

No Takings Implications

The Agency has analyzed these final directives in accordance with the principles and criteria contained in E.O. 12630 and has determined that these final directives will not pose the risk of a taking of private property.

Civil Justice Reform

The Agency has reviewed these final directives under E.O. 12988 on civil justice reform. Upon adoption of these final directives, (1) all State and local laws and regulations that conflict with these final directives or that will impede their full implementation will be preempted; (2) no retroactive effect will be given to these final directives; and (3) they will not require administrative proceedings before parties may file suit in court challenging their provisions.

Federalism and Consultation and Coordination With Indian Tribal Governments

The Agency has considered these final directives under the requirements of E.O. 13132 on federalism and has concluded that these final directives conform with the federalism principles set out in this E.O.; will not impose any compliance costs on the States; and will not have substantial direct effects on the States, the relationship between the Federal Government and the States, or the distribution of power and responsibilities among the various levels of government. Therefore, the Agency has determined that no further assessment of federalism implications is necessary at this time.

Moreover, these final directives do not have tribal implications as defined by E.O. 13175, entitled "Consultation and Coordination With Indian Tribal Governments," and therefore advance consultation with Tribes is not required.

Energy Effects

The Agency has reviewed these final directives under E.O. 13211, entitled "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use." The Agency has determined that these final directives do not constitute a significant energy action as defined in the E.O.

Unfunded Mandates

Pursuant to Title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538), the Agency has assessed the effects of these final directives on State, local, and Tribal governments and the private sector. These final directives will not compel the expenditure of \$100 million or more by any State, local, or Tribal government or anyone in the private sector. Therefore, a statement

under section 202 of the act is not required.

Controlling Paperwork Burdens on the Public

These final directives do not contain any new record-keeping or reporting requirements or other information collection requirements as defined in 5 CFR part 1320 that are not already required by law or not already approved for use. Any information collected from the public that will be required by these final directives has been approved by the Office of Management and Budget and assigned control number 0596–0082. Accordingly, the review provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) and its implementing regulations at 5 CFR part 1320 do not apply.
