

previous, existing, and potential businesses and organizations, alternate Census Bureau data disseminators like State Data Centers, Business and Industry Data Centers, Census Information Centers, Federal or Census Depository Libraries, educational institutions, and not-for-profit or other organizations.

The Census Bureau's Forms Clearance Officer and the Customer Liaison and Marketing Services Office (CLMSO) jointly administer the generic clearance. Census Bureau offices requiring customer and/or product-based research contact the CLMSO to help them determine the best strategy for fulfilling their information needs and then develop an appropriate collection mechanism, ensuring conformance with OMB requirements and Census Bureau strategic goals and objectives and to avert duplication or repetitive data collection. CLMSO also assists in the preparation of supporting documentation which, together with draft research documents are submitted to OMB for review two weeks in advance of any information collection activity. The Forms Clearance Officer approves and forwards this documentation to the OMB.

The CLMSO also prepares an annual report to OMB fully describing work done under the generic clearance, including:

- Descriptions of individual research conducted

- numbers of respondents and respondent burden hours used
- dates of each survey
- individual and aggregated costs of surveys
- individual summaries of results and program/product decisions that were made based upon customer responses and feedback

Information collected from customer research helps the Census Bureau to measure its customer base—their use, satisfaction, and preferences for existing and future programs, products and services.
