SUPPLEMENTARY INFORMATION: OMB regulations at 5 CFR part 1320, which implement provisions of the Paperwork Reduction Act, 44 U.S.C. 3501–3521, require that interested members of the public and affected agencies be given an opportunity to comment on information collection and recordkeeping activities (see 5 CFR 1320.8 (d) and 1320.12(a)). This notice identifies an information collection that the BLM will be submitting to the OMB for approval. The Paperwork Reduction Act provides that an agency may not conduct or sponsor a collection of information unless it displays a valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

The BLM will request a 3-year term of approval for this information collection activity. Comments are invited on: (1) The need for the collection of information for the performance of the functions of the agency; (2) The accuracy of the agency’s burden estimates; (3) Ways to enhance the quality, utility and clarity of the information collection; and (4) Ways to minimize the information collection burden on respondents, such as use of automated means of collection of the information. A summary of the public comments will accompany our submission of the information collection requests to the OMB.

Before including your address, telephone number, email address, or other personal identifying information in your comments, be advised that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask in your comment to withhold from public review your personal identifying information, we cannot guarantee that we will be able to do so.

The following information is provided for the information collection:

Notice of Availability of Draft Director’s Order #46 Concerning National Park Service Policies and Procedures Governing Its Wild and Scenic Rivers Program

AGENCY: National Park Service, Interior.

ACTION: Notice of availability and request for comments.

SUMMARY: The National Park Service (NPS) has prepared a Director’s Order setting forth its policies and procedures governing its Wild and Scenic Rivers (WSRs) program. When adopted, the policies and procedures will apply to all National Wild and Scenic River System responsibilities, including: (1) Designated WSRs that are part of the national park system, partnership WSRs, and rivers in NPS units with protective language similar to that of the Wild and Scenic Rivers Act in their enabling legislation; and (2) section 7 (16 U.S.C. 1278) responsibilities for State-administered components of the National Wild and Scenic Rivers System. This order also advises on responsibilities related to WSR planning studies and the Nationwide Rivers Inventory. It supersedes and replaces the policies and procedures previously issued.

DATES: Written comments will be accepted until May 16, 2014.

ADDRESSES: Draft Director’s Order #46: Wild and Scenic Rivers, is available online at: www.nps.gov/policy/Draft_DO46_2014.htm. Requests for written copies of, and submission of written comments on, Draft Director’s Order #46 should be sent to Joan Harn, NPS Wild and Scenic Rivers Program Co-Lead, 1201 Eye St., NW., 2240, Washington, DC 20005, or via email: joan_harn@nps.gov.

FOR FURTHER INFORMATION CONTACT: Joan Harn, River Programs Manager, at (202) 354–6929 or via email at joan_harn@nps.gov.

SUPPLEMENTARY INFORMATION: The NPS is updating its current system of internal written instructions. When these documents contain new policy or procedural requirements that may affect parties outside the NPS, they are first
made available for public review and comment before being adopted. Director’s Order #46 and a reference manual (subsequent to the Director’s Order) will be issued. The draft Director’s Order covers topics such as review of federally assisted water resources projects (i.e., section 7 of the Wild and Scenic Rivers Act); management responsibilities; planning and studies; technical support; agreements; and signage.

Public Availability of Comments: Please note that the comments submitted in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: March 25, 2014.
Richard Weideman,
Assistant Director, Partnerships and Civic Engagement, National Park Service.

SUPPLEMENTARY INFORMATION:
Background.—On May 29, 2009, the Department of Commerce issued a countervailing duty order on citric acid and certain citrate salts from China and antidumping duty orders on citric acid and certain citrate salts from Canada and China (74 FR 25703–25706). The Commission is conducting reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full or expedited reviews. The Commission’s determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to these reviews:
(1) Subject Merchandise is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.
(2) The Subject Countries in these reviews are Canada and China.
(3) The Domestic Like Product is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determinations, the Commission defined one Domestic Like Product consisting of citric acid (whether in crude form as crude calcium citrate or in finished form), sodium citrate, and potassium citrate in all chemical and physical forms and grades.
(4) The Domestic Industry is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the Domestic Industry as consisting of all domestic producers of citric acid and citrate salts (i.e., ADM, Cargill, and Tate & Lyle).
(5) The Order Date is the date that the antidumping and countervailing duty orders under review became effective. In these reviews, the Order Date is May 29, 2009.
(6) An Importer is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the Subject Merchandise into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the Subject Merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission’s rules, no later than 21 days after publication of this notice in the Federal Register. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission’s designated agency ethics official has advised that a five-year review is not the
