiated for each project, considerate of the individual project's stated goals as well as resource constraints of applicants. Performance indicators will not include formal goals or targets, but will include baseline measures as well as post-project outcomes for an agreed-upon timeline, and will inform the TIGER Discretionary Grant program in working towards best practices, programmatic performance measures, and future decisionmaking guidelines.
