

Elizabeth Matthews, at 202-606-6774 or email to ematthews@cns.gov. Individuals who use a telecommunications device for the deaf (TTY-TDD) may call 1-800-833-3722 between 8:00 a.m. and 8:00 p.m. Eastern Time, Monday through Friday.

ADDRESSES: Comments may be submitted, identified by the title of the information collection activity, to the Office of Information and Regulatory Affairs, Attn: Ms. Sharon Mar, OMB Desk Officer for the Corporation for National and Community Service, by any of the following two methods within 30 days from the date of publication in the **Federal Register**:

(1) By fax to: (202) 395-6974, Attention: Ms. Sharon Mar, OMB Desk Officer for the Corporation for National and Community Service; or

(2) By email to: smar@omb.eop.gov.

SUPPLEMENTARY INFORMATION: The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of CNCS, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Propose ways to enhance the quality, utility, and clarity of the information to be collected; and
- Propose ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments

A 60-day Notice requesting public comment was published in the **Federal Register** on December 27, 2013. This comment period ended February 25, 2014. No public comments were received from this Notice.

Description: CNCS is seeking approval of AmeriCorps VISTA Sponsor Recruitment Practices Survey which is used by AmeriCorps VISTA. Sponsor organizations will provide information about their approach to VISTA member recruitment in order for CNCS to design recruitment strategies and materials for the VISTA program.

Type of Review: New.

Agency: Corporation for National and Community Service.

Title: AmeriCorps VISTA Sponsor Recruitment Practices Survey.

OMB Number: TBD.

Agency Number: None.

Affected Public: AmeriCorps VISTA sponsor organizations. Sponsor organizations direct VISTA projects, supervise AmeriCorps VISTA members, and provide necessary administrative support to complete the goals and objectives of the project.

Total Respondents: 1,800.

Frequency: Once per respondent.

Average Time per Response: Averages 10 minutes.

Estimated Total Burden Hours: 18,000 hours.

Total Burden Cost (capital/startup): None.

Total Burden Cost (operating/maintenance): None.

Dated: February 28, 2014.

Mary Strasser,

Director, AmeriCorps VISTA.

Notice of Availability (NOA) for Temporary Storage of Wheeled Tactical Vehicles (WTV) at Defense Supply Center Richmond, Virginia, Environmental Assessment (EA) Finding of No Significant Impact (FONSI)

AGENCY: Defense Logistics Agency, Department of Defense.

ACTION: Notice of Availability (NOA) for Temporary Storage of Wheeled Tactical Vehicles (WTV) at Defense Supply Center Richmond, Virginia, Environmental Assessment (EA) Finding of No Significant Impact (FONSI).

SUMMARY: On December 27, 2013, Defense Logistics Agency (DLA) published a NOA in the **Federal Register** (78 FR 78943) announcing the publication of the Temporary Storage of WTVs at Defense Supply Center Richmond, Virginia, EA. The EA was available for a 30-day public comment period which ended January 26, 2014. The EA was prepared as required under the National Environmental Policy Act (NEPA), (1969). In addition, the EA complied with DLA Regulation (DLAR) 1000.22. DLA received a comment from the Virginia Department of Environmental Quality (DEQ). The agency has reviewed the comment and is in accord with many of the DEQ recommendations and will continue to

work with DEQ in successfully managing the temporary storage of the WTVs. This FONSI documents the decision of DLA to temporarily store wheeled tactical vehicles at Defense Supply Center Richmond, Virginia. DLA has determined that the proposed action was not a major federal action significantly affecting the quality of the human environment within the context of NEPA and that no significant impacts on the human environment are associated with this decision.

FOR FURTHER INFORMATION CONTACT: Ann Engelberger at (703) 767-0705 during normal business hours Monday through Friday, from 8:00 a.m. to 4:30 p.m. (EST) or by email: Ann.Engelberger@dla.mil.

SUPPLEMENTARY INFORMATION: The Defense Logistics Agency (DLA) completed an environmental assessment (EA) to address the potential environmental consequences associated with the temporary storage of wheeled tactical vehicles (WTVs) at Defense Supply Center Richmond (DSCR), Virginia. The FONSI incorporates the EA by reference and summarizes the results of the analysis in the EA.

Purpose and Need for Action: The Proposed Action is needed to provide a common location for the temporary storage of fully functional WTVs that are no longer required by the United States military. These WTVs would be staged for sale or for off-site demilitarization. DLA does not currently have a storage site for these surplus wheeled tactical vehicles and needs a storage site that can be ready to accept these vehicles in early 2014. Defense Supply Center Richmond (DSCR), Virginia, has space available for the temporary storage of the vehicles and the space does not require time and material intensive modifications.

Proposed Action and Alternatives: Under the Proposed Action, DLA would store WTVs temporarily at DSCR for up to three years beginning in early 2014. Approximately 600 to 2,500 WTVs would be stored at the installation at any one time. Assuming 100 percent turnover every 1.5 years, a total of 1,200 to 5,000 WTVs would be cycled through the installation over a three-year period. The WTVs would be shipped to the installation from multiple continental United States military installations via flat-bed or low-boy tractor-trailers. Delivery of the WTVs would be spread out to reduce the impact on traffic and would occur during regular work week hours. The tractor-trailers would arrive and depart through the installation's North Gate and access the proposed WTV storage sites via Road "A."

Two sites at the installation would be used to store the WTVs. The Primary Vehicle Storage Site is a 5.3-acre gravel lot located south of Buildings 3 and 4. If the Primary Vehicle Storage Site reaches capacity, additional WTVs could be stored at the Secondary Vehicle Storage Site which is a 21-acre gravel lot located west of Building 54. A maximum of 2,500 vehicles would be stored on the installation at any one time. A chain-link fence would be installed around each proposed WTV storage site and signposts mounted on cinderblocks (or similar) would be placed inside the proposed WTV storage sites to designate storage locations.

The WTVs would be stored in a running state suitable for sale and, as such, would contain batteries and all fluids. Absorbent pads would be placed beneath the WTVs and DLA Disposition Services staff would perform weekly inspections of the WTVs and absorbent pads. Only emergency maintenance necessary to stop leaks or repair inoperable vehicles would be conducted.

The WTVs would be shipped by tractor-trailer from the installation (via Road "A" and the North Gate) as they are sold or sent off-site for demilitarization. WTV parking spaces freed up by departing WTVs would be available for incoming vehicles.

Description of the No Action Alternative: Under the No Action Alternative, DLA would not receive, store and ship WTVs at DSCR. In general, implementation of the No Action Alternative would mean that DLA would not have a common location for these WTVs awaiting sale or demilitarization. The WTVs would stay in their current locations at various military installations which would lead to inefficiencies and difficulties in selling the vehicles. As such, they would not be able to be screened, reconciled or inspected in a timely manner. The No Action Alternative would not meet the purpose of and need for the Proposed Action.

Potential Environmental Impacts: No significant effects on environmental resources would be expected from the Proposed Action. Insignificant, adverse effects on noise, air quality, geological resources, water resources, transportation and hazardous materials and waste would be expected. The adverse effects would be short-term, lasting only for the duration of the Proposed Action. Details of the environmental consequences were discussed in the EA which is hereby incorporated by reference.

Determination: DLA has determined that implementation of the Proposed

Action will not have a significant effect on the human environment. Human environment was interpreted comprehensively to include the natural and physical environment and the relationship of people with that environment. Specifically, no highly uncertain or controversial impacts, unique or unknown risk or cumulatively significant effects were identified. Implementation of the Proposed Action will not violate any federal, state or local laws. Based on the results of the analyses performed during the preparation of the environmental assessment, David Rodriguez, Director, DLA Installation Support, concludes that temporary storage of wheeled tactical vehicles at Defense Supply Center Richmond, Virginia, does not constitute a major federal action significantly affecting the quality of the human environment within the context of NEPA. Therefore, an environmental impact statement for the proposed action is not required.

Dated: March 5, 2014.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Defense Health Board; Notice of Federal Advisory Committee Meeting; Cancellation

AGENCY: Department of Defense (DoD).

ACTION: Notice of Federal Advisory Committee meeting; cancellation.

SUMMARY: On Thursday, February 13, 2014 (79 FR 8683-8684), the Department of Defense published a notice announcing a meeting of the Defense Health Board (DHB), which was scheduled to take place as a webcast on Monday, March 3, 2014. This notice announces the cancellation of the March 3, 2014 meeting. Due to the inclement weather and the government's decision to close Federal offices in the Washington, DC area, the scheduled DHB meeting on March 3, 2014 is cancelled. Due to the closure of Federal offices in the Washington DC area, this notice of meeting cancellation could not be published before the date of the meeting that is now cancelled.

FOR FURTHER INFORMATION CONTACT: Ms. Christine Bader, *Christine.bader@dha.mil*, (703) 681-6653 or Ms. Kendal Brown, *Kendal.Brown.ctr@dha.mil*, (703) 681-6670.

SUPPLEMENTARY INFORMATION:

Meeting Announcement: Due to inclement weather and the government's decision to close Federal offices in the Washington, DC area, the Defense Health Board's designated federal officer was unable to provide public cancellation notification in sufficient time for the previously scheduled Defense Health Board meeting for March 3, 2014, as required by 41 CFR 102-3.150(a). Accordingly, the Advisory Committee Management Officer for the Department of Defense, pursuant to 41 CFR 102-3.150(b), waives the 15-calendar day cancellation notification requirement.

Dated: March 5, 2014.

Aaron Siegel,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Independent Review Panel on Military Medical Construction Standards; Notice of Federal Advisory Committee Meeting; Cancellation

AGENCY: Department of Defense (DoD).

ACTION: Notice of meeting; cancellation.

SUMMARY: On Monday, February 24, 2014 (79 FR 10128-10129), the Department of Defense published a notice announcing a meeting of the Independent Review Panel on Military Medical Construction Standards ("the Panel"), which was scheduled for Monday-Tuesday, March 3-4, 2014. This notice announces the cancellation of the March 3, 2014 meeting. Due to the inclement weather and the government's decision to close Federal offices in the Washington DC area, the scheduled Panel meeting on March 3, 2014 is cancelled. Due to the closure of Federal offices in the Washington DC area, this notice of meeting cancellation could not be published before the date of the meeting that is now cancelled.

FOR FURTHER INFORMATION CONTACT: Ms. Christine Bader, *christine.bader@dha.mil*, (703) 681-6653 or Ms. Kendal Brown, *kendal.brown.ctr@dha.mil*, (703) 681-6670.

SUPPLEMENTARY INFORMATION:

Meeting Announcement: Due to inclement weather and the government's decision to close Federal offices in the Washington DC area, the Independent Review Panel on Military Medical Construction Standards' designated federal officer was unable to
