SUPPLEMENTARY INFORMATION: *Title:* Supplemental Nutrition Assistance Program Repayment Demand and Program Disqualification

OMB Number: 0584-0492

Form Number: None

Expiration Date: September 30, 2014
Type of Request: Revision of a currently approved collection.

Abstract: Section 13(b) of the Food and Nutrition Act of 2008, as amended (7 U.S.C. 2022(b)), and Supplemental Nutrition Assistance Program (SNAP) regulations at 7 CFR 273.18(a)(2) require State agencies to initiate collection action against households that have been overissued benefits. To initiate collection action, State agencies must provide an affected household with written notification informing the household of the claim and demanding repayment. This process is automated in most State agencies. Note that for overissuance claims, this information collection only covers the activities associated with initiating collection. The burden associated with reporting collections and other claims management information on form FNS-209 is covered under currently approved OMB number 0584-0069, expiration date 9/30/2015. The burden associated with referring delinquent claims and receiving collections through the Treasury Offset Program is covered under currently approved OMB number 0584-0446, expiration date 4/30/2016.

SNAP regulations at 7 CFR 273.16(a)(1) require State agencies to investigate any case of suspected fraud and, where applicable, make an intentional Program violation (IPV) determination either administratively or judicially. Notifications and activities involved in the IPV process include:

- 7 CFR 273.16(e)(3)—The State agency providing written notification informing an individual suspected of committing an IPV of an impending administrative disqualification hearing or court action;

- 7 CFR 273.16(f)(2) and 273.16(h)(2)—An individual opting to accept the disqualification and waiving the right to an administrative disqualification hearing or court action by signing either a waiver to an administrative disqualification hearing or a disqualification consent agreement in cases of deferred adjudication and returning it to the State agency; and

- 7 CFR 273.16(e)(9)—Once a determination is made regarding an IPV, the State agency sending notification to the affected individual of the action taken on the administrative disqualification hearing or court decision.

SNAP regulations at 7 CFR 273.16(i)(4) require State agencies to use disqualified recipient data to ascertain the correct penalty for IPV, based on prior disqualifications. State agencies determine this by accessing and reviewing records located in the

Electronic Disqualified Recipient System (eDRS). eDRS is an automated system developed by FNS that contains records of disqualifications in every State. State agencies are also responsible for updating the system, as required at 273.16(i)(2)(i), which includes reporting disqualifications in eDRS as they occur and updating eDRS when records are no longer accurate, relevant, or complete.

Summary of Estimated Burden

The burden consists of two major components: the initiation of overissuance collection and actions associated with IPV determinations. The estimated total annual burden for this collection is 207,833 hours (141,506 SA reporting hours + 33,455 SA recordkeeping hours + 32,872 household reporting hours). The net aggregate change to this collection is an increase of 41,487 total burden hours from the currently approved burden of 166,346 hours. The burden hours associated with overissuance collection initiation have increased due to an increase in the amount of claims established in fiscal year (FY) 2012. The burden hours associated with IPV activity have decreased slightly as a result of a decreased number of SNAP households that States initiated IPV activity against in FY 2012.
