Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2014-0111]

Hours of Service of Drivers: Application of Illumination Fireworks, LLC and ACE Pyro LLC, for Exemption From the 14-Hour Rule During Independence Day Celebrations

AGENCY: Federal Motor Carrier Safety
Administration (FMCSA), DOT.

ACTION: Notice of application for
exemption; request for comments.

SUMMARY: FMCSA announces that it has received an application from Illumination Fireworks, LLC and ACE Pyro, LLC (applicants) for a limited exemption from the requirement that drivers of commercial motor vehicles (CMVs) must not drive following the 14th hour after coming on duty. The exemption would apply solely to the operation of drivers of 50 CMVs employed by the applicants in conjunction with staging fireworks shows celebrating Independence Day during the periods June 28–July 8, 2014, and June 28–July 8, 2015, inclusive. During these two periods, the CMV drivers employed by the applicants would be allowed to exclude off-duty and sleeper-berth time of any length from the calculation of the 14 hours. These drivers would not be allowed to drive after accumulating a total of 14 hours of on-duty time, following 10 consecutive hours off duty, and would continue to be subject to the 11-hour driving time limit, and the 60- and 70-hour on-duty limits. The applicants maintain that the terms and conditions of the limited exemption would ensure a level of safety equivalent to, or greater than, the level of safety achieved without the exemption.

DATES: If granted, this exemption would be effective during the periods of June 28, 2014, through July 8, 2014, inclusive, and June 28, 2015, through July 8, 2015, inclusive. The exemption would expire on July 8, 2015 at 11:59 p.m. Comments must be received on or before June 2, 2014.

SUPPLEMENTARY INFORMATION:

Background

The hours-of-service (HOS) rule in 49 CFR 395.3(a)(2) prohibits a property-carrying CMV driver from driving a CMV after the 14th hour after coming on duty following 10 consecutive hours off duty. FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from certain parts of the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews safety analyses and public comments submitted, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305). The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reasons for denying or granting the application and, if granted, the name of the person or class of persons receiving the exemption, and the regulatory provision from which the exemption is granted. The notice must also specify the effective period and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

Request for Exemption

Illumination Fireworks, LLC (USDOT 2326703) and ACE Pyro, LLC (USDOT 1352892) (Applicants) are fireworks display companies that employ CMV drivers who hold commercial driver's licenses with hazardous materials endorsements to transport Division 1.3G and 1.4G fireworks in conjunction with the setup of firework shows for Independence Day. The applicants seek an exemption from the 14-hour rule in 49 CFR 395.3(a)(2) so that drivers would be allowed to exclude off-duty and sleeper-berth time of any length from the calculation of the 14 hours. The applicants state that the basis for their request is the existing FMCSA exemption granted to the American Pyrotechnics Association (APA) under Docket No. FMCSA-2007-28043, which exempts comparable fireworks companies from the 14-hour rule.

The applicants further state they are seeking an HOS exemption for the 2014 and 2015 Independence Day periods because compliance with the 14-hour
