Commission.**ACTION:** Notice; request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burden(s) and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate(s); ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and further ways to reduce the information burden for small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB Control Number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid OMB Control Number.

the Commission's rules.

Needs and Uses: On August 4, 1998,
the FCC released a *Report and Order*
(R&O), Examination of Current Policy
Concerning the Treatment of
Confidential Information Submitted to
the Commission, CG Docket No. 96-55.
The R&O included a Model Protective
Order (MPO) that is used, when
appropriate, to grant limited access to
information that the Commission
determines should not be routinely
available for public inspection. The
party granted access to the confidential
information materials must keep a
written record of all copies made and
provide this record to the submitted of
the confidential materials upon request.
This approach was adopted to facilitate
the use of confidential materials under
an MPO, instead of restricting access to
materials. In addition, the FCC amended
47 CFR 0.459(b) to set forth the type of
information that should be included
when a party submits information to the
Commission for which it seeks
confidential treatment. This listing of
types of information to be submitted
was adopted to provide guidance to the
public for confidentiality requests.
