SUMMARY: The Commission hereby gives notice of the scheduling of an expedited review pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)) (the Act) to determine whether the antidumping duty order on small diameter graphite electrodes from China would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. The public record for this review may be viewed on the Commission's electronic docket (EDIS) at <http://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On Monday, April 7, 2014, the Commission determined that the domestic interested party group response to its notice of institution (79 FR 145, January 2, 2014) of the subject five-year review was adequate and that the respondent interested party group response was inadequate. The

Commission did not find any other circumstances that would warrant conducting a full review.¹ Accordingly, the Commission determined that it would conduct an expedited review pursuant to section 751(c)(3) of the Act.

Staff report.—A staff report containing information concerning the subject matter of the review will be placed in the nonpublic record on Friday, May 2, 2014, and made available to persons on the Administrative Protective Order service list for this review. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the review and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the review may file written comments with the Secretary on what determination the Commission should reach in the review. Comments are due on or before Wednesday, May 7, 2014 and may not contain new factual information. Any person that is neither a party to the five-year review nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the review by Wednesday, May 7, 2014. However, should the Department of Commerce extend the time limit for its completion of the final results of its review, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's *Handbook on E-Filing*, available on the Commission's Web site at <http://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing.

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will

¹ A record of the Commissioners' votes, the Commission's statement on adequacy, and any individual Commissioner's statements will be available from the Office of the Secretary and at the Commission's Web site.

² The Commission has found the responses submitted by GrafTech International Ltd., SGL Carbon LLC, and Superior Graphite Company to be individually adequate. Comments from other interested parties will not be accepted (*see* 19 CFR 207.62(d)(2)).

not accept a document for filing without a certificate of service.

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

By order of the Commission.

Background: In his letter the USTR stated that he had notified Congress on March 21, 2014, of the President's intent to enter into negotiations with a group of World Trade Organization (WTO) Members to eliminate tariffs on environmental goods. As requested by the USTR, the Commission will, pursuant to section 131 of the Trade Act of 1974, provide a report containing its advice as to the probable economic effect of providing duty-free treatment for imports of environmental goods (as identified in the list attached to the USTR's letter) from all U.S. trading partners on (i) industries in the United States producing like or directly competitive products, and (ii) consumers. As requested, the report will provide analysis for each of the environmental goods for which U.S. tariffs remain, taking into account implementation of U.S. commitments in the WTO. The Commission's advice will be based on the U.S. tariff nomenclature in effect during 2014 and trade data for 2013. As requested, the Commission will provide its report to the USTR by August 4, 2014. A copy of the list of environmental goods attached to the USTR's letter can be found at http://www.usitc.gov/research_and_analysis/What_We_Are_Working_On.htm.

The USTR stated that portions of the Commission's report will be classified as national security information and that the USTR considers the report to be an inter-agency memorandum that will contain pre-decisional advice and be

subject to the deliberative process privilege.

This is one of two reports on environmental goods that the USTR requested in his letter of April 2, 2014. The USTR also requested, pursuant to section 332(g) of the Tariff Act of 1930 (19 U.S.C. § 1332(g)), that the Commission conduct an investigation and prepare a report containing certain trade information and estimates on environmental goods, as specified in the letter. Notice of that investigation, No. 332–548, U.S. Environmental Goods Trade, is being published separately in the **Federal Register**. The USTR asked the Commission to provide this second report by October 6, 2014.

Public Hearing: A public hearing in connection with this investigation will be held at the U.S. International Trade Commission Building, 500 E Street SW., Washington, DC, beginning at 9:30 a.m. on May 14, 2014. Requests to appear at the public hearing should be filed with the Secretary, no later than 5:15 p.m., May 6, 2014, in accordance with the requirements in the "Submissions" section below. All pre-hearing briefs and statements should be filed not later than 5:15 p.m., May 6, 2014; and all post-hearing briefs and statements should be filed not later than 5:15 p.m., May 19, 2014.

Written Submissions: In lieu of or in addition to participating in the hearing, interested parties are invited to file written submissions concerning this investigation. All written submissions should be addressed to the Secretary, and should be received not later than 5:15 p.m., May 19, 2014. All written submissions must conform with the provisions of section 201.8 of the *Commission's Rules of Practice and Procedure* (19 CFR 201.8). Section 201.8 and the Commission's Handbook on Filing Procedures require that interested parties file documents electronically on or before the filing deadline and submit eight (8) true paper copies by 12:00 p.m. eastern time on the next business day. In the event that confidential treatment of a document is requested, interested parties must file, at the same time as the eight paper copies, at least four (4) additional true paper copies in which the confidential information must be deleted (see the following paragraph for further information regarding confidential business information). Persons with questions regarding electronic filing should contact the Secretary (202–205–2000).

Any submissions that contain confidential business information (CBI) must also conform with the requirements of section 201.6 of the *Commission's Rules of Practice and*

Procedure (19 CFR 201.6). Section 201.6 of the rules requires that the cover of the document and the individual pages be clearly marked as to whether they are the "confidential" or "non-confidential" version, and that the confidential business information be clearly identified by means of brackets. All written submissions, except for confidential business information, will be made available for inspection by interested parties.

The Commission may include some or all of the confidential business information submitted in the course of this investigation in the report it sends to the USTR. The Commission will not otherwise publish any confidential business information in a manner that would reveal the operations of the firm supplying the information.

By order of the Commission.
