

NHTSA will use the highest hour number in the hour burden estimate.

Each manufacturer of vehicles that are required to be parts-marked must submit reports of the target area locations for the labels or stamping. NHTSA estimates that the maximum number of submissions to be 30. The average time to prepare and submit the target area submissions will be 20 hours for each submission at a cost of \$60 per hour. The burden hour for submissions will be 600 hours (30 submissions × 20 hours) with an annual estimated cost burden of \$36,000.00 (\$60.00 × 20 hours × 30 submissions).

The total burden hours equal 266,666 + 600 = 267,266. The estimated total cost associated with the burden hours is approximately \$16,035,960 (267,266 × \$60.00/hr).

NHTSA assumes that most manufacturers will use the less expensive method of labeling the major parts on vehicles, and not stamp the VINs onto major parts. NHTSA estimates that the average cost to label the 14 parts is \$10.24 per vehicle, broken down into \$5.33 for material and \$4.91 for labor. At present, 8 million motor vehicles annually must have its major parts marked. At present, the total annual fleet costs are estimated at \$81,920,000 for label identifiers (\$10.24 × 8 million vehicles). NHTSA estimates the total annual cost of meeting Part 541 will be \$81,920,000 (label) + \$36,000 (target area submission) = \$81,956,000.00 (approximately \$82 million).

Part 542

NHTSA estimates that the average hours per submittal are 45, for a total annual burden of 90 hours. NHTSA estimates that the cost associated with the burden hours is \$36.00 per hour, for a total cost of approximately \$3,234.

NHTSA estimates the total annual cost of meeting Part 542 require no additional costs to the respondents.

Therefore, NHTSA estimates the grand total cost for Part 541 and Part 542 will be \$81,956,000.00 (approximately \$82 million).

Comments are invited on: Whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; the accuracy of the Department's estimate of the burden of the proposed information collection; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on respondents, including the use of

automated collection techniques or other forms of information technology.

Claude H. Harris,

Acting Associate Administrator for Rulemaking.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

[Docket No. PHMSA-2014-0005]

Pipeline Safety: Information Collection Activities

ACTION: Notice and request for comments.

AGENCY: Pipeline and Hazardous Materials Safety Administration
SUMMARY: On January 29, 2014, in accordance with the Paperwork Reduction Act of 1995, the Pipeline and Hazardous Materials Safety Administration (PHMSA) published a notice in the **Federal Register** notifying the public of its intent to request an extension with no change for the pipeline reporting information collections identified by Office of Management and Budget (OMB) control numbers 2137-0578, 2137-0584, and 2137-0601. In addition, PHMSA also intends to revise the information collection identified under OMB control number 2137-0618 to include the information currently collected under OMB control number 2137-0601.

PHMSA received no comments in response to that notice. PHMSA is publishing this notice to provide the public with an additional 30 days to comment on both the renewal and the revision of the information collections referenced above and announce that the Information Collections will be submitted to OMB for approval.

DATES: Comments on this notice must be received by June 5, 2014 to be assured of consideration.

FOR FURTHER INFORMATION CONTACT: Angela Dow by telephone at 202-366-1246, by fax at 202-366-4566, or by mail at DOT, PHMSA, 1200 New Jersey Avenue SE., PHP-30, Washington, DC 20590-0001.

ADDRESSES: You may submit comments identified by the docket number PHMSA-2014-0005 by any of the following methods:

- *Fax:* 1-202-395-5806.
- *Mail:* Office of Information and Regulatory Affairs (OIRA), Records Management Center, Room 10102

NEOB, 725 17th Street NW., Washington, DC 20503,

ATTN: Desk Officer for the U.S. Department of Transportation\PHMSA.

• *Email:* Office of Information and Regulatory Affairs, OMB, at the following email address:

OIRA_Submission@omb.eop.gov.

Requests for a copy of the Information Collection should be directed to Angela Dow by telephone at 202-366-1246, by fax at 202-366-4566, by email at *Angela.Dow1@dot.gov*, or by mail at U.S. Department of Transportation, PHMSA, 1200 New Jersey Avenue SE., PHP-30, Washington, DC 20590-0001.

SUPPLEMENTARY INFORMATION: Section 1320.8(d), Title 5, Code of Federal Regulations, requires PHMSA to provide interested members of the public and affected agencies an opportunity to comment on information collection and recordkeeping requests. This notice identifies certain information collection requests that PHMSA will submit to OMB for renewal. The following information is provided for each information collection: (1) Title of the information collection; (2) OMB control number; (3) Current expiration date; (4) Type of request; (5) Abstract of the information collection activity; (6) Description of affected public; (7) Estimate of total annual reporting and recordkeeping burden; and (8) Frequency of collection. PHMSA will request a three-year term of approval for each information collection activity. PHMSA requests comments on the following information collections:

1. *Title:* Reporting Safety-Related Conditions on Gas, Hazardous Liquid, and Carbon Dioxide Pipelines and Liquefied Natural Gas Facilities.

OMB Control Number: 2137-0578.

Current Expiration Date: 5/31/2014.

Type of Request: Renewal of a currently approved information collection.

Abstract: In accordance with 49 CFR Parts 191 and 195, each pipeline facility operator (except master meter operators) must submit to DOT a written report on any safety-related condition that causes or has caused a significant change or restriction in the operation of a pipeline facility or a condition that is a hazard to life, property or the environment.

Affected Public: Operators of pipeline facilities (except master meter operators).

Annual Reporting and Recordkeeping Burden:

Estimated number of responses: 142.

Estimated annual burden hours: 852.

Frequency of collection: On occasion.

2. *Title:* Gas Pipeline Safety Program Certification and Hazardous Liquid Pipeline Safety Program Certification.

OMB Control Number: 2137–0584.
Current Expiration Date: 7/31/2014.
Type of Request: Renewal of a currently approved information collection.

Abstract: A state must submit an annual certification to assume responsibility for regulating intrastate pipelines, and certain records must be maintained to demonstrate that the state safety program complies with the certification. PHMSA uses the information to evaluate a state's eligibility for Federal grants.

Affected Public: State and local governments.

Annual Reporting and Recordkeeping Burden:

Estimated number of responses: 67.
 Estimated annual burden hours: 3,920.

Frequency of Collection: Annually.

3. *Title:* Pipeline Safety: Report of Abandoned Underwater Pipelines.

OMB Control Number: 2137–0601.

Current Expiration Date: 5/31/2014.

Type of Request: Renewal of a currently approved information collection.

Abstract: In accordance with 49 CFR Parts 192 and 195, upon abandonment of a facility, pipeline operators are required to report certain information about the abandoned underwater pipelines to PHMSA (49 CFR 195.59 and 192.727) including pipe attributes and the date and method of abandonment.

Affected Public: Operators of underwater pipelines.

Annual Reporting and Recordkeeping Burden:

Estimated number of responses: 10.
 Estimated annual burden hours: 60.
Frequency of collection: Upon abandonment of affected facility.

4. *Title:* Pipeline Safety: Periodic Underwater Inspections.

OMB Control Number: 2137–0618.

Current Expiration Date: 6/30/2014.

Type of Request: Revision of a currently approved information collection.

Abstract: In accordance with 49 CFR Parts 192 and 195, pipeline operators are required to conduct underwater inspections in the Gulf of Mexico. If an operator finds that its pipeline is exposed on the seabed floor or constitutes a hazard to navigation, the operator must contact the National Response Center by telephone within 24 hours of discovery to report the location

of the exposed pipeline. This package is being revised to include the collection of information currently under 2137–0601 which requires operators to report certain information about underwater pipelines to PHMSA (49 CFR 192.612 and 195.413). This information aids Federal and state pipeline safety inspectors in conducting compliance inspections and investigating incidents. Once this revised information collection is approved, PHMSA will discontinue the collection identified under OMB control number 2137–0601.

Affected Public: Operators of underwater pipeline facilities.

Estimated number of responses: 92.

Estimated annual burden hours: 1,372.

Frequency of collection: On occasion. Comments are invited on:

(a) The need for the renewal and revision of these collections of information for the proper performance of the functions of the agency, including whether the information will have practical utility;

(b) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(d) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued in Washington, DC, on April 30, 2014.

John A. Gale,

Director, Office of Standards and Rulemaking.

BILLING CODE 4910–60–P

DEPARTMENT OF TRANSPORTATION

Pipeline and Hazardous Materials Safety Administration

Notice of Applications for Modification of Special Permit

AGENCY: Office of Hazardous Materials Safety, Pipeline and Hazardous

Materials Safety Administration (PHMSA), DOT.

ACTION: List of Applications for Modification of Special Permits.

SUMMARY: In accordance with the procedures governing the application for, and the processing of, special permits from the Department of Transportation's Hazardous Material Regulations (49 CFR Part 107, Subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the applications described herein. This notice is abbreviated to expedite docketing and public notice. Because the sections affected, modes of transportation, and the nature of application have been shown in earlier **Federal Register** publications, they are not repeated here. Requests for modification of special permits (e.g., to provide for additional hazardous materials, packaging design changes, additional mode of transportation, etc.) are described in footnotes to the application number. Application numbers with the suffix "M" denote a modification request. These applications have been separated from the new application for special permits to facilitate processing.

DATES: Comments must be received on or before May 21, 2014.

ADDRESS COMMENTS TO: Record Center, Pipeline and Hazardous Materials Safety Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the special permit number.

FOR FURTHER INFORMATION CONTACT: Copies of the applications are available for inspection in the Records Center, East Building, PHI–1–30, 1200 New Jersey Avenue Southeast, Washington DC or at <http://regulations.gov>.

This notice of receipt of applications for modification of special permit is published in accordance with Part 107 of the Federal hazardous materials transportation law (49 U.S.C. 5117(b); 49 CFR 1.53 (b)).

Issued in Washington, DC, on April 23, 2014.

Donald Burger,

Chief, General Approvals and Permits.
