

Region 4, Safe Drinking Water Branch, 61 Forsyth Street SW., Atlanta, Georgia 30303.

FOR FURTHER INFORMATION CONTACT: Robert Burns, EPA Region 4, Safe Drinking Water Branch, by mail at the Atlanta address given above, by telephone at (404) 562-9456, or by email at burns.robert@epa.gov.

EPA Analysis: On February 5, 2013, the State of Alabama submitted a request that the Region approve a revision to the State's Safe Drinking Water Act Public Water System Supervision Program to include the authority to implement and enforce the Ground Water Rule. For the revision to be approved, the EPA must find the State Rules, contained within ADEM Administrative Code Division 335-7, to be no less stringent than the Federal Rules, codified at 40 CFR part 141, Subpart S—Ground Water Rule. The EPA reviewed the application using the Federal statutory provisions (Section 1413 of the Safe Drinking Water Act), Federal regulations (at 40 CFR part 142), State regulations, rule crosswalks, and the EPA regulatory guidance to determine whether the request for revision is approvable. The EPA determined that the Alabama revision is no less stringent than the corresponding Federal regulation.

EPA Action: The EPA is tentatively approving this revision. If the EPA does not receive a timely and appropriate request for a hearing and the Regional Administrator does not elect to hold a hearing on her own motion, this tentative approval will become final and effective on May 19, 2014.

Authority: Section 1413 of the Safe Drinking Water Act, as amended (1996), and 40 CFR part 142.

Dated: March 26, 2014.

A. Stanley Meiburg,

Acting Regional Administrator, Region 4.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL-9909-74-OA]

Request for Nominations of Candidates to the EPA's Clean Air Scientific Advisory Committee (CASAC) and EPA's Science Advisory Board (SAB)

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) invites

nominations of scientific experts from a diverse range of disciplines to be considered for appointment to the Clean Air Scientific Advisory Committee (CASAC), the Science Advisory Board (SAB) and four SAB committees described in this notice. Appointments are anticipated to be filled by the start of Fiscal Year 2015 (October 2015).

DATES: Nominations should be submitted in time to arrive no later than May 19, 2014.

FOR FURTHER INFORMATION CONTACT:

Nominators unable to submit nominations electronically as described below may submit a paper copy to the Designated Federal Officers for the committees, as identified below. General inquiries regarding the work of the CASAC and SAB or SAB committees may also be directed to the designated DFOs.

Background: Established by statute, the CASAC (42 U.S.C. 7409) and SAB (42 U.S.C. 4365) are chartered Federal Advisory Committees that provide independent scientific and technical peer review, consultation, advice and recommendations directly to the EPA Administrator on the scientific bases for EPA's actions and programs. Members of the CASAC and the SAB constitute distinguished bodies of non-EPA scientists, engineers, economists, and behavioral and social scientists who are nationally and internationally recognized experts in their respective fields. Members are appointed by the EPA Administrator for a three-year term.

Expertise Sought for CASAC: Established in 1977 under the Clean Air Act (CAA) Amendments, the chartered CASAC reviews and offers scientific advice to the EPA Administrator on technical aspects of national ambient air quality standards for criteria pollutants (ozone; particulate matter; carbon monoxide; nitrogen oxides; sulfur dioxide; and lead). As required under the CAA section 109(d), CASAC is composed of seven members, with at least one member of the National Academy of Sciences, one physician, and one person representing state air pollution control agencies. Accordingly, the SAB Staff Office is seeking nominations of experts to serve on the CASAC who are members of the National Academy of Sciences as well as physicians who have a special expertise in health effects of air pollution. The SAB Staff Office is also seeking nominations of experts who have demonstrated experience in the following science related to air pollution: Atmospheric sciences; ecological and welfare effects; engineering; health sciences; medicine;

public health; modeling; and/or risk assessment.

The SAB Staff Office is especially interested in scientists with expertise described above who have knowledge and experience in air quality relating to criteria pollutants. For further information about the CASAC membership appointment process and schedule, please contact Mr. Aaron Yeow, DFO, by telephone at 202-564-2050 or by email at yeow.aaron@epa.gov.

Expertise Sought for the SAB: The SAB was established in 1978 by the Environmental Research, Development and Demonstration Authorization Act to provide independent advice to the Administrator on scientific and technical matters underlying the agency's policies and actions. The chartered SAB provides strategic advice to the EPA Administrator on a variety of EPA science and research programs. All the work of SAB committees and panels is under the direction of the chartered SAB. The chartered SAB reviews all SAB committee and panel draft reports and determines whether they are appropriate to send to the EPA Administrator.

The SAB Staff Office is seeking nominations of experts to serve on the chartered SAB in the following disciplines as they relate to the human health and the environment: Analytical chemistry; ecological sciences and ecological assessment; economics; engineering; geochemistry, health disparities; health sciences; hydrology; hydrogeology; medicine; microbiology; modeling; pediatrics; public health; risk assessment; social, behavioral and decision sciences; and statistics. The SAB Staff Office is especially interested in scientists with expertise described above who have knowledge and experience in air quality; agricultural sciences; climate change; drinking water; energy and the environment; water quality; water quantity; water re-use; ecosystem services; community environmental health; sustainability; chemical safety; green chemistry; human health risk assessment; homeland security; and waste and waste management. For further information about the SAB membership appointment process and schedule, please contact Dr. Angela Nugent, DFO, by telephone at 202-564-2218 or by email at nugent.angela@epa.gov.

The SAB Staff Office is also seeking nominations for experts for four SAB committees: The Chemical Assessment Advisory Committee; the Drinking Water Committee; the Ecological Processes and Effects Committee; and, the Radiation Advisory Committee.

(1) The SAB Chemical Assessment Advisory Committee (CAAC) provides advice through the chartered SAB regarding selected toxicological reviews of environmental chemicals available on EPA's Integrated Risk Information System (IRIS). The SAB Staff Office is seeking nominations of experts with experience in chemical assessments. Members should have expertise in one or more of the following disciplines: Public health; epidemiology; toxicology; modeling; biostatistics; risk assessment; and health disparities. For further information about the CAAC membership appointment process and schedule, please contact Dr. Suhair Shallal, DFO, by telephone at 202-564-2057 or by email at shallal.suhair@epa.gov.

(2) The SAB Drinking Water Committee (DWC) provides advice on the scientific and technical aspects of EPA's national drinking water program. The SAB Staff Office is seeking nominations of experts with experience on drinking water issues. Members should have one or more of the following disciplines: Environmental chemistry; environmental engineering; epidemiology; microbiology; public health; risk assessment; and toxicology. For further information about the DWC membership appointment process and schedule, please contact Mr. Thomas Carpenter, DFO, by telephone at 202-564-4885 or by email at carpenter.thomas@epa.gov.

(3) The SAB Ecological Processes and Effects Committee (EPEC) provides advice on science and research to assess, protect and restore the health of ecosystems. The SAB Staff Office is seeking nominations of experts with demonstrated expertise in the following disciplines: Aquatic ecology; landscape ecology; terrestrial ecology; systems ecology; ecotoxicology; and ecological risk assessment. For further information about the EPEC membership appointment process and schedule, please contact Dr. Thomas Armitage, DFO, by telephone at 202-564-2155 or by email at armitage.thomas@epa.gov.

(4) The Radiation Advisory Committee (RAC) provides advice on radiation protection, radiation science, and radiation risk assessment. The SAB Staff Office is seeking nominations of experts to serve on the RAC with demonstrated expertise in the following disciplines: Fate and transport of radionuclides; radiation carcinogenesis; radiation exposure; radiation worker health and safety; radiological emergency response; radiological risk assessment; and radon exposure. For further information about the RAC membership appointment process and

schedule, please contact Mr. Edward Hanlon, DFO, by telephone at 202-564-2134 or by email at hanlon.edward@epa.gov.

Selection Criteria for the CASAC, SAB and Four SAB Committees Includes:

- Demonstrated scientific credentials and disciplinary expertise in relevant fields;
- Willingness to commit time to the committee and demonstrated ability to work constructively and effectively on committees;
- Background and experiences that would help members contribute to the diversity of perspectives on the committee, e.g., geographic, economic, social, cultural, educational backgrounds, professional affiliations; and other considerations; and
- For the committee as a whole, consideration of the collective breadth and depth of scientific expertise; and a balance of scientific perspectives.

As these committees undertake specific advisory activities, the SAB Staff Office will consider two additional criteria for each new activity: absence of financial conflicts of interest and absence of an appearance of a loss of impartiality.

How to Submit Nominations: Any interested person or organization may nominate qualified persons to be considered for appointment to these advisory committees. Individuals may self-nominate. Nominations should be submitted in electronic format (preferred) following the instructions for "Nominating Experts for Annual Membership" provided on the SAB Web site. The form can be accessed through the "Nomination of Experts" link on the blue navigational bar on the SAB Web site at <http://www.epa.gov/sab>. To be considered, all nominations should include the information requested. EPA values and welcomes diversity. In an effort to obtain nominations of diverse candidates, EPA encourages nominations of women and men of all racial and ethnic groups.

Nominators are asked to identify the specific committee for which nominees are to be considered. The following information should be provided on the nomination form: contact information for the person making the nomination; contact information for the nominee; the disciplinary and specific areas of expertise of the nominee; the nominee's *curriculum vitae*; a biographical sketch of the nominee indicating current position, educational background; research activities; sources of research funding for the last two years; and recent service on other national advisory committees or national

professional organizations. To help the agency evaluate the effectiveness of its outreach efforts, please indicate how you learned of this nomination opportunity. Persons having questions about the nomination process or the public comment process described below, or who are unable to submit nominations through the SAB Web site, should contact the Designated Federal Officer for the committee, as identified above. The DFO will acknowledge receipt of nominations and in that acknowledgement will invite the nominee to provide any additional information that the nominee feels would be useful in considering the nomination, such as: Availability to participate as a member of the committee; how the nominee's background, skills and experience would contribute to the diversity of the committee; and any questions the nominee has regarding membership. The names and biosketches of qualified nominees identified by respondents to this **Federal Register** notice, and additional experts identified by the SAB Staff, will be posted in a List of Candidates on the SAB Web site at <http://www.epa.gov/sab>. Public comments on this List of Candidates will be accepted for 21 days from the date the list is posted. The public will be requested to provide relevant information or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates.

Candidates invited to serve will be asked to submit the "Confidential Financial Disclosure Form for Special Government Employees Serving on Federal Advisory Committees at the U.S. Environmental Protection Agency" (EPA Form 3110-48). This confidential form allows EPA to determine whether there is a statutory conflict between that person's public responsibilities as a Special Government Employee and private interests and activities, or the appearance of a loss of impartiality, as defined by Federal regulation. The form may be viewed and downloaded through the "Ethics Requirements for Advisors" link on the blue navigational bar on the SAB Web site at <http://www.epa.gov/sab>.

Dated: April 14, 2014.

Thomas H. Brennan,
Deputy Director, EPA Science Advisory Board Staff Office.
