

(August 2013 Revised External Review Draft). The EPA SAB Staff Office augmented the SAB CAAC with subject matter experts to provide advice through the chartered SAB regarding this IRIS assessment. The SAB CAAC-Ammonia Review Panel was scheduled to meet on February 18–20, 2014 to conduct a peer review of the draft IRIS assessment of ammonia (79 **Federal Register** 5400–5402). To allow more time for the public to prepare for the meeting, the agency asked the SAB to reschedule its February meeting. Additional information about this advisory activity, including, the formation of the SAB CAAC-Ammonia Review Panel, can be found at the following URL: http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr_activites/IRIS%20Ammonia?OpenDocument.

A meeting agenda and other meeting materials will be posted at the above noted URL prior to the meeting.

Technical Contacts: Any technical questions concerning EPA's draft IRIS assessment of ammonia should be directed to Dr. Samantha Jones by telephone at 703–347–8580 or by email at jones.samantha@epa.gov.

Availability of Meeting Materials: Prior to the meeting, the review documents, agenda and other materials will be accessible through the calendar link on the blue navigation bar at <http://www.epa.gov/sab/>. Materials may also be accessed at the following SAB Web page http://yosemite.epa.gov/sab/sabproduct.nsf/fedrgstr_activites/IRIS%20Ammonia?OpenDocument.

Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees and panels has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees and panels, including scientific advisory committees, provide independent advice to the EPA.

Interested members of the public may submit relevant information on the topic of this advisory activity, and/or the group conducting the activity, for the SAB to consider during the advisory process. Input from the public to the SAB will have the most impact if it provides specific scientific or technical information or analysis for SAB committees and panels to consider or if it relates to the clarity or accuracy of the technical information. Members of the public wishing to provide comment should contact the DFO directly. **Oral Statements:** In general, individuals or groups requesting an oral presentation

on the teleconference will be limited to three minutes and oral presentations at the face-to-face meeting will be limited to five minutes. Interested parties wishing to provide comments should contact Dr. Sue Shallal, DFO, in writing (preferably via email) at the contact information noted above by May 27, 2014 to be placed on the list of public speakers for the teleconference and by July 7, 2014 to be placed on the list of public speakers for the face-to-face meeting.

Written Statements: Written statements will be accepted throughout the advisory process; however, for timely consideration by Committee/Panel members, statements should be supplied to the DFO via email at the contact information noted above at least one week prior to a public meeting. Written statements should be supplied in one of the following electronic formats: Adobe Acrobat PDF, MS Word, MS PowerPoint, or Rich Text files in IBM-PC/Windows 98/2000/XP format. It is the SAB Staff Office general policy to post written comments on the Web page for the advisory meeting or teleconference. Submitters are requested to provide an unsigned version of each document because the SAB Staff Office does not publish documents with signatures on its Web sites. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the SAB Web site. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities, please contact Dr. Sue Shallal at (202) 564–2057 or shallal.suhair@epa.gov. To request accommodation of a disability, please contact Dr. Shallal preferably at least ten days prior to the meeting to give EPA as much time as possible to process your request.
