While processing the 2014 IHA, NMFS wrote a memorandum to the record to determine and document whether any changes to the proposed MMPA decision or new circumstances or information required us to supplement the 2011 EA and FONSI. NMFS determined that the effects of the 2014 IHA fall within the scope of the 2011 EA and FONSI and the Bureau of Ocean Energy Management's Cape Wind Final Environmental Impact Statement and do not require further supplementation. This EA is available on the NMFS Web site listed in the beginning of this document.
