

report) to resolve conflicts and improve the granularity of the data collected. Background for these topics is as follows:

Specify Commodity:

We have added a section for operators to specify the commodity type transported, similar to the gas transmission and hazardous liquid reporting forms. These commodity groups are: "Natural Gas," "Synthetic Gas," "Hydrogen Gas," "Propane Gas," "Landfill Gas," and "Other Gas." Operators will select a commodity group based on the predominant gas carried and complete the report for that commodity group. If "Other Gas" is selected, operators will need to provide the name of the other gas. Operators will need to file a separate report for each commodity group transported.

Specify Operator Type:

We have added a section to the report for submitters to identify the operator type. The operator type groups include "Investor Owned"; "Municipally Owned," "Privately Owned," "Cooperative," and "Other Ownership". If "Other Ownership" is selected, operators will need to describe the ownership type.

Additional Material Type: We are adding "Reconditioned Cast Iron" as a pipe material and defining it as a cast iron gas distribution pipe that has been lined internally by use of suitable materials that ensure safe operation at a maximum allowable operating pressure (MAOP) not to exceed the previously established MAOP. "Reconditioned Cast Iron" does not include cast iron pipe inserted with a gas pipe that is, by itself, suitable for gas service under Part 192, (e.g., an ASTM D2513 pipe meeting code requirements for the intended gas service.) Such insertions are to be reported as the material used in the insertion. The definition is intended to make a clear distinction between a liner and inserted pipe. Reconditioning techniques would not include new, stand-alone polyethylene pipe, composite pipe, or a tight fitting liner that does not rely on the structural integrity of the host pipe (the cavity of the host pipe is simply used for installation purposes). Other methods, such as pipe splitting or bursting that involve the installation of a new stand-alone pipe while the host pipe is destroyed do not result in "Reconditioned Cast Iron".

Removal of Requirement to Populate Certain Fields in Part B Tables:

We have streamlined the report by removing the requirement to populate certain fields in Tables B1, B2, and B3 as that data will now be calculated automatically and populated

appropriately from certain other fields in the tables.

Revision of Leak Cause Categories in Part C:

To improve efficiency and consistency, we have revised the "Cause of Leak" categories in Part C to align with the leak causes in the gas distribution annual report with the incident causes from the gas distribution incident reporting form (PHMSA F 7100.1, Incident Report—Gas Distribution System).

Addition of Excavation Damage Cause Categories in Part D:

We added a new data collection in "Excavation Damage" to include the four causes from Part I of the "Damage Information Reporting Tool (DIRT)—Field Form." These cause categories are also aligned with the fields that must be completed in Part G4, field number 14 in the gas distribution incident reporting form.

C. Summary of Impacted Collections

The following information is provided below for the impacted information collection: (1) Title of the information collection; (2) OMB control number; (3) Current expiration date; (4) Type of request; (5) Abstract of the information collection activity; (6) Description of affected public; (7) Estimate of total annual reporting and recordkeeping burden; and (8) Frequency of collection.

PHMSA requests comments on the following information collection:

1. *Title:* Annual Report for Gas Distribution Pipeline Operators.

OMB Control Number: N/A.

Current Expiration Date: N/A.

Type of Request: New Collection.

Abstract: PHMSA intends to revise the gas distribution annual report (PHMSA F 7100.1–1) to improve the granularity of the data collected in several areas.

Affected Public: Gas distribution pipeline operators.

Annual Reporting and Recordkeeping Burden:

Total Annual Responses: 1,440.

Total Annual Burden Hours: 23,040.

Frequency of Collection: Annually.

Comments are invited on:

(a) The need for the proposed collection of information, including whether the information will have practical utility in helping the agency to achieve its pipeline safety goals;

(b) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the collection of information on those

who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques.

Jeffrey D. Wiese,

Associate Administrator for Pipeline Safety.

BILLING CODE 4910–60–P

DEPARTMENT OF THE TREASURY

**Submission for OMB Review;
Comment Request**

April 23, 2014.

The Department of the Treasury will submit the following information collection requests to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, Public Law 104–13, on or after the date of publication of this notice.

DATES: Comments should be received on or before May 28, 2014 to be assured of consideration.

ADDRESSES: Send comments regarding the burden estimate, or any other aspect of the information collection, including suggestions for reducing the burden, to (1) Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for Treasury, New Executive Office Building, Room 10235, Washington, DC 20503, or email at

OIRA_Submission@OMB.EOP.gov and

(2) Treasury PRA Clearance Officer, 1750 Pennsylvania Ave. NW., Suite 8141, Washington, DC 20220, or email at *PRA@treasury.gov*.

FOR FURTHER INFORMATION CONTACT: Copies of the submission(s) may be obtained by emailing *PRA@treasury.gov*, calling (202) 622–1295, or viewing the entire information collection request at *www.reginfo.gov*.

Alcohol and Tobacco Tax and Trade Bureau (TTB)

OMB Number: 1513–0025.

Type of Review: Extension without change of a currently approved collection.

Title: Notice of Release of Tobacco Products, Cigarette Papers, or Cigarette Tubes.

Form: TTB F 5200.11.

Abstract: The form TTB F 5200.11 is used by a manufacturer of tobacco products or an export warehouse to obtain the release of tobacco products and cigarette papers and tubes from Customs custody, without payment of tax, under internal revenue bond. Such products may also include tobacco products and cigarette papers and tubes

exported and returned to the original manufacturer or to an export warehouse authorized by that manufacturer. The form is used by TTB to ensure compliance with laws and regulations at the time of these transactions and for post audit examinations.

Affected Public: Businesses or other for-profit organizations.

Estimated Annual Burden Hours: 536.

OMB Number: 1513–0058.

Type of Review: Revision of a currently approved collection.

Title: Usual and Customary Business Records Maintained by Brewers (TTB REC 5130/1).

Abstract: The Internal Revenue Code of 1986 requires brewers to keep records, in such form and containing such information as prescribed by regulation and as necessary for protection of the revenue. The TTB regulations set forth the records that brewers must keep regarding their operations. TTB audits brewers' records to verify production of beer and cereal beverage and to verify the quantity of beer removed subject to tax and removed without payment of tax. TTB believes that these records would be normally kept in the course of doing business.

Affected Public: Businesses or other for-profit organizations.

Estimated Annual Burden Hours: 1.

OMB Number: 1513–0110.

Type of Review: Revision of a currently approved collection.

Title: Recordkeeping for Tobacco Products Removed in Bond from a Manufacturer's Premises for Experimental Purposes—27 CFR 40.232(e).

Abstract: The Internal Revenue Code provides that manufacturers of tobacco products may remove tobacco products without payment of Federal excise tax for experimental purposes, in such quantities and in such manner as prescribed by regulation. The TTB regulations set forth the standards for such removals and the prescribed records are used by TTB to ensure that the products meet the standards for experimental purposes and that the removals are in compliance with the IRC and TTB regulations.

Affected Public: Businesses or other for-profit organizations.

Estimated Annual Burden Hours: 1.

OMB Number: 1513–0132.

Type of Review: Extension without change of a currently approved collection.

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Abstract: The information collection activity will garner qualitative customer

and stakeholder feedback in an efficient, timely manner, in accordance with the Administration's commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: the target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

Average Expected Annual Number of Activities: 10.

Number of Respondents: 10,000.

Frequency of Response: Once per request.

Average Minutes Per Response: 60.

Estimated Annual Burden Hours: 10,000.

Brenda Simms,

Treasury PRA Clearance Officer.

BILLING CODE 4810–31–P

DEPARTMENT OF THE TREASURY

Privacy Act of 1974, as Amended; System of Records Notice

AGENCY: Department of the Treasury.

ACTION: Notice of proposed Privacy Act system of records.

SUMMARY: In accordance with the Privacy Act of 1974, as amended, 5 U.S.C. 552a, the Department of the Treasury proposes to establish a new Privacy Act system of records titled “Treasury .016—Reasonable Accommodations Records.” This system will allow Treasury and its bureaus to collect and maintain records on applicants for employment, as well as employees, who request or receive reasonable accommodations from Treasury under the Rehabilitation Act of 1973 and the Americans with Disabilities Act Amendments Act of 2008. Reasonable accommodations are modifications or adjustments that will allow applicants and employees to apply for a job, perform job duties, and/or enjoy the benefits and privileges of employment. Reasonable accommodations are also made for individuals who seek to participate or participate in Treasury programs and activities or attend meetings and events at Treasury facilities. This system will be included in the Treasury's inventory of record systems.

DATES: Submit comments on or before May 28, 2014. This new system will be effective May 28, 2014.

ADDRESSES: You may submit comments, identified by one of the following methods:

- *Fax:* 202–622–3895.

- *Mail:* Helen Goff Foster, Deputy Assistant Secretary for Privacy, Transparency, and Records, Office of Privacy, Transparency, and Records, Department of the Treasury, 1500 Pennsylvania Avenue NW., Washington, DC 20220.

Instructions: All submissions received must include the agency name for this rulemaking. All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided. For access to read background documents or comments received go to <http://www.regulations.gov>, including any personal information provided.

FOR FURTHER INFORMATION CONTACT: For general questions and for privacy issues please contact: Helen Goff Foster (202–622–0790), Deputy Assistant Secretary for Privacy, Transparency, and Records, Office of Privacy, Transparency, and Records, Department of the Treasury,
