

1510 Chester Pike, Suite 500,
Eddystone, PA 19022

- NAES Power Contractors (formerly American Boiler and Chimney Company), 167 Anderson Rd., Cranberry Township, PA 16066

- Pullman Power, LLC (formerly M. W. Kellogg Co., then Pullman Power Products Corporation), 6501 E. Commerce Avenue, Suite 200, Kansas City, MO 64120

- R and P Industrial Chimney Co., Inc., 244 Industrial Parkway, Nicholasville, KY 40356

- T. E. Ibberson Company, 828 5th St. South, Hopkins, MN 55343

- TIC-The Industrial Company, 9780 Mt. Pyramid Ct., Suite 100, Englewood, CO 80112

Nine employers hold previous variances and did not apply for the uniform variance. These employers are:

- Airtek-Karrena Chimney Corporation, 1776 Heritage Drive, Quincy, MA 02171

- Calaveras Power Partners, Inc., P. O. Box 241769, San Antonio, TX 78224

- Continental-Heine Chimney Company, Inc., 127 North Dearborne Street, Chicago, IL 60602

- Francis Hankin and Company, Inc., 117 Crockford Boulevard, Scarborough, Ontario, Canada, M1R 3B9

- Matrix Service, Inc., 3810 Bakerview Spur, Bellingham, WA 98226

- Oak Park Chimney Corporation, 1800 Des Plaines Avenue, Forest Park, IL 60130

- PDM Steel Service Centers (formerly Pittsburgh-Des Moines Steel Company) 3535 East Myrtle Street, Stockton, CA 95205

- Rust Constructors, Inc. (formerly Rust Engineering Co.), 2 Perimeter Park South, Suite 300W, Birmingham, AL 35243

- Zachry Construction Corporation, 527 Logwood, San Antonio TX 78221

Under this revocation action, these nine employers, when engaged in chimney construction, will have to comply with the requirements of paragraph (o)(3) of 29 CFR 1926.452 when rigging tackle for boatswain's chairs, and paragraphs (c)(1) through (c)(4), (c)(8), (c)(13), (c)(14)(i), and (c)(16) of 29 CFR 1926.552 when using personnel platforms and hoist towers. OSHA invites these employers, and any other employers seeking an alternative means of complying with these provisions, to submit applications for a variance containing conditions that are equivalent to the conditions specified by the uniform variance.

V. Authority and Signature

David Michaels, Ph.D., MPH,
Assistant Secretary of Labor for

Occupational Safety and Health, U.S. Department of Labor, 200 Constitution Ave., NW., Washington, DC, authorized the preparation of this notice. OSHA is issuing this notice under the authority specified by 29 U.S.C. 655, Secretary of Labor's Order No. 1-2012 (76 FR 3912; Jan. 25, 2012), and 29 CFR part 1905.

Signed at Washington, DC, on April 16, 2014.

David Michaels,

Assistant Secretary of Labor for Occupational Safety and Health.

BILLING CODE 4510-26-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: 14-038]

Notice of Information Collection

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public to take this opportunity to comment on the "Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery" for approval under the Paperwork Reduction Act (PRA). This collection was developed as part of a Federal Government-wide effort to streamline the process for seeking feedback from the public on service delivery. This notice announces our intent to submit this collection to OMB for approval and solicits comments on specific aspects for the proposed information collection.

DATES: Consideration will be given to all comments received within 60 days after from the date of this publication.

ADDRESSES: All comments should be addressed to Frances Teel, National Aeronautics and Space Administration, Washington, DC 20546-0001, frances.c.teel@nas.gov. Please do not include information of a confidential nature, such as sensitive personal information or proprietary information, in your comments.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Frances Teel, NASA PRA Clearance Officer, NASA Headquarters, 300 E Street SW., Mail Code JF0000, Washington, DC 20546 or frances.c.teel@nasa.gov.

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Abstract: The proposed information collection activity provides a means to garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

The solicitation of feedback will target areas such as: timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable.

The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collections are voluntary;
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered will be used only internally for general service improvement and program management

purposes and is not intended for release outside of the agency;

- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and
- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: the target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

As a general matter, information collections will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

Current Actions: Extension of approval for a collection of information.

Type of Review: Extension.

Affected Public: Individuals and Households, Businesses and Organizations, State, Local, or Tribal Government.

Below we provide projected average estimates for the next three years:

Average Expected Annual Number of activities: 60.

Average Number of Respondents per Activity: 300.

Annual Responses: 18,000.

Frequency of Response: Once per request.

Average Minutes per Response: 5.

Burden Hours: 1,500.

Request for Comments: Comments submitted in response to this notice will

be summarized and/or included in the request for OMB approval. Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and (e) estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

All written comments will be available for public inspection at: Regulations.gov.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.

Frances Teel,

NASA PRA Clearance Officer.

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: 14-037]

Notice of Information Collection

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the

general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. 3506(c)(2)(A)).

DATES: All comments should be submitted within 60 calendar days from the date of this publication.

ADDRESSES: All comments should be addressed to Frances Teel, National Aeronautics and Space Administration, Washington, DC 20546-0001.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Frances Teel, NASA PRA Officer, NASA Headquarters, 300 E Street SW., JF0000, Washington, DC 20546, (202) 358-2225.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Kennedy Educational Experiences Program (KEEP) is a job shadowing program intended to provide high school and college level students with a unique opportunity to increase their awareness of the practical application of science, technology, engineering, and mathematics (STEM) careers through a job shadowing experience under the mentorship of a NASA Kennedy Space Center (KSC) subject matter expert. Participation in the program is limited to students who are U.S. citizens and 16 years of age or older. Students will submit (1) an application package that designates their top three areas of interest (computer science, environmental science, engineering, meteorology, physics, etc.) for the job shadowing experience and (2) recommendations from two separate science, math, or technology teachers associated with their current school of enrollment. Students may request a shadowing opportunity from 1-5 days; however the exact shadowing time period is based on the availability of the STEM mentors. This information collection extension includes changes to the instruments/forms for clarity and comprehensibility and the associated burden hours to read the instructions, gather the information, and submit. This 60-day FRN replaces FRN-2014-02-19.
