The alumni surveys allow participants to provide feedback on program effectiveness approximately one year after completing the GIPA training programs.

The USPTO will use the data collected from the surveys to evaluate the percentage of foreign officials trained by GIPA who have initiated or implemented a positive intellectual

property change in their organization and to evaluate the percentage of foreign officials trained by GIPA who increased their expertise in intellectual property. The data will also be used to evaluate the satisfaction of the participants with the intellectual property program and the value of the experience as it relates to future job performance.
