[Docket No. EL01-88-013]

Louisiana Public Service Commission v. Entergy Services, Inc.; Notice of Compliance Filing

Take notice that on April 29, 2014, Entergy Services, Inc., as agent on behalf of the Entergy Operating Companies¹ submitted a subsequent compliance filing, pursuant to the Commission's *Order Rejecting Compliance Filing*, 146 FERC ¶ 61,153 (2014).

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the

¹ The Entergy Operating Companies are Entergy Arkansas, Inc., Entergy Gulf States Louisiana, L.L.C., Entergy Louisiana, LLC, Entergy Mississippi, Inc., Entergy New Orleans, Inc., Entergy Texas, Inc.

Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant and all the parties in this proceeding.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s). DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project Nos. 2183-072]

Grand River Dam Authority; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed a shoreline management plan submitted by Grand River Dam Authority (GRDA or licensee) pursuant to article 406 of the project license (FERC No. 2183). An environmental assessment (EA) has been prepared as part of staff's review of the proposal. The project is located

on the Grand River in Mayes County, Oklahoma.

The proposed shoreline management plan provides for consistent land management policies and permitting decisions on project lands in the short term and over the life of the project license. The document serves to guide GRDA in protecting and enhancing the project's environmental, recreational, and other values. It also provides the background to support permitting decisions and other activities undertaken by GRDA within the project boundary. The EA contains Commission staff's analysis of the probable environmental impacts of implementation of the proposed shoreline management plan, and concludes that approval of the proposed plan would not constitute a major federal action significantly affecting the quality of the human environment.

The EA is attached to a Commission order titled "Order Modifying and Approving Shoreline Management Plan Under Article 406," which was issued April 30, 2014, and is available for review and reproduction at the Commission's Public Reference Room, located at 888 First Street NE., Room 2A, Washington, DC 20426. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number (P-2183) in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659.

Dated: April 30, 2014.
