Title: Federal Strategic Action Plan on
 Services for Victims of Human
 Trafficking: Enhancing the Health Care
 System’s Response to Human
 Trafficking

OMB No.: New Collection

Description:

In 2013, the U.S. Department of
 Health and Human Services co-chaired
 an inter-agency process with the
 Departments of Justice and Homeland
 Security to create the first Federal
 Strategic Action Plan on Services for
 Victims of Human Trafficking in the
 United States. The Plan addresses the
 needs for the implementation of
 coordinated, effective, culturally
 appropriate and trauma informed care
 for victims of human trafficking. The
 purpose of this initiative is to develop
 a pilot training project that will
 strengthen the health systems’ response
 to human trafficking in four key ways

1. Increase knowledge about human
 trafficking among health care providers;
2. Build the capacity of health care
 providers to deliver culturally

appropriate and trauma-informed care
 to victims of human trafficking;

3. Increase the identification of
 victims of human trafficking; and

4. Increase services to survivors of
 human trafficking.

The evaluation will measure
 immediate outcomes, e.g., from pre-
 intervention to post-intervention, as
 well as intermediate outcomes at a 3
 month post intervention.

Respondents:

The target audience for training and
 evaluation will be 200 health care
 providers from hospitals, clinics, and
 private health practices. The health care
 providers will be from federal, state/
 territorial, and local health departments,
 the Veterans’ Administration,
 professional associations, and tribal
 institutions.
