SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-71854; File No. SR-ISEGemini-2014-11]

Self-Regulatory Organizations; ISE Gemini Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Permit Market Makers To Enter Opening Only Orders in Appointed Options Classes

April 3, 2014.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that, on March 26, 2014, ISE Gemini, LLC (the "Exchange" or "ISE Gemini") filed with the Securities and Exchange Commission the proposed rule change, as described in Items I and II below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

ISE Gemini is proposing to amend Rule 805(a) to permit market makers to enter Opening Only Orders in the options classes to which they are appointed. The text of the proposed rule change is available on the Exchange's Internet Web site at <http://www.ise.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed

any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On February 25, 2014 ISE Gemini's sister exchange, the International Securities Exchange, LLC ("ISE"), filed an immediately effective rule change to permit market makers on that exchange to enter Opening Only Orders in the options classes to which they are appointed.³ That ISE filing restored functionality that was previously available to ISE market makers through the use of immediate-or-cancel ("IOC") orders prior to the introduction of the ISE's T7 trading system, which introduced Opening Only Orders on that exchange, and limited IOC orders to intraday.⁴ As was previously the case on the ISE, market makers on ISE Gemini are not presently permitted to submit Opening Only Orders in the options classes to which they are appointed.⁵ The Exchange therefore proposes to amend Rule 805(a), which is based on the ISE rule amended by the filing referenced above, to similarly permit ISE Gemini market makers to enter Opening Only Orders in their appointed options classes.⁶ The proposed rule change is meant to conform the rules of ISE Gemini to the rules of other options exchanges, including the ISE, where market makers presently have the ability to enter Opening Only Orders in their appointed classes.⁷

³ See Securities Exchange Act Release No. 71685 (March 11, 2014), 79 FR 14774 (March 17, 2014) (SR-ISE-2014-11).

⁴ Prior to the launch of the ISE's T7 trading system, ISE market makers could submit IOC orders at any time prior to the opening of trading, which, like Opening Only Orders, would execute during the opening rotation, with any unexecuted portion being cancelled.

⁵ Market makers are currently permitted to submit the following order types in their appointed options classes: IOC orders, market orders, fill-or-kill orders, and certain block orders and non-displayed penny orders. See ISE Gemini Rule 805(a).

⁶ An "Opening Only Order" is a limit order that can be entered for the opening rotation only. Any portion of the order that is not executed during the opening rotation is cancelled.

⁷ See supra note 3. As another example, market makers on the MIAX Options Exchange ("MIAX") similarly have the ability to enter "opening only" orders in their appointed classes. See MIAX Rule 605(a).

¹² 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Securities Exchange Act of 1934 (the "Act"),⁸ in general, and with Section 6(b)(5) of the Act,⁹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that allowing market makers to use Opening Only Orders will give those members greater flexibility to update prices during the opening rotation. Specifically, market makers have requested that they be permitted to use Opening Only Orders so that they may use this order type to update their prices in single series during the opening process more efficiently, and thereby more readily, than relying on quoting systems that are designed to update prices across multiple series. As explained above, "opening only" orders types are available to market makers on other exchanges, including ISE Gemini's sister exchange. Moreover, because any portion of an Opening Only Order that is not executed during the opening rotation is cancelled, this proposed rule change is generally consistent with Rule 805(a), which was intended to prevent market makers from having both standing limit orders and quotes in the same options class.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,¹⁰ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the Exchange believes that the proposed rule change is pro-competitive as it permits market makers to use functionality already available to other ISE Gemini members, and to market makers on other exchanges, who are currently able to submit Opening Only Orders or other similar order types.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The

Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act¹¹ and Rule 19b-4(f)(6) thereunder.¹²

A proposed rule change filed under Rule 19b-4(f)(6)¹³ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹⁴ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange stated that the proposal will allow market makers, during the opening process, to use an order type that more efficiently update their prices. The Exchange also stated that Opening Only Orders are presently available to other ISE Gemini members and to market makers on competing options exchanges. The Commission believes that the proposed rule change presents no novel issues. Moreover, the Commission believes that the proposed rule change is consistent with the protection of investors and the public interest, because it allows the market makers to more efficiently, and thereby more readily, display updated prices to the public. Therefore, the Commission waives the 30-day operative delay requirement and designates the proposed rule change to be operative upon filing.¹⁵

¹¹ 15 U.S.C. 78s(b)(3)(A).

¹² 17 CFR 240.19b-4(f)(6). As required under Rule 19b-4(f)(6)(iii), the Exchange provided the Commission with written notice of its intent to file the proposed rule change, along with a brief description and the text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

¹³ 17 CFR 240.19b-4(f)(6).

¹⁴ 17 CFR 240.19b-4(f)(6)(iii).

¹⁵ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-71851; File No. 4-631]

Joint Industry Plan; Order Approving the Seventh Amendment to the National Market System Plan To Address Extraordinary Market Volatility by BATS Exchange, Inc., BATS Y-Exchange, Inc., Chicago Board Options Exchange, Incorporated, Chicago Stock Exchange, Inc., EDGA Exchange, Inc., EDGX Exchange, Inc., Financial Industry Regulatory Authority, Inc., NASDAQ OMX BX, Inc., NASDAQ OMX PHLX LLC, The Nasdaq Stock Market LLC, National Stock Exchange, Inc., New York Stock Exchange LLC, NYSE MKT LLC, and NYSE Arca, Inc.

April 3, 2014.

I. Introduction

On February 24, 2014, NYSE Euronext, on behalf of New York Stock Exchange LLC ("NYSE"), NYSE MKT LLC ("NYSE MKT"), and NYSE Arca, Inc. ("NYSE Arca"), and the following parties to the National Market System Plan: BATS Exchange, Inc., BATS Y-Exchange, Inc., Chicago Board Options Exchange, Incorporated, Chicago Stock Exchange, Inc., EDGA Exchange, Inc., EDGX Exchange, Inc., Financial Industry Regulatory Authority, Inc., NASDAQ OMX BX, Inc., NASDAQ OMX PHLX LLC, the Nasdaq Stock Market LLC, and National Stock Exchange, Inc. (collectively with NYSE, NYSE MKT, and NYSE Arca, the "Participants"), filed with the Securities and Exchange Commission ("Commission") pursuant to Section 11A of the Securities Exchange Act of 1934 ("Act")¹ and Rule 608 thereunder,² a proposal to amend the Plan to Address Extraordinary Market

Volatility ("Plan").³ The proposal represents the seventh amendment to the Plan ("Seventh Amendment"), and reflects changes unanimously approved by the Participants. The Seventh Amendment to the Plan: (i) Extends the pilot period of the Plan to February 20, 2015; and (ii) makes conforming changes to Appendix B of the Plan regarding when the Participants are required to submit specified summary data to the Commission. The Seventh Amendment was published for comment in the **Federal Register** on March 11, 2014.⁴ The Commission received no comment letters in response to the Notice. This order approves the Seventh Amendment to the Plan.

II. Description of the Proposal

A. Purpose of the Plan

The Participants filed the Plan in order to create a market-wide limit up-limit down mechanism that is intended to address extraordinary market volatility in "NMS Stocks," as defined in Rule 600(b)(47) of Regulation NMS under the Act.⁵ The Plan sets forth procedures that provide for market-wide limit up-limit down requirements that would be designed to prevent trades in individual NMS Stocks from occurring outside of the specified price bands.⁶ These limit up-limit down requirements would be coupled with Trading Pauses, as defined in Section I(Y) of the Plan, to accommodate more fundamental price moves (as opposed to erroneous trades or momentary gaps in liquidity).

As set forth in Section V of the Plan, the price bands would consist of a Lower Price Band and an Upper Price Band for each NMS Stock.⁷ The price bands would be calculated by the Securities Information Processors ("SIPs" or "Processors") responsible for consolidation of information for an NMS Stock pursuant to Rule 603(b) of Regulation NMS under the Act.⁸ Those price bands would be based on a Reference Price⁹ for each NMS Stock that equals the arithmetic mean price of Eligible Reported Transactions for the NMS Stock over the immediately preceding five-minute period. The price

bands for an NMS Stock would be calculated by applying the Percentage Parameter for such NMS Stock to the Reference Price, with the Lower Price Band being a Percentage Parameter¹⁰ below the Reference Price, and the Upper Price Band being a Percentage Parameter above the Reference Price. Between 9:30 a.m. and 9:45 a.m. ET and 3:35 p.m. and 4:00 p.m. ET, the price bands would be calculated by applying double the Percentage Parameters as set forth in Appendix A of the Plan.

The Processors would also calculate a Pro-Forma Reference Price for each NMS Stock on a continuous basis during Regular Trading Hours. If a Pro-Forma Reference Price did not move by one percent or more from the Reference Price in effect, no new price bands would be disseminated, and the current Reference Price would remain the effective Reference Price. If the Pro-Forma Reference Price moved by one percent or more from the Reference Price in effect, the Pro-Forma Reference Price would become the Reference Price, and the Processors would disseminate new price bands based on the new Reference Price. Each new Reference Price would remain in effect for at least 30 seconds.

When one side of the market for an individual security is outside the applicable price band, the Processors would be required to disseminate such National Best Bid¹¹ or National Best Offer¹² with an appropriate flag identifying it as non-executable. When the other side of the market reaches the applicable price band, the market for an individual security would enter a Limit State,¹³ and the Processors would be

¹⁰ As initially proposed by the Participants, the Percentage Parameters for Tier 1 NMS Stocks (i.e., stocks in the S&P 500 Index or Russell 1000 Index and certain ETPs) with a Reference Price of \$1.00 or more would be five percent and less than \$1.00 would be the lesser of (a) \$0.15 or (b) 75 percent. The Percentage Parameters for Tier 2 NMS Stocks (i.e., all NMS Stocks other than those in Tier 1) with a Reference Price of \$1.00 or more would be 10 percent and less than \$1.00 would be the lesser of (a) \$0.15 or (b) 75 percent. The Percentage Parameters for a Tier 2 NMS Stock that is a leveraged ETP would be the applicable Percentage Parameter set forth above multiplied by the leverage ratio of such product. On May 24, 2012, the Participants amended the Plan to create a 20% price band for Tier 1 and Tier 2 stocks with a Reference Price of \$0.75 or more and up to and including \$3.00. The Percentage Parameter for stocks with a Reference Price below \$0.75 would be the lesser of (a) \$0.15 or (b) 75 percent. See Letter from Janet M. McGinness, Senior Vice President, Legal and Corporate Secretary, NYSE Euronext, to Elizabeth M. Murphy, Secretary, Commission, dated May 24, 2012.
