Foreign-Trade Zones Board

[B-31-2014]

Foreign-Trade Zone (FTZ) 119—Minneapolis, Minnesota; Notification of Proposed Production Activity; The Coleman Company, Inc. (Textile-Based Personal Flotation Devices); Sauk Rapids, Minnesota

The Coleman Company, Inc. (Coleman), operator of FTZ 119, submitted a notification of proposed production activity for its facility located in Sauk Rapids, Minnesota. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on March 13, 2014.

The Coleman facility is located at 1100 Stearns Drive, Sauk Rapids, Minnesota. A separate application for subzone designation at the Coleman facility has been submitted and will be processed under Section 400.25 of the FTZ Board's regulations. The facility is used for the production of personal flotation devices and cushions constructed with textile fabrics. Pursuant to 15 CFR 400.14(b) of the regulations, FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Coleman from customs duty payments on foreign status components used in export production. On its domestic sales, Coleman would be able to choose the duty rates during customs entry procedures that apply to personal flotation devices (4.5%, 7.0%) and flotation cushions (6.0%) for the foreign status inputs noted below. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The components and materials sourced from abroad include: Plastic buckles; carrying bags of plastic and textile materials; woven nylon fabrics; woven polyester fabrics; woven fabrics of synthetic yarns; knit fabrics of elastomeric yarns; neoprene fabrics; webbing of man-made fibers; and, polyvinyl chloride foam (duty rate ranges from 5.3% to 20%).
