

Camp Wisdom Road to Debbie Lane/Ragland Road and then to a 6-lane (three mainlanes in each direction) divided tollway from Debbie Lane/Ragland Road to US 287. The project would also include improvements at the SH 360/US 287 interchange. Although the proposed project would be constructed primarily within the existing right of way (ROW), a total of approximately 6.0 acres of proposed ROW are needed to transition cross streets from the existing roadway width to the ultimate width at the SH 360 frontage roads. Project Length: Approximately nine and two tenths (9.2) miles. General Purpose: The purpose of the proposed project is to add mainlanes to the existing frontage road system in order to provide effective transportation while enhancing mobility within the rapidly developing SH 360 corridor for the growing population in southern Tarrant, northwest Ellis, and northeast Johnson counties. The actions by the Federal agencies on the project, and the laws under which such actions were taken, are described in the documented environmental assessment (EAs), issued in connection with the project and Finding Of No Significant Impact (FONSI) document obtained on January 16, 2014; and in other documents in the FHWA project record for the project. The EA, FONSI and other documents from the FHWA project record files for the listed project is available by contacting the FHWA or TxDOT at the addresses provided above and can be viewed and downloaded from the following Web site: <http://www.txdot.gov/inside-tdot/projects/studies/fort-worth/sh-360.html>.

Office hours are from 8:30 a.m. to 5 p.m., Monday through Friday, except Federal holidays.

**SUPPLEMENTARY INFORMATION:**

**Background**

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption." The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

**Exemption Decision**

This notice addresses 19 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 19 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Lyle H. Banser (WI)  
Eric D. Bennett (NH)  
Lloyd J. Botsford (MO)  
Cary Carn (NJ)  
Charley J. Davis (OK)  
Derek T. Ford (MD)  
Taras G. Hamilton (TX)  
Thomas R. Hedden (IL)  
Laurent G. Jacques (MA)  
Lucio Leal (NE)  
Earl R. Mark (IL)  
Richard K. Mell (VA)  
Douglas A. Mendoza (MD)  
Michael R. Moore (MD)

Russell L. Moyers, Sr. (WV)  
Danny Rolfe (ME)  
Donald Schaeffer (MO)  
Michael Watters, Sr. (PA)  
Jeffrey T. Zuniga (CT)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

**Basis for Renewing Exemptions**

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 19 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (64 FR 68195; 65 FR 20251; 67 FR 10471; 67 FR 17102; 67 FR 19798; 68 FR 61857; 68 FR 74699; 68 FR 75715; 69 FR 10503; 69 FR 17267; 69 FR 19611; 70 FR 57353; 70 FR 72689; 71 FR 6825; 71 FR 6829; 71 FR 16410; 71 FR 19604; 72 FR 46261; 72 FR 54972; 72 FR 67340; 72 FR 71993; 73 FR 1395; 73 FR 6242; 73 FR 8392; 73 FR 15254; 73 FR 16950; 74 FR 57553; 74 FR 65842; 75 FR 1835; 75 FR 9478; 75 FR 9482; 75 FR 13653; 75 FR 20881; 76 FR 55465; 76 FR 67246; 77 FR 7234; 77 FR 7657; 77 FR 10604; 77 FR 13689; 77 FR 17115; 77 FR 22059). Each of these 19 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49

CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements.

These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

**Request for Comments**

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by April 28, 2014.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 19 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was made on the merits of each case and made only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.
