DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Comprehensive Regional Decision Support Framework to Prioritize Sites for Coral Reef Conservation in the U.S. Virgin Islands: Survey of Professional SCUBA Divers.

OMB Control Number: 0648-xxxx.

Form Number(s): NA.

Type of Request: Regular submission (request for a new information collection).

Number of Respondents: 238.

Average Hours per Response: 30 minutes.

Burden Hours: 119.

Needs and Uses: This request is for a new data collection to benefit marine resource managers in the U.S. Virgin Islands (USVI). The National Ocean Service (NOS) proposes to collect data on the resource usage patterns, knowledge and values of the professional SCUBA diving community relative to coral reefs in the USVI. Data are needed to support conservation and management goals as defined under the Coral Reef Conservation Act (CRCA) (16 U.S.C. 6401 *et seq.*). The purpose of the CRCA is to advance conservation of coral reef ecosystems in the U.S. and Territories. Specifically, the Act requires the federal government to produce sound scientific information on the condition of coral reef ecosystems and threats to them, so that reefs may be better preserved, sustained and restored. The present data collection is one component of a larger project to produce a science-based decision support tool that will be used by resource managers to prioritize coral reefs in the USVI for the purposes of management under the CRCA.

Researchers propose to collect information from the professional SCUBA diving community in the USVI, who are an important stakeholder group with much knowledge about this marine ecosystem. Information will be gathered from this community because of their experience diving on focal coral reefs and reliance on such ecosystems for their livelihood. The survey will ascertain which coral reef areas are needed/used most by persons in the professional SCUBA diving community. It will gather divers' opinions on the status and health of these coral reefs. Finally, the survey will collect information on the demographic characteristics of professional SCUBA diving community, along with the values they have for local coral reefs.

Data gathered will be used to identify, rank and describe key characteristics of the coral reefs that are most important to the professional SCUBA diving community in the USVI, as well as their perception of reef status and resilience. The survey data will become one of several layers of information combined in a larger effort to objectively map the important reefs in the USVI. Knowledge of the locations of priority reefs, together with an assessment of the threats to those reefs, will provide information to prioritize management actions.

Affected Public: Business or other for-profit organizations; individuals or households.

Frequency: One time.

Respondent's Obligation: Voluntary.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or faxed to (202) 395-5806.

Dated: May 2, 2014.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce ("the Department") is rescinding the administrative review of the antidumping duty order on steel wire garment hangers from the Socialist Republic of Vietnam ("Vietnam") for the period August 2, 2012, through January 31, 2014.

DATES: *Effective:* May 8, 2014.

FOR FURTHER INFORMATION CONTACT:

Catherine Bertrand, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3207.

SUPPLEMENTARY INFORMATION:

Background

On February 28, 2014, based on a timely request for review by M&B Metal Products Company, Inc.; Innovative Fabrication LLC/Indy Hanger; and US Hanger Company, LLC (collectively,

"Petitioners"),¹ the Department published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on steel wire garment hangers from Vietnam covering the period August 2, 2012, through January 31, 2014.² The review covers 49 companies.³ On April 15, 2014, Petitioners withdrew their request for an administrative review on all of the 49 companies listed in the *Initiation Notice*.⁴ No other party requested a review of these companies or any other exporters of subject merchandise.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review. In this case, Petitioners timely withdrew their request by the 90-day deadline, and no other party requested an administrative review of the antidumping duty order. As a result, pursuant to 19 CFR 351.213(d)(1), we are rescinding the administrative review of steel wire garment hangers from Vietnam for the period August 2, 2012, through January 31, 2014, in its entirety.⁵

Assessment

The Department will instruct CBP to assess antidumping duties on all appropriate entries. Because the Department is rescinding this administrative review in its entirety, the entries to which this administrative review pertained shall be assessed antidumping duties at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to refer the information contained in this submission to CBP.

intends to issue appropriate assessment instructions to CBP 15 days after the publication of this notice in the **Federal Register**, if appropriate.

Notifications

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a final reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: May 2, 2014.
