International Trade Administration

[A-570-937]

Citric Acid and Certain Citrate Salts from the People's Republic of China: Preliminary Results of Antidumping Duty Administrative Review; 2012-2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce ("the Department") is conducting the fourth administrative review ("AR") of the antidumping duty order on citric acid and certain citrate salts ("citric acid") from the People's Republic of China ("PRC"). The Department reviewed two companies, Yixing-Union

Biochemical Co., Ltd. (“Yixing-Union”) and Laiwu Taihe Biochemistry Co., Ltd. (“Taihe”), as mandatory respondents for individual examination. The period of review (“POR”) for the AR is May 1, 2012, through April 30, 2013.¹ The Department preliminarily determines that both Yixing-Union and Taihe made sales of subject merchandise at less than normal value (“NV”). Interested parties are invited to comment on these preliminary results.

DATES: *Effective Date:* April 28, 2014.

FOR FURTHER INFORMATION CONTACT: Krisha Hill or Maisha Cryor, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-4037 or (202) 482-5831, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The products covered by the order include the hydrous and anhydrous forms of citric acid, the dihydrate and anhydrous forms of sodium citrate, otherwise known as citric acid sodium salt, and the monohydrate and monopotassium forms of potassium citrate.² Sodium citrate also includes both trisodium citrate and monosodium citrate, which are also known as citric acid trisodium salt and citric acid monosodium salt, respectively. Citric acid and sodium citrate are classifiable under 2918.14.0000 and 2918.15.1000 of the Harmonized Tariff Schedule of the United States (“HTSUS”), respectively. Potassium citrate and crude calcium citrate are classifiable under 2918.15.5000 and 3824.90.9290 of the HTSUS, respectively. Blends that include citric acid, sodium citrate, and potassium citrate are classifiable under 3824.90.9290 of the HTSUS. Although the HTSUS subheadings are provided for convenience and customs purposes,

¹ The Department initiated administrative reviews of Yixing Union, Taihe, and RZBC Imp. & Exp. Co., Ltd., and RZBC (Juxian) Co., Ltd. (collectively, “RZBC”). However, RZBC and Archer Daniels Midland Company, Cargill, Incorporated, and Tate & Lyle Ingredients Americas, Inc. (collectively, “Petitioners”) timely withdrew their requests for an administrative review of RZBC. There were no other requests for review of RZBC, hence the Department did not individually examine RZBC.

the written description of the merchandise is dispositive.³

Extension of Deadlines for Preliminary Results

As explained in the memorandum from the Assistant Secretary for Enforcement and Compliance, the Department exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 1, through October 16, 2013.⁴ Therefore, all deadlines in this segment of the proceeding have been extended by 16 days. If the new deadline falls on a non-business day, in accordance with the Department’s practice, the deadline will become the next business day. Additionally, on January 17, 2014, we extended the deadline for the preliminary results until April 18, 2014.⁵

Methodology

The Department is conducting this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (“the Act”). The Department calculated export prices in accordance with section 772 of the Act. Because the PRC is a nonmarket economy (“NME”) within the meaning of section 771(18) of the Act, the Department calculated normal value in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum, which is hereby adopted with this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit, room 7046 of the main Department of Commerce building. Preliminary Results of Review

The Department preliminarily determines that the following weighted-average dumping margins exist for the period May 1, 2012, through April 30, 2013.

Exporter	Weighted-average dumping margin (percent)
Yixing-Union Biochemical Co., Ltd.	6.80
Laiwu Taihe Biochemistry Co., Ltd.	2.15

Disclosure and Public Comment

The Department will disclose calculations performed for these preliminary results to parties within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review.⁶ Rebuttals to case briefs may be filed no later than five days after the written comments are filed and all rebuttal comments must be limited to comments raised in the case briefs.⁷ A table of contents, list of authorities used, and an executive summary of issues should accompany any briefs submitted to the Department. This summary should be limited to five pages total, including footnotes.

Any interested party may request a hearing within 30 days of publication of this notice.⁸ Hearing requests should contain the following information: (1) The party’s name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230.⁹

All submissions, with limited exceptions, must be filed electronically using IA ACCESS. An electronically filed document must be received successfully in its entirety by 5 p.m. Eastern Time (“ET”) on the due date. Documents excepted from the electronic submission requirements must be filed

manually (*i.e.*, in paper form) with the APO/Dockets Unit in Room 1870 and stamped with the date and time of receipt by 5 p.m. ET on the due date.¹⁰

The Department will issue the final results of this AR, which will include the results of its analysis of issues raised in any briefs received, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act, unless that time is extended.

Assessment Rates

Upon issuing the final results of this review, the Department will determine, and Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries.¹¹ The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review.

For each individually examined respondent in this review whose weighted-average dumping margin is above *de minimis* (*i.e.*, 0.5 percent) in the final results of this review, the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer’s examined sales to the total entered value of those sales, in accordance with 19 CFR 351.212(b)(1).¹² Where an importer- (or customer-) specific *ad valorem* rate is greater than *de minimis*, the Department will instruct CBP to collect the appropriate duties at the time of liquidation.¹³ Where either a respondent’s weighted average dumping margin is zero or *de minimis*, or an importer- (or customer-) specific *ad valorem* dumping margin is zero or *de minimis*, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁴

The Department announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales database submitted by companies individually examined during the administrative review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. Additionally, if the

Department determines that an exporter had no shipments of subject merchandise, any suspended entries that entered under that exporter’s case number (*i.e.*, at that exporter’s rate) will be liquidated at the PRC-wide rate.¹⁵

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be that rate established in the final results of these reviews (except, if the rate is zero or *de minimis*, then a zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-PRC exporters listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter.

These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.

¹⁵ For a full discussion of this practice, see *Non-Market Economy Antidumping Proceedings: Assessment of Antidumping Duties*, 76 FR 65694 (October 24, 2011).

Seamless Refined Copper Pipe and Tube From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review; 2011–2012

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On November 21, 2013, the Department of Commerce (“the Department”) published its *Preliminary Results of the 2011–2012 administrative review of the antidumping duty order on seamless refined copper pipe and tube (“copper pipe”) from the People’s Republic of China (“PRC”).*¹ The period of review (“POR”) is November 1, 2011 through October 31, 2012. We invited parties to comment on our *Preliminary Results*. Based on our analysis of the comments received, we made certain changes to our margin calculations for the mandatory respondent Golden Dragon Precise Copper Tube Group, Inc., Hong Kong GD Trading Co., Ltd., and Golden Dragon Holding (Hong Kong) International, Ltd. (collectively, “Golden Dragon”). The final weighted-average dumping margins for this
