DEPARTMENT OF THE INTERIOR

Office of the Secretary

[XXXD5198NI DS61100000
DNINR0000.000000 DX61104]

Exxon Valdez Oil Spill Public Advisory Committee

AGENCY: Office of the Secretary, Interior.

ACTION: Call for nominations.

SUMMARY: The *Exxon Valdez* Oil Spill Trustee Council is soliciting nominations for the Public Advisory Committee, which advises the Trustee Council on decisions related to the planning, evaluation, funds allocation, and conduct of injury assessment and restoration activities related to the T/V *Exxon Valdez* oil spill of March 1989. Public Advisory Committee members will be selected by the Secretary of the Interior to serve a 24-month term, which will begin on October 1, 2014.

DATES: All nominations must be received on or before the close of business on May 15, 2014.

ADDRESSES: A complete nomination package should be submitted by hard copy to Elise Hsieh, Executive Director, *Exxon Valdez* Oil Spill Trustee Council, 4210 University Drive, Anchorage, Alaska 99508-4650, or via email at elise.hsieh@alaska.gov.

FOR FURTHER INFORMATION CONTACT:

Questions should be directed to Cherri Womac, *Exxon Valdez* Oil Spill Trustee Council, 4210 University Drive, Anchorage, Alaska 99508-4650, 907-265-9339 or 800-478-7745; or Pamela Bergmann, Designated Federal Officer, Department of the Interior, Office of Environmental Policy and Compliance, 1689 C Street, Suite 119, Anchorage, Alaska 99501-5126, 907-271-5011.

SUPPLEMENTARY INFORMATION: The *Exxon Valdez* Oil Spill Public Advisory Committee was created by Paragraph V.A.4 of the Memorandum of Agreement and Consent Decree entered into by the United States of America and the State of Alaska on August 27, 1991, and approved by the United States District Court for the District of Alaska in settlement of *United States of America v. State of Alaska*, Civil Action No. A91–081 CV. The Public Advisory Committee was created to advise the Trustee Council on matters relating to decisions on injury assessment, restoration activities, or other use of natural resource damage recoveries obtained by the government.

The Trustee Council consists of representatives of the Department of the Interior, Department of Agriculture, National Oceanic and Atmospheric Administration, Alaska Department of Fish and Game, Alaska Department of Environmental Conservation, and Alaska Department of Law. Appointment to the Public Advisory Council will be made by the Secretary of the Interior.

The Public Advisory Committee consists of 10 members to reflect balanced representation from each of the following principal interests: Aquaculturist/mariculturist, commercial tourism business person, conservationist/environmentalist, recreation user, subsistence user, commercial fisher, public-at-large, native landowner, sport hunter/fisher, and scientist/technologist.

Nominations for membership may be submitted by any source.

Nominations should include a resume providing an adequate description of the nominee's qualifications, including information that would enable the Department of the Interior to make an informed decision regarding meeting the membership requirements of the Public Advisory Committee and permit the Department of the Interior to contact a potential member.

Individuals who are currently federally registered lobbyists are ineligible to serve on all Federal Advisory Committee Act (FACA) and non-FACA boards, committees, or councils.

Willie R. Taylor,

Director, Office of Environmental Policy and Compliance.

BILLING CODE 4310–RG–P

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

Geological and Geophysical Exploration (G&G) on the Mid- and South Atlantic Outer Continental Shelf (OCS)

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice of Availability (NOA) of the Final Programmatic Environmental Impact Statement (EIS) for proposed G&G Activities on the Mid- and South Atlantic OCS.

SUMMARY: Consistent with the regulations implementing the National Environmental Policy Act (NEPA), as amended (42 U.S.C. 4321 *et seq.*), BOEM has prepared a Final Programmatic EIS to describe and evaluate the potential environmental impacts associated with reasonably foreseeable G&G survey activities in Federal waters overlying the Mid- and South Atlantic OCS, as well as potentially interconnected or interrelated activities in adjacent State waters, as described in the Supplemental Information section below. These activities include, but are not limited to, seismic surveys (deep penetration and high-resolution geophysical), electromagnetic surveys, geological and geochemical sampling, and remote sensing surveys. The Final Programmatic EIS covers reasonably foreseeable G&G activities associated with the three program areas managed by BOEM on the OCS (i.e., oil and gas exploration and development, renewable energy, and marine minerals). The Final Programmatic EIS also evaluates mitigating measures to reduce potential impacts of G&G activities on marine resources, such as sound impacts to marine species and bottom-disturbance impacts on benthic communities and cultural resources.

DATES: Comments should be submitted no later than April 7, 2014.

ADDRESSES: Comments may be submitted in one of the following three ways:

1. In written form enclosed in an envelope labeled “Comments on the Final Programmatic EIS for the Mid- and South Atlantic” and mailed (or hand carried) to Mr. Gary D. Goeke, Chief, Environmental Assessment Section, Office of Environment (GM 623E), Bureau of Ocean Energy Management, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123–2394;

2. Electronically to BOEM's email address: ggeis@boem.gov; or

3. Through the regulations.gov web portal: Navigate to <http://www.regulations.gov> and search for “Geological and Geophysical Activities in Mid and South Atlantic” (**Note:** It is important to include the quotation marks in your search terms.) Click on the “Comment Now!” button to the right of the document link. Enter your information and comment, then click “Submit”.

FOR FURTHER INFORMATION CONTACT: For more information on the Final Programmatic EIS, you may contact Mr. Gary D. Goeke, Chief, Environmental Assessment Section, Office of Environment (GM 623E), Bureau of Ocean Energy Management, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123–2394, or by email at ggeis@boem.gov. You may also contact Mr. Goeke by telephone at (504) 736–3233.

SUPPLEMENTARY INFORMATION: The Programmatic EIS was prepared to analyze potential environmental impacts from multiple G&G activities in the OCS Mid- and South Atlantic Planning Areas, and interconnected or interrelated activities in adjacent State waters. Development of this Programmatic EIS was also directed under the Conference Report accompanying the FY 2010 Department of the Interior, Environment and Related Agencies Appropriations Act (Pub. L. 111–88).

The Area of Interest (AOI), also known as the affected environment or area of potential effects, for the Programmatic EIS includes U.S. Atlantic waters and submerged lands from the mouth of Delaware Bay to just south of Cape Canaveral, Florida, and from the shoreline to 350 nautical miles from shore. While G&G activities in State waters are not within the jurisdiction of BOEM, the AOI also encompasses adjacent State waters (excluding estuaries) because related G&G activities could extend into State waters or because G&G activities in waters overlying the OCS could impact resources in or migrating through adjacent State waters, e.g. through the introduction of acoustic energy into those waters. The activity scenario and associated impact assessment contained in the Final Programmatic EIS extend to 2020.

The Draft Programmatic EIS was published on March 30, 2012 and the public comment period closed on July 2, 2012. BOEM received over 55,000 comment submissions from federal, state and local governmental organizations, non-governmental organizations, industry and private
