Federal Register

Vol. 79, No. 78

Wednesday, April 23, 2014

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

April 17, 2014.

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104-13. Comments regarding (a) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information to be collected; (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by May 23, 2014 will be considered. Written comments should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, 725 17th Street NW., Washington, DC 20502. Commenters are encouraged to submit their comments to OMB via email to: OIRA_Submission@OMB.EOP.GOV or fax (202) 395-5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250-7602. Copies of the submission(s) may be obtained by calling (202) 720-8958.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs

potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Animal and Plant Health Inspection Service

Title: U.S. Origin Health Certificate.

OMB Control Number: 0579-0020.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The AHPA is contained in Title X, Subtitle E, Sections 10401-18 of Public Law 107-171, May 13, 2002, the Farm Security and Rural Investment Act of 2002. As part of its mission to facilitate the export of U.S. animals and products, the U.S. Department of Agriculture, Animal and Plant Health Inspection Service (APHIS), Veterinary Services (VS), maintains information regarding the import health requirements of other countries for animals and animal products exported from the United States. Most countries require a certification that the animals are disease free. The VS form 17-140 and 17-140A&B, U.S. Origin Health Certificate, and VS form 17-145, U.S. Origin Health Certificate for the Export of Horses from the United States to Canada, are used to meet these requirements. The forms are authorized by 21 U.S.C. 112.

Need and Use of the Information: The U.S. Origin Health Certificate is used in connection with the exportation of animals to foreign countries and is completed and authorized by APHIS veterinarian. The information collected is used to: (1) Establish that the animals are moved in compliance with USDA regulations, (2) verify that the animals destined for export are listed on the health certificate by means of an official identification, (3) verify to the consignor and consignee that the animals are healthy, (4) prevent unhealthy animals from being exported and (5) satisfy the import requirements of receiving countries. Without the information, APHIS would be unable to certify the health status of animals exported from the United States to other countries.

Description of Respondents: Farms; Business or other for-profit.

Number of Respondents: 1,393.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 17,611.

Ruth Brown,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

Forest Service

Enoree Ranger District; South Carolina; Chester County Stream and Riparian Restoration/Enhancement Project

AGENCY: Forest Service, USDA.

ACTION: Notice of intent to prepare an environmental impact statement.

SUMMARY: The Chester County Stream and Riparian Restoration/Enhancement Project will involve restoring and enhancing the hydrologic, riparian and aquatic functions within four watersheds located on National Forest System (NFS) lands in Chester County, S.C., and help meet the stream restoration goals outlined in the 2004 Revised Land and Resource Management Plan, *Sumter National Forest* (Forest Plan). More specifically, the Project Area is located along the western most portion of Chester County, approximately two miles south of Lockhart, and is bounded by the Broad River to the west and Hwy. SC 49 to the east. It includes four watersheds: Clarks Creek, Little Turkey Creek, McCluney Branch and an unnamed tributary to Clarks Creek. Restoration work will be accomplished through the use of the following stream restoration design approaches: Floodplain reconnection (FR) (also known as a Rosgen Priority 1), floodplain excavation (FE) (also known as a Rosgen Priority 2), and floodplain benches (FB) (also known as a Rosgen Priority 3). Selection of a restoration approach is made for each stream segment based on individual stream and floodplain conditions, and a combination of approaches is typically employed within an individual watershed to meet site conditions. Approximately 18 miles of streams are proposed for restoration.

DATES: Comments concerning the scope of the analysis must be received by May 23, 2014. The draft environmental impact statement is expected July 2014
