Overview of this information collection

1. *Type of Information Collection:* Extension without change of a currently approved collection.

2. *The Title of the Form/Collection:* Supplementary Homicide Report.

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:*

The form number is 1-704. The applicable component within the Department of Justice, the Federal Bureau of Investigation, Criminal Justice Information Services Division.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

The affected public who are asked to voluntarily respond is city, county, state, tribal, and federal U.S. law enforcement. Under Title 28, U.S. Code, Section 534, this information collection requests homicide data from respondents in order for the FBI UCR Program to serve as the national clearinghouse for the collection and dissemination of homicide data and to publish these statistics in Crime in the United States. The SHR provides for the national UCR Program a record of each homicide incident including details regarding the victim, offender, their relationship, the weapon used, and the circumstances in which each criminal homicide, justifiable homicide, and manslaughter by negligence is committed.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* There is a potential of 18,233 law enforcement agency respondents; 11,586 for the Summary Reporting System (SRS) and 6,647 for the National Incident-Based Reporting System (NIBRS). NIBRS burden hours are collected on the NIBRS Information Collection Request. Calculated estimates

for an SRS respondent to respond indicate 9 minutes per month. The total annual burden hour per respondent is 1 hour and 48 minutes.

Total Annual Hour Burden:

9 minutes × 12 months = 108/60 = 1 hour and 48 minutes.

6. *An estimate of the total public burden (in hours) associated with the collection:* There are approximately 20,855 hours, annual burden, associated with this information collection.

11,586 respondents × 12 responses/year = 139,032 total annual responses
139,032 × 9 minutes/60 minutes = 20,855 total annual hour burden

(This burden estimate does not include the 6,696 NIBRS agencies; the NIBRS burden hours are captured in the NIBRS Information Collection Request.)
