

ASIAS data. The IAT submits de-identified study results to the AEB, and the AEB determines how best to disseminate the results to the appropriate stakeholders, including the GA JSC.

ASIAS for General Aviation

The GA JSC is reaching out to the GA community directly and through several GA associations to educate pilots and other stakeholders on the benefits of sharing collected safety data with ASIAS in a protected non-punitive manner, in a manner similar to programs for commercial aviation. In addition, the GA JSC continues its work to maximize safety in GA operations. For example, to date, it has proposed 26 safety interventions to address loss of control. However, analysis shows that more comprehensive data sources from the GA community resulting from a GA ASIAS data sharing program would improve understanding of contributing factors to safety risks in the system.

Early in 2014, the steering committee will embark on a demonstration to evaluate the value and benefits of ASIAS for the broader GA community. One of the purposes of the demonstration will be to allow the GA JSC to gain a better understanding of safety risks and emerging threats for the GA community. The project will explore potential new information sources such as General Aviation flight data (recorded through avionics suites, data recorders and new common technologies such as iOS and Android devices), voluntary safety reports, and manufacturer reports.

ASIAS for GA Demonstration Project

The Administrator announced the GA ASIAS Demonstration Project at the General Aviation Summit at FAA Headquarters on January 27, 2014. The purpose of this demonstration project is to test the technical ability to bring GA data into ASIAS. This project will also demonstrate the value of ASIAS to the GA pilot community and industry (associations, manufacturers, instructors, type clubs, etc.).

To fully demonstrate the ASIAS capabilities for GA, ASIAS needs to collect safety information from voluntary safety reporting systems (digital flight data from Flight Operations Quality Assurance (FOQA)/ Flight Data Monitoring (FDM) programs, pilot and other safety reports, etc.).

As part of the GA ASIAS Demonstration Project, pilots who voluntarily submit their flight data will do so through the National General Aviation Flight Information Database (NGAFID) which is maintained by the University of North Dakota. Pilots who

submit their data will be able to review information for their own flights through the NGAFID; however, a pilot may not access another pilot's data. Additionally, the FAA will not have access to this data while it contains information identifying a pilot.

De-identified data will be regularly transferred to ASIAS. In this de-identified state, the data cannot be linked to the specific pilot, aircraft, or flight. This de-identified data is then aggregated and used by the ASIAS community for safety purposes only.

For the period of this project, data will be collected voluntarily from the GA community in the area surrounding Phoenix, Arizona. Volunteers who are based within a 40 nautical mile ring surrounding KPHX will be sought to participate in the demonstration project. Additional information can also be found at www.GAJSC.org.

Enforcement Policy

The ASIAS for GA Demonstration Project is an important safety initiative and the FAA supports and encourages wide participation. This document is issued in order to alleviate any concerns that any voluntarily submitted data may be used for enforcement purposes. The FAA recognizes that it is important to promote the voluntary submittal of data during the demonstration project. Therefore, none of the data that is being collected during this demonstration project will be accessed or otherwise used for any enforcement activities.

Should an accident or incident occur involving a participant or non-participant in the demonstration project, standard FAA policy for accident or incident investigation will apply. Any data collected will derive solely from routine investigation procedures. No data that is voluntarily submitted in connection with the demonstration project will be accessed for an accident or incident investigation.

The ASIAS for GA Demonstration Project will be in effect for one year beginning on the date of publication of this notice.

Dated: Issued in Washington, DC on March 21, 2014.

Michael G. Whitaker,

Deputy Administrator.

Federal Highway Administration

Notice of Final Federal Agency Actions on Proposed Highways in Texas

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice of limitation on claims for judicial review of actions by FHWA and other Federal agencies.

SUMMARY: This notice announces actions taken by the FHWA and other Federal agencies that are final within the meaning of 23 U.S.C. 139(l)(1). The actions relate to a proposed highway project, State Highway (SH) 360 from East Sublett Road/West Camp Wisdom Road to U.S. Highway 287 in the counties of Tarrant, Ellis, and Johnson in the State of Texas. Those actions grant licenses, permits, and approvals for the projects.

DATES: By this notice, the FHWA is advising the public of final agency actions subject to 23 U.S.C. 139(l)(1). A claim seeking judicial review of the Federal agency actions on the highway project will be barred unless the claim is filed on or before August 25, 2014. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: Salvador Deocampo, District Engineer, Texas Division, Federal Highway Administration, 300 E. 8th Street, Federal Building Room 826, Austin, Texas 78701, 8:00 a.m. to 5:00 p.m. Monday through Friday, 512-536-5950, salvador.deocampo@dot.gov. Mr. Carlos Swonke, Director Environmental Affairs Division, Texas Department of Transportation, 118 E. Riverside, Austin, Texas 78704; 512-416-2734; email: carlos.swonke@txdot.gov. Texas Department of Transportation normal business hours are 8:00 a.m. to 5:00 p.m. (central time) Monday through Friday.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the FHWA and other Federal agencies have taken final agency actions by issuing licenses, permits, and approvals for the highway project in the State of Texas: State Highway (SH) 360 from East Sublett Road/West Camp Wisdom Road to U.S. Highway 287 in Tarrant, Ellis, and Johnson Counties. Project Reference Number: TxDOT CSJ: 2266-02-136. Project Type: The project will transition from the existing 4-lane (two mainlanes in each direction) roadway to an 8-lane (four mainlanes in each direction) divided tollway from 1,310 feet north of E. Sublett Road/W.

Camp Wisdom Road to Debbie Lane/Ragland Road and then to a 6-lane (three mainlanes in each direction) divided tollway from Debbie Lane/Ragland Road to US 287. The project would also include improvements at the SH 360/US 287 interchange. Although the proposed project would be constructed primarily within the existing right of way (ROW), a total of approximately 6.0 acres of proposed ROW are needed to transition cross streets from the existing roadway width to the ultimate width at the SH 360 frontage roads. Project Length: Approximately nine and two tenths (9.2) miles. General Purpose: The purpose of the proposed project is to add mainlanes to the existing frontage road system in order to provide effective transportation while enhancing mobility within the rapidly developing SH 360 corridor for the growing population in southern Tarrant, northwest Ellis, and northeast Johnson counties. The actions by the Federal agencies on the project, and the laws under which such actions were taken, are described in the documented environmental assessment (EAs), issued in connection with the project and Finding Of No Significant Impact (FONSI) document obtained on January 16, 2014; and in other documents in the FHWA project record for the project. The EA, FONSI and other documents from the FHWA project record files for the listed project is available by contacting the FHWA or TxDOT at the addresses provided above and can be viewed and downloaded from the following Web site: <http://www.txdot.gov/inside-txdot/projects/studies/fort-worth/sh-360.html>.

Qualification of Drivers; Exemption Applications; Vision

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of renewal of exemptions; request for comments.

SUMMARY: FMCSA announces its decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 19 individuals. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. The Agency has concluded that granting these exemption renewals will provide a level of safety that is equivalent to or greater than the level of safety maintained without the exemptions for these commercial motor vehicle (CMV) drivers.

DATES: This decision is effective April 23, 2014. Comments must be received on or before March 28, 2014.

ADDRESSES: You may submit comments bearing the Federal Docket Management System (FDMS) numbers: Docket No. [Docket No. FMCSA–1999–6480; FMCSA–2001–11426; FMCSA–2003–16241; FMCSA–2003–16564; FMCSA–2005–22194; FMCSA–2007–0017; FMCSA–2007–0071; FMCSA–2007–28695; FMCSA–2009–0291; FMCSA–2009–0321; FMCSA–2011–0189; FMCSA–2011–0324], using any of the following methods:
