DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

April 16, 2014.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by May 22, 2014 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725 17th Street NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal Plant and Health Inspection Service

Title: Environmental Monitoring Form.

OMB Control Number: 0579-0117.

Summary of Collection: The mission of the Animal and Plant Health Inspection Service (APHIS) is to provide leadership in ensuring the health and care of animals and plants, to improve the agricultural productivity and competitiveness, and to contribute to the national economy and the public health. The National Environmental Policy Act (NEPA), 42 U.S.C. 4321 et seq, and the regulations of the Council on Environmental Quality, that implements the procedural aspects of NEPA (40 CFR 1500-1508). APHIS' regulations require APHIS to implement environmental monitoring for certain activities conducted for pest and disease, control and eradication programs. APHIS Form 2060, Environmental Monitoring Form, will be used to collect information concerning the effects of pesticide used in sensitive habitats.

Need and Use of the Information: APHIS will collect information on the number of collected samples, description of the samples, the environmental conditions at the collection site including wind speed and direction, temperature, humidity of rainfall, and topography. The supporting information contained on the APHIS form 2060 is vital for interpreting the laboratory tests APHIS conducts on its collected samples. If a sample was not accompanied by this form APHIS would have no way of knowing from which site the sample was taken. Failure to collect this information would prevent APHIS from actively monitoring the effects of pesticides in areas where the inappropriate use of these chemicals could eventually produce disastrous results for vulnerable habitats and species.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 110.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 1,100.

Animal and Plant Health Inspection Service

Title: Citrus Canker; Interstate Movement of Regulated Nursery Stock and Fruit from Quarantined Areas.

OMB Control Number: 0579-0317.

Summary of Collection: Under the Plant Protection Act (7 U.S.C. 7701 et seq.) the Secretary of Agriculture, either independently or in cooperation with the States, is authorized to carry out operations or measures to detect, eradicate, suppress, control, prevent, or retard the spread of plant pests (such as citrus canker) new to or widely distributed throughout the United States. The Animal and Plant Health Inspection Service (APHIS) has regulations in place to prevent the interstate spread of citrus canker. These regulations, contained in 7 CFR 301.75-1 through 301.75-17, restrict the interstate movement of regulated articles from and through areas quarantined because of citrus canker. APHIS' citrus canker quarantine regulations prohibit the interstate movement of regulated nursery stock from a quarantined area. The interstate movement of nursery stock from an area quarantined for citrus canker poses an extremely high risk of spreading citrus canker outside the quarantined area.

Need and Use of the Information: APHIS will collect information through compliance agreements and limited permits. Failure to collect this information could cause a severe economic loss to the citrus industry.

Description of Respondents: Business or other for-profit.

Number of Respondents: 371.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 1,943.

Office of Procurement and Property Management

Title: Voluntary Labeling Program for Biobased Products.

OMB Control Number: 0503–0020.

Summary of Collection: Section 9002 of the Farm Security and Rural Investment Act (FSRIA) of 2002, as amended by the Food, Conservation, and Energy Act (FCEA) of 2008 and the Agricultural Act of 2014, requires the Secretary of Agriculture to implement a voluntary labeling program that would enable qualifying biobased products to be labeled with a “USDA Certified Biobased Product” label. The labeling program is required to be consistent, where possible, with the guidelines implementing the preferred procurement of biobased products by Federal agencies (referred to hereafter as the preferred procurement program), which is also authorized under section 9002 of FSRIA. Under the preferred procurement program, Federal agencies are required to purchase with certain exceptions, biobased products that are identified, by rulemaking, for preferred procurement. The BioPreferred Program is implemented by USDA's Office of Procurement and Property Management (OPPM).

Need and Use of the Information: Under the voluntary labeling program, manufacturers and vendors must complete an application for each biobased product for which they wish to use the label. The application process is electronic and is accessible through the voluntary labeling program Web site. In
