SUPPLEMENTARY INFORMATION:

Introduction

With this notice, we initiate our process for developing a CCP revision for Florida Panther NWR in Collier County, Florida. This notice complies with our CCP policy to: (1) Advise other Federal and State agencies, Native-American tribes, and the public of our intention to conduct detailed planning on this refuge and (2) obtain suggestions and information on the scope of issues to consider in the environmental document and during development of the CCP.

Background

The CCP Process

The National Wildlife Refuge System Administration Act of 1966 (16 U.S.C. 668dd-668ee) (Administration Act), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires us to develop a CCP for each national wildlife refuge. The original CCP for Florida Panther NWR was completed in 2000. Since much has changed in the intervening time, the Service has determined that the CCP for Florida Panther NWR needs to be revised. The purpose for revising the CCP is to provide refuge managers with an updated 15-year plan for achieving refuge purposes and contributing

toward the mission of the National Wildlife Refuge System, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and our policies. In addition to outlining broad management direction on conserving wildlife and their habitats, CCPs identify wildlife-dependent recreational opportunities available to the public, including opportunities for hunting, fishing, wildlife observation, wildlife photography, and environmental education and interpretation. We will review and update the CCP at least every 15 years in accordance with the Administration Act.

Each unit of the National Wildlife Refuge System was established for specific purposes. We use these purposes as the foundation for developing and prioritizing the management goals and objectives for each refuge within the National Wildlife Refuge System mission, and to determine how the public can use each refuge. The planning process is a way for us and the public to evaluate management goals and objectives for the best possible conservation approach to this important wildlife habitat, while providing for wildlife-dependent recreation opportunities that are compatible with the refuge's establishing purposes and the mission of the National Wildlife Refuge System.

Our CCP process provides participation opportunities for Tribal, State, and local governments; agencies; organizations; and the public. We encourage input in the form of issues, concerns, ideas, and suggestions for the future management of Florida Panther NWR.

We will conduct the environmental review of this project in accordance with the requirements of the National Environmental Policy Act of 1969, as amended (NEPA) (42 U.S.C. 4321 *et seq.*); NEPA regulations (40 CFR 1500-1508); other appropriate Federal laws and regulations; and our policies and procedures for compliance with those laws and regulations.

Purposes of Florida Panther NWR

Established in 1989 and encompassing 26,605 acres, Florida Panther NWR's purposes are to conserve fish, wildlife, and plants that are listed as threatened or endangered species (Endangered Species Act of 1973) and for the development, advancement, management, conservation, and protection of fish and wildlife resources (Fish and Wildlife Act of 1956). Two key Service documents played a strong role in defining the purposes of Florida Panther NWR; they prioritize the

protection and recovery of the Florida panther: (1) The 1985 Fakahatchee Strand Environmental Assessment, which clearly states that the refuge area should be acquired for the benefit and recovery of the endangered Florida panther; and (2) the 1995 and subsequent 2008 revisions of the Florida Panther Recovery Plan, which states that the refuge is essential to the survival of the Florida panther and that the refuge should enhance habitat conditions for the panther and its prey species.

Second Call for Nominations for Advisory Committees

AGENCY: Bureau of Land Management, Interior.
ACTION: Notice.

SUMMARY: The purpose of this notice is to reopen the request for public nominations for certain Bureau of Land Management (BLM) Advisory Committees that have member terms expiring this year. These Advisory Committees provide advice and recommendations to the BLM on land use planning and management of the National System of Public Lands within their respective geographic areas. The Advisory Committees covered by this request for nominations are identified below. The BLM will accept public nominations for 30 days after the publication of this notice.

DATES: All nominations must be received no later than May 23, 2014.

ADDRESSES: See **SUPPLEMENTARY INFORMATION** for the address of respective BLM Offices accepting nominations.

FOR FURTHER INFORMATION CONTACT: Lauren Luckey, U.S. Department of the Interior, Bureau of Land Management, Correspondence, International, and Advisory Committee Office, 1849 C Street NW., MS-MIB 5070, Washington, DC 20240; 202-208-3806.

SUPPLEMENTARY INFORMATION: The Federal Land Policy and Management Act (FLPMA) directs the Secretary of the Interior to involve the public in planning and issues related to management of lands administered by the BLM. Section 309 of FLPMA (43 U.S.C. 1739) directs the Secretary to establish 10- to 15-member citizen-based advisory councils that are consistent with the Federal Advisory Committee Act (FACA). As required by FACA, Resource Advisory Council (RAC) membership must be balanced and representative of the various interests concerned with the management of the public lands. The rules governing RACs are found at 43 CFR subpart 1784 and include the following three membership categories:

Category One—Holders of Federal grazing permits and representatives of organizations associated with energy and mineral development, timber industry, transportation or rights-of-way, developed outdoor recreation, off-highway vehicle use, and commercial recreation;

Category Two—Representatives of nationally or regionally recognized environmental organizations, archaeological and historic organizations, dispersed recreation activities, and wild horse and burro organizations; and

Category Three—Representatives of State, county, or local elected office, employees of a State agency responsible for management of natural resources, representatives of Indian tribes within or adjacent to the area for which the council is organized, representatives of academia who are employed in natural sciences, and the public-at-large.

Individuals may nominate themselves or others. Nominees must be residents of the State in which the RAC has jurisdiction. The BLM will evaluate nominees based on their education, training, experience, and knowledge of the geographical area of the RAC. Nominees should demonstrate a commitment to collaborative resource decision-making. The Obama Administration prohibits individuals who are currently federally registered lobbyists from being appointed or re-
