SUPPLEMENTARY INFORMATION: This notice announces our active review of the short-tailed albatross (*Phoebastria albatrus*), which is currently listed as Endangered under the Endangered Species Act. The final listing rule for the short-tailed albatross was published on July 31, 2000 (65 FR 46644). Why do we conduct a 5-year review?

Under the Act (16 U.S.C. 1531 *et seq.*), we maintain Lists of Endangered and Threatened Wildlife and Plants (which we collectively refer to as the List) in the Code of Federal Regulations (CFR) at 50 CFR 17.11 (for animals) and 17.12 (for plants). Section 4(c)(2) of the Act requires us to review each listed species' status at least once every 5 years. Our regulations at 50 CFR 424.21 require that we publish a notice in the **Federal Register** announcing those species that are under active review.

For additional information about 5-year reviews, refer to our factsheet at

<http://www.fws.gov/angered/what-we-do/recovery-overview.html>.

What information do we consider in our review?

A 5-year review considers all new information available at the time of the review. In conducting these reviews, we consider the best scientific and commercial data that have become available since the listing determination or most recent status review, such as:

(A) Species biology, including but not limited to population trends, distribution, abundance, demographics, and genetics;

(B) Habitat conditions, including but not limited to amount, distribution, and suitability;

(C) Conservation measures that have been implemented that benefit the species;

(D) Threat status and trends in relation to the five listing factors (as defined in section 4(a)(1) of the Act); and

(E) Other new information, data, or corrections, including but not limited to taxonomic or nomenclatural changes, identification of erroneous information contained in the List, and improved analytical methods.

Any new information will be considered during the 5-year review and will also be used to evaluate the ongoing recovery programs for the species.

Request for Information

To ensure that a 5-year review is complete and based on the best available scientific and commercial information, we request new information from all sources. See “What information do we consider in our review?” for specific criteria. If you submit information, please support it with documentation such as maps, bibliographic references, methods used to gather and analyze the data, and/or copies of any pertinent publications, reports, or letters by knowledgeable sources.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Comments and materials received will be available for public inspection, by appointment, during normal business

hours at the offices where the comments are submitted.

Notice of Grand Staircase-Escalante National Monument Advisory Committee Meeting

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Federal Land Policy and Management Act (FLPMA) and the Federal Advisory Committee Act of 1972 (FACA), the Department of the Interior, Bureau of Land Management (BLM), Grand Staircase-Escalante National Monument Advisory Committee (GSENMAC) will meet as indicated below.

DATES: The GSENM MAC will meet Wednesday, May 21, 2014, (1 p.m.–6:00 p.m.) and Thursday, May 22, 2014, (8 a.m.–12 p.m.) in Kanab, Utah.

ADDRESSES: The Committee will meet in the Cottonwood Room at the Bureau of Land Management Complex, 669 South Highway 89A, Kanab, Utah.

FOR FURTHER INFORMATION CONTACT: Larry Crutchfield, Public Affairs Officer, Grand Staircase-Escalante National Monument, Bureau of Land Management, 669 South Highway 89A,

Kanab, Utah, 84741; phone (435) 644-1209. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339 to leave a message or question for the above individual. The FIRS is available 24 hours a day, seven days a week. Replies are provided during normal business hours.

SUPPLEMENTARY INFORMATION: The 15-member GSENMAC was appointed by the Secretary of the Interior on August 2, 2011, pursuant to the Monument Management Plan, the Federal Land Policy and Management Act of 1976 (FLPMA), and the Federal Advisory Committee Act of 1972 (FACA). As specified in the Monument Management Plan, the GSENMAC will have several primary tasks: (1) Review evaluation reports produced by the Management Science Team and make recommendations on protocols and projects to meet overall objectives; (2) Review appropriate research proposals and make recommendations on project necessity and validity; (3) Make recommendations regarding allocation of research funds through review of research and project proposals as well as needs identified through the evaluation process above; and, (4) Could be consulted on issues such as protocols for specific projects.

One of the topics to be discussed by the GSENMAC during this meeting includes the ongoing Livestock Grazing Management Plan Amendment and Associated Environmental Impact Statement (LGMPA/AEIS). The BLM is preparing this Plan Amendment because the existing land use plans that provide land-use level decisions for livestock grazing were completed in 1981 and are outdated. The Monument Management Plan that became effective in February 2000 did not address most of the prior livestock grazing decisions. This Plan Amendment will allow the integration of livestock and rangeland management with the other resources in the MMP.

The planning area consists of about 2.1 million acres of land which includes lands in the GSENM and non-monument lands administered by GSENM. The GSENM administers livestock grazing on lands managed by the National Park Service within Glen Canyon National Recreation Area as well as lands within BLM's Kanab and Arizona Strip Field Offices through intra-agency agreements. Additional topics include the formation of a LGMPA/AEIS subcommittee; GSENM division reports; and future meeting dates and other matters as may reasonably come before the GSENMAC.

The entire meeting is open to the public. Members of the public are welcome to address the Committee at 5:00 p.m., local time, on May 21, 2014, and at 12:00 p.m., local time, on May 22, 2014. Depending on the number of persons wishing to speak, a time limit could be established. Interested persons may make oral statements to the GSENMAC during this time or written statements may be submitted for the GSENMAC's consideration. Written statements can be sent to: Grand Staircase-Escalante National Monument, Attn: Larry Crutchfield, 669 South Highway 89A, Kanab, Utah 84741. Information to be distributed to the GSENMAC is requested 10 days prior to the start of the GSENMAC meeting.

All meetings are open to the public; however, transportation, lodging, and meals are the responsibility of the participating public.

Authority: 43 CFR 1784.4-1.

Jenna Whitlock,

Associate State Director.
