

continuing the success of these programs. The current Alliant GWACs for Information Technology services are among GSA's most successful acquisition programs for the federal government with 50 federal agencies doing more than \$20 billion in business volume since their inception in 2009. GSA Alliant and Alliant Small Business GWACs are used for complex IT requirements involving data center consolidation, systems integration, cloud computing, cyber security, help desk support, and other IT disciplines.

The Alliant II and Alliant Small Business II Interact communities will serve as the one-stop-shop for updates and information regarding the next-generation Alliant GWACs. The scope of the Alliant GWACs is built on the foundation of Federal Enterprise Architecture allowing for in-scope acquisition of new and emerging technologies. The GSA GWAC Program is widely acclaimed for superior customer service, scope reviews, and acquisition support.

#### SUPPLEMENTARY INFORMATION:

##### Proposed Project

##### *Taking Efficiency Interventions in Health Services Delivery to Scale*

The primary care workforce is facing imminent clinician shortages and increased demand. With the implementation of the Affordable Care Act (ACA), Federally Qualified Health Centers (FQHCs) are expected to play a major role in addressing the large numbers of people who become eligible for health insurance as well as continue in their role as safety net providers. Thus, understanding new models of service delivery and improving efficiency within FQHCs is of national policy import. The proposed data collection supports this goal through studying outcomes associated with a "delegate model," which is designed to improve provider and team efficiency, and the spread of this model throughout a large FQHC.

Recent models of practice transformation have documented the
