

## ENVIRONMENTAL PROTECTION AGENCY

### 40 CFR Part 52

[EPA-R10-OAR-2012-0183, FRL-9911-09-Region-10]

### Approval and Promulgation of Implementation Plans; Idaho: Infrastructure Requirements for the 2008 Lead National Ambient Air Quality Standards

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** The EPA is approving the February 14, 2012, State Implementation Plan (SIP) submittal from Idaho demonstrating that the SIP meets the infrastructure requirements of the Clean Air Act (CAA) for the National Ambient Air Quality Standards (NAAQS) promulgated for lead (Pb) on October 15, 2008. The CAA requires that each state, after a new or revised NAAQS is promulgated, review their SIP to ensure that it meets the infrastructure requirements necessary to implement the new or revised NAAQS. The EPA finds that the Idaho SIP meets the CAA infrastructure requirements for the 2008 Pb NAAQS.

**DATES:** This final rule is effective on June 23, 2014.

**ADDRESSES:** The EPA has established a docket for this action under Docket Identification No. EPA-R10-OAR-2012-0183. All documents in the docket are listed on the <http://www.regulations.gov> Web site. Although listed in the index, some information may not be publicly available, i.e., Confidential Business Information or other information the disclosure of which is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at EPA Region 10, Office of Air, Waste, and Toxics, AWT-107, 1200 Sixth Avenue, Seattle, Washington 98101. The EPA requests that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 to 4:30, excluding Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Kristin Hall at: (206) 553-6357, [hall.kristin@epa.gov](mailto:hall.kristin@epa.gov), or the above EPA, Region 10 address.

### SUPPLEMENTARY INFORMATION:

Throughout this document wherever "we," "us" or "our" is used, it is intended to refer to the EPA. Information is organized as follows:

#### Table of Contents

- I. Background
- II. Final Action
- III. Statutory and Executive Order Reviews

#### I. Background

Section 110 of the CAA specifies the general requirements for states to submit SIPs to attain and maintain the NAAQS and the EPA's actions regarding approval of those SIPs. On February 14, 2012, Idaho submitted a SIP revision to the EPA demonstrating that the SIP meets the infrastructure requirements of the CAA for the 2008 Pb NAAQS. On March 26, 2014, we proposed approval of Idaho's February 14, 2012, submittal (79 FR 16722). An explanation of the CAA requirements and implementing regulations that are met by this SIP revision, a detailed explanation of the revision, and the EPA's reasons for the proposed action were provided in the notice of proposed rulemaking on March 26, 2014, and will not be restated here (79 FR 16722). The public comment period for our proposed action ended on April 25, 2014, and we received no comments.

#### II. Final Action

The EPA is approving the February 14, 2012, submittal from Idaho demonstrating that the SIP meets the requirements of sections 110(a)(1) and (2) of the CAA for the 2008 Pb NAAQS. Specifically, we find that the Idaho SIP meets the following CAA section 110(a)(2) infrastructure elements for the 2008 Pb NAAQS: (A), (B), (C), (D), (E), (F), (G), (H), (J), (K), (L), and (M). This action is being taken under section 110 of the CAA.

#### III. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under

Executive Order 12866 (58 FR 51735, October 4, 1993);

- does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);

- is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);

- does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);

- does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);

- is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because this action does not involve technical standards; and does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the State, and the EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. A major rule cannot take effect until 60 days after it is published in the **Federal Register**. This action is not a

“major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by July 21, 2014. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2)).

**List of Subjects in 40 CFR Part 52**

Environmental protection, Air pollution control, Incorporation by reference, Lead, Particulate matter, and Reporting and recordkeeping requirements.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: May 1, 2014.

Michelle Pirzadeh,  
Acting Regional Administrator, Region 10.

40 CFR part 52 is amended as follows:

**PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS**

■ 1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

**Subpart N—Idaho**

■ 2. In § 52.670, the table in paragraph (e) is amended by adding an entry at the end of the table for “Section 110(a)(2) Infrastructure Requirements for the 2008 Pb NAAQS.”

The addition reads as follows:

**§ 52.670 Identification of plan.**

**Approval and Promulgation of Implementation Plans; State of Oregon; Approval of Substitution for Transportation Control Measures**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule; notice of administrative change.

**SUMMARY:** The Environmental Protection Agency (EPA) is making an administrative change to update the Code of Federal Regulations (CFR) to reflect a change made to the Oregon State Implementation Plan (SIP) on December 11, 2013. The EPA has concurred on a substitute transportation control measure (TCM) for the Portland Area Carbon Monoxide Maintenance Plan portion of the Oregon SIP. On January 14, 2014, the Oregon Department of Environmental Quality (ODEQ) submitted a revision to the Oregon SIP requesting that the EPA update its SIP to reflect a substitution of

a TCM. The substitution was made pursuant to the TCM substitution provisions contained in the Clean Air Act (CAA). The EPA concurred with this substitution on April 16, 2014. In this administrative action, the EPA is updating the non-regulatory provisions of the Oregon SIP to reflect the substitution. The substitution that the EPA concurred with is an equivalent method for assessing the transit service increase TCM.

**DATES:** This action is effective May 22, 2014.

**ADDRESSES:** SIP materials which are incorporated by reference into 40 CFR part 52 are available for inspection at the following location: US Environmental Protection Agency, Region 10, Office of Air, Waste, and Toxics (OAWT–107), 1200 Sixth Avenue, Seattle, Oregon 98101. Publicly available docket materials are available either electronically at [www.regulations.gov](http://www.regulations.gov) or in hard copy during normal business hours at the Office of Air, Waste and Toxics, EPA Region 10, 1200 Sixth Avenue, Seattle, Washington 98101.

**FOR FURTHER INFORMATION CONTACT:** Justin A. Spenillo, EPA Region 10, (206) 553–6125, [spenillo.justin@epa.gov](mailto:spenillo.justin@epa.gov).

**SUPPLEMENTARY INFORMATION:** Throughout this document, wherever “we”, “us” or “our” are used, it is intended to refer to the EPA.

**Table of Contents**

- I. This Action
- II. Statutory and Executive Order Review

**I. This Action**

On April 16, 2014, the EPA concurred with a determination by the ODEQ and Metro, the metropolitan planning organization for the Portland area, that the replacement of a transit service increase TCM with an equivalent substitute transit service increase TCM met the requirements of CAA section 176(c)(8). (See also EPA’s Guidance for Implementing the CAA section 176(c)(8) Transportation Control Measure Substitution and Addition Provision contained in the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users which was signed into law on August 10, 2005, dated January 2009.) This action provides notice of the EPA’s concurrence with this substitution, and codifies the substitute transportation control measure in the Federally approved Oregon SIP. The substitution replaces the existing transit service increase TCM with a TCM containing an equivalent method for assessing the transit service increase. The substituted TCM is: “Transit Service Increase: Regional transit service revenue hours (weighted by capacity) shall be increased 1.0% per year. The increase shall be assessed on the basis of
