SUPPLEMENTARY INFORMATION:

I. Background

The ETA 902 Report, Disaster Unemployment Assistance Activities, is a monthly report submitted by an impacted state when a major disaster is

declared by the President that provides for individual assistance (including Disaster Unemployment Assistance (DUA)). The report contains data on DUA claims and payment activities associated with administering the DUA program. The information is used by ETA's Office of Unemployment Insurance (OUI) to determine workload counts, for example, the number of individuals determined eligible or ineligible for DUA, the number of appeals filed, and the number of overpayments issued. The report also allows OUI to track states' administrative costs for the DUA program.
