SUPPLEMENTARY INFORMATION:

Background: Executive Order 12862 "Setting Customer Service Standards," direct Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector (58 FR 48257, Sept. 11, 1993). In order to work continuously to ensure that our programs are effective and meet our customers' needs, FMCSA seeks to obtain OMB approval of a

generic clearance to collect qualitative feedback from our customers on our service delivery. The surveys covered in this generic clearance will provide a means for FMCSA to collect this data directly from our customers. The information collected from our customers and stakeholders will help ensure that users have an effective, efficient, and satisfying experience with FMCSA's programs. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. It will also allow feedback to contribute directly to the improvement of program management. The responses to the surveys will be voluntary and will not involve information that is required by regulations.

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

OMB Control Number: 2126-0049.

Type of Request: Revision of a currently-approved information collection.

Respondents: State and local agencies, general public and stakeholders, original equipment manufacturers (OEM) and suppliers to the commercial motor vehicle (CMV) industry, fleets, owner-operators, state CMV safety agencies, research organizations and contractors, news organizations, safety advocacy groups, and other Federal agencies.

Estimated Number of Respondents: 14,100.

Estimated Time per Response: Range from 5-30 minutes.

Expiration Date: September 30, 2014.

Frequency of Response: Generally, on an annual basis.

Estimated Total Annual Burden: 3,450.

Public Comments Invited: You are asked to comment on any aspect of this information collection, including: (1) Whether the proposed collection is necessary for the performance of FMCSA's functions; (2) the accuracy of the estimated burden; (3) ways for FMCSA to enhance the quality, usefulness, and clarity of the collected information; and (4) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize or include your comments in the request for OMB's clearance of this information collection.

Issued under the authority of 49 CFR 1.87 on: April 9, 2014.

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption." The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

Exemption Decision

This notice addresses 16 individuals who have requested renewal of their exemptions in accordance with FMCSA

procedures. FMCSA has evaluated these 16 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Robert J. Ambrose (MA)
Robert L. Brauns (IA)
Bobby R. Brooks (GA)
Melvin D. Clark (GA)
Clifford W. Doran, Jr. (NC)
Ryan C. Dugan (NY)
Rojelio Garcia-Pena (MI)
Glenn C. Grimm (NJ)
Charles J. Kennedy (OH)
Ronnie D. Ownes (MO)
Richard A. Pucker (WI)
John M. Riley (AL)
Jeffery A. Sheets (AR)
Randy L. Stevens (GA)
Wade W. Ward (WY)
Jimmy S. Zamora, Jr. (TX)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) The person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 16 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (76 FR 73769; 77 FR 3547; 77 FR 15184; 77 FR 17109; 77 FR 27845;

77 FR 27850). Each of these 16 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements.

These factors provide an adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

Request for Comments

FMCSA will review comments received at any time concerning a particular driver's safety record and determine if the continuation of the exemption is consistent with the requirements at 49 U.S.C. 31136(e) and 31315. However, FMCSA requests that interested parties with specific data concerning the safety records of these drivers submit comments by May 19, 2014.

FMCSA believes that the requirements for a renewal of an exemption under 49 U.S.C. 31136(e) and 31315 can be satisfied by initially granting the renewal and then requesting and evaluating, if needed, subsequent comments submitted by interested parties. As indicated above, the Agency previously published notices of final disposition announcing its decision to exempt these 16 individuals from the vision requirement in 49 CFR 391.41(b)(10). The final decision to grant an exemption to each of these individuals was made on the merits of each case and made only after careful consideration of the comments received to its notices of applications. The notices of applications stated in detail the qualifications, experience, and medical condition of each applicant for an exemption from the vision requirements. That information is available by consulting the above cited **Federal Register** publications.

Interested parties or organizations possessing information that would otherwise show that any, or all, of these drivers are not currently achieving the statutory level of safety should immediately notify FMCSA. The Agency will evaluate any adverse evidence submitted and, if safety is being compromised or if continuation of

the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315, FMCSA will take immediate steps to revoke the exemption of a driver.
