**SUPPLEMENTARY INFORMATION:**

*Title:* Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

*Abstract:* The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration’s commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are

designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

The Agency received no comments in response to the 60-day notice published in the **Federal Register** of February 14, 2014 (FR Vol. 79, No. 31, page 9003).

**RAILROAD RETIREMENT BOARD**

**Proposed Collection; Comment Request**

*Summary:* In accordance with the requirement of Section 3506 (c)(2)(A) of

the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

*Comments are invited on:* (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB’s estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

*Title and purpose of information collection:* Certification of Termination of Service and Relinquishment of Rights; OMB 3220–0016.

Under Section 2(e)(2) of the Railroad Retirement Act (RRA), an age and service annuity, spouse annuity, or divorced spouse annuity cannot be paid unless the Railroad Retirement Board

(RRB) has evidence that the applicant has ceased railroad employment and relinquished rights to return to the service of a railroad employer. Under Section 2(f)(6) of the RRA, earnings deductions are required for each month an annuitant works in certain non-railroad employment termed Last Pre-Retirement Non-Railroad Employment.

Normally, the employee, spouse, or divorced spouse relinquishes rights and certifies that employment has ended as part of the annuity application process. However, this is *not always* the case. In limited circumstances, the RRB utilizes Form G–88, *Certification of Termination of Service and Relinquishment of Rights*, to obtain an applicant’s report of termination of employment and relinquishment of rights. One response is required of each respondent. Completion is required to obtain or retain benefits. The RRB proposes no changes to Form G–88.

*Estimate of Annual Respondent Burden*

The estimated annual respondent burden is as follows:

Form No.	Annual responses	Time (minutes)	Burden (hours)
G–88 .....	3,600	6	360
