SUPPLEMENTARY INFORMATION:

A. Purpose

United States laws impose duties on foreign supplies imported into the customs territory of the United States. Certain exemptions from these duties are available to Government agencies. These exemptions are used whenever the anticipated savings outweigh the administrative costs associated with processing required documentation. When a Government contractor purchases foreign supplies, it must notify the contracting officer to determine whether the supplies should be duty-free. In addition, all shipping documents and containers must specify certain information to assure the duty-free entry of the supplies.

The clause at FAR 52.225-8, Duty-Free Entry, is included in solicitations and contracts for supplies that may be imported into the United States and for which duty-free entry may be obtained in accordance with FAR 25.903(a), if the value of the acquisition (1) exceeds the simplified acquisition threshold; or (2) does not exceed the simplified acquisition threshold, but the savings from waiving the duty is anticipated to be more than the administrative cost of waiving the duty. The contracting officer analyzes the information submitted by the contractor to determine whether or not supplies should enter the country duty-free. The information, the contracting officer's determination, and the U.S. Customs forms are placed in the contract file.

SUPPLEMENTARY INFORMATION:

A. Purpose

The Helium Act (Pub. L. 86–777) (50 U.S.C. 167a, *et seq.*) and the Department of the Interior’s implementing regulations (30 CFR parts 601 and 602) require Federal agencies to procure all major helium requirements from the Bureau of Land Management, Department of the Interior.

FAR 8.5, Acquisition of Helium, and the clause 52.208–8 Required Sources for Helium and Helium Usage Data, requires that the Contractor provide to the Contracting Officer the following data within 10 days after the Contractor or subcontractor receives a delivery of helium from a Federal helium supplier; (i) The name of the supplier; (ii) The amount of helium purchased; (iii) The delivery date(s); and (iv) the location where the helium was used. Such information will facilitate enforcement of the requirements of the Helium Act and the contractual provisions requiring the use of Government helium by agency contractors.

The information is used in administration of certain Federal

contracts to ensure contractor compliance with contract clauses. Without the information, the required use of Government helium cannot be monitored and enforced effectively.

The FAR requires that the contractor provide helium purchase information 10 days after delivery from a federal helium supplier, not for the contractor to forecast what they are going to purchase. In consultation with subject matter experts at the Department of the Interior, Bureau of Land Management, Helium Operations, the number of responses per year was verified as being within an acceptable range, as was the average time required to read and prepare information which was estimated at 1 hour per response. No changes to the FAR are necessary.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

[Document Identifier HHS–OS–0990–New–60D]

Agency Information Collection Activities; Proposed Collection; Public Comment Request

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health and Human Services, announces plans to submit a new Information Collection Request (ICR), described below, to the Office of Management and Budget (OMB). Prior to submitting that ICR to OMB, OS seeks comments from the public regarding the burden estimate, below, or any other aspect of the ICR.

DATES: Comments on the ICR must be received on or before June 2, 2014.

ADDRESSES: Submit your comments to Information.CollectionClearance@hhs.gov or by calling (202) 690–6162.

FOR FURTHER INFORMATION CONTACT: Information Collection Clearance staff, Information.CollectionClearance@hhs.gov or (202) 690–6162.

SUPPLEMENTARY INFORMATION: When submitting comments or requesting information, please include the document identifier HHS–OS–Office of the National Coordinator for Health IT: Office of Consumer eHealth OS–0990–New for reference.

Information Collection Request Title: The Blue Button Connector.

Abstract: The Blue Button Connector is a Web site that helps consumers and patients find their own health information online from the entities that collect their information (ie hospitals, physicians, labs, immunization registries, state health information exchanges etc). The Connector also helps developers build tools that respond to the readiness of the market. It also will provide links to apps and tools for consumers that use structured electronic health data.

Need and Proposed Use of the Information: The site’s value will only increase if more healthcare organizations have the ability to list themselves on the Connector as an organization that is providing health data back to patients, a patient’s designee or caregivers. For this reason, it is important to enable the capability for organizations to sign up to be listed on the Connector and update their
