

On November 1, 2013, the Department of Commerce (Department) published a notice of opportunity to request an administrative review of the antidumping duty order on seamless refined copper pipe and tube from Mexico covering the period November 1, 2012, through October 31, 2013.¹ The Department received a timely request for an antidumping duty administrative review from the petitioners (*i.e.*, Cerro Flow Products, LLC; Wieland Copper Products, LLC; Mueller Copper Tube Products, Inc.; and Mueller Copper Tube Company, Inc.) for the following companies: (1) GD Affiliates S. de R.L. de C.V. (Golden Dragon); (2) IUSA, S.A. de C.V. (IUSA); (3) Luvata Juarez S. de R.L. de C.V. (Luvata Juarez); (4) Luvata Monterrey S. de R.L. de C.V. (Luvata Monterrey); and (5) Nacional de Cobre, S.A. de C.V. (Nacobre). The Department also received timely requests for an antidumping duty administrative review from Golden Dragon and Nacobre. On December 30, 2013, the Department published a notice of initiation of administrative review with respect to these companies.²

On March 31, 2014, the petitioners withdrew their request for an administrative review for all five companies noted above; this submission was timely, pursuant to 19 CFR 351.213(d)(1). On April 7, 2014, Nacobre also withdrew its request for an administrative review. However, because this submission was received after the 90-day deadline for withdrawal requests, on April 8, 2014, the Department denied Nacobre's request as untimely.

Rescission, In Part

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party that requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. The petitioners' request was submitted within the 90-day period and, thus, is timely. Because this withdrawal of request for an antidumping duty administrative review is timely and because no other party requested a review for IUSA, Luvata Juarez, and Luvata Monterrey, in accordance with 19 CFR 351.213(d)(1), we are rescinding this administrative review with respect to these companies.

¹ See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity To Request Administrative Review*, 78 FR 65612 (Nov. 1, 2013).

² See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 78 FR 79392 (Dec. 30, 2013).

We are continuing the administrative review with respect to Golden Dragon and Nacobre because both companies have requested reviews on their own behalf and we did not receive a timely withdrawal of review request from either party.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP 15 days after publication of this notice.

Notification to Importers

This notice serves as a reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with section 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: May 21, 2014.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Certain Steel Threaded Rod From the People's Republic of China: Preliminary Results and Partial Rescission of the Antidumping Duty Administrative Review; 2012-2013

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the "Department") is conducting the fourth administrative review of the antidumping duty order on certain steel threaded rod ("STR") from the People's Republic of China ("PRC"),¹ for the period of review ("POR"), April 1, 2012, to March 31, 2013. The Department preliminarily determines that RMB Fasteners Ltd., IFI & Morgan Ltd., and Jiaying Brother Standard Part Co., Ltd. (collectively "the RMB/IFI Group") sold subject merchandise in the United States at prices below normal value ("NV"). If these preliminary results are adopted in the final results, the Department will instruct U.S. Customs and Border Protection ("CBP") to assess antidumping duties on all appropriate entries of subject merchandise during the POR. Interested parties are invited to comment on these preliminary results.

DATES: *Effective Date:* May 28, 2014.

FOR FURTHER INFORMATION CONTACT: Julia Hancock or Jerry Huang, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1394 or (202) 482-4047, respectively.

SUPPLEMENTARY INFORMATION:

Scope of the Order

The merchandise covered by the order includes steel threaded rod. The subject merchandise is currently classifiable under subheading 7318.15.5051, 7318.15.5056, 7318.15.5090, and 7318.15.2095 of the United States Harmonized Tariff Schedule ("HTSUS"). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise is dispositive.²

Continued

Partial Rescission of the Administrative Review

On September 13, 2013, the Department rescinded this administrative review with respect to seven companies named in the *Initiation Notice* based on the timely withdrawal of requests for review.³ At that time, the Department did not rescind the review for Zhejiang New Oriental Fastener Co., Ltd. (“Zhejiang New Oriental”), because that company had not yet established its entitlement to a separate rate. On November 5, 2013, the Department issued the final results of the third administrative review of the *Order* and granted Zhejiang New Oriental a separate rate.⁴

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. On July 5, 2013, Vulcan Threaded Products, Inc. (“Petitioner”) timely withdrew its request for an administrative review on Zhejiang New Oriental.⁵ No other party had requested a review of Zhejiang New Oriental. Based on the timely withdrawal of the request for review and because Zhejiang New Oriental established its entitlement to a separate rate from a prior segment, the Department is rescinding this administrative review with respect to Zhejiang New Oriental, in accordance with 19 CFR 351.213(d)(1).

PRC-Wide Entity

On July 5, 2013, Petitioner timely withdrew its request for review for 76

companies.⁶ No other party requested a review on these 76 companies.

For those eight companies referenced above for which a review was initiated, for which all review requests have been withdrawn, and which previously received separate rate status in a prior segment of this case, the Department rescinded the administrative review, in part, in accordance with 19 CFR 351.213(d)(1).⁷ Of the four companies for which Petitioner’s requests for review remain standing, other than the mandatory respondent RMB/IFI Group which demonstrated eligibility for a separate rate, none are eligible for separate rate status or rescission, as they did not submit completed separate rate applications or certifications.⁸ Accordingly, the PRC-wide entity is under review for these preliminary results.

None of the remaining 68 companies for which Petitioner withdrew its request for review has a separate rate. While the requests for review of these companies were timely withdrawn, those companies remain a part of the PRC-wide entity. Thus, we are not rescinding this review with respect to these companies at this time, but the Department will make a determination with respect to the PRC-wide entity at the conclusion of these preliminary results and final results.⁹ As a result, all 71 companies for which a review was initiated and which have not established entitlement to a separate rate are under review as part of the PRC-wide entity.¹⁰ For our determination with respect to the PRC-wide entity, see the Preliminary Decision Memorandum.

Methodology

The Department conducted this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the “Act”). Export prices have been calculated in accordance with section 772 of the Act. Because the PRC is a non-market economy (“NME”) within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (“IA ACCESS”). IA ACCESS is available to registered users at <http://iaaccess.trade.gov>, and is available to all parties in the Central Records Unit, Room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at <http://www.trade.gov/enforcement/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

The Department preliminarily determines that the following weighted-average dumping margins exist for the period April 1, 2012, through March 31, 2013:

Exporter	Weighted-average margin (<i>ad valorem</i>)
IFI & Morgan Ltd. and RMB Fasteners Ltd. (collectively “RMB/IFI Group”)	51.43
PRC-Wide Rate ¹¹	206.00

companies and instead correctly initiated on two other companies. See *Initiation of Antidumping and Countervailing Duty Administrative Reviews and Request for Revocation in Part*, 78 FR 53128, 53130, n.6 (August 28, 2013).

Disclosure, Public Comment & Opportunity To Request a Hearing

The Department will disclose the calculations used in our analysis to parties in this review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Interested parties may submit case briefs within 30 days after the date of publication of these preliminary results of review.¹² Rebuttals to case briefs, which must be limited to issues raised in the case briefs, must be filed within five days after the time limit for filing case briefs.¹³ Parties who submit arguments are requested to submit with the argument (a) a statement of the issue, (b) a brief summary of the argument, and (c) a table of authorities.¹⁴ Parties submitting briefs should do so pursuant to the Department's electronic filing system, IA ACCESS.

Any interested party may request a hearing within 30 days of publication of this notice.¹⁵ Hearing requests should contain the following information: (1) The party's name, address, and telephone number; (2) the number of participants; and (3) a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs. If a request for a hearing is made, parties will be notified of the time and date for the hearing to be held at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.¹⁶

The Department intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁷ The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review.

For any individually examined respondent whose weighted average dumping margin is above *de minimis* (*i.e.*, 0.50 percent) in the final results,

the Department will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of sales, in accordance with 19 CFR 351.212(b)(1). Where an importer- (or customer-) specific *ad valorem* rate is greater than *de minimis*, the Department will instruct CBP to collect the appropriate duties at the time of liquidation.¹⁸ Where either a respondent's weighted average dumping margin is zero or *de minimis*, or an importer- (or customer-) specific *ad valorem* is zero or *de minimis*, the Department will instruct CBP to liquidate appropriate entries without regard to antidumping duties.¹⁹ We intend to instruct CBP to liquidate entries containing subject merchandise exported by the PRC-wide entity at the PRC-wide rate.

The Department announced a refinement to its assessment practice in NME cases. Pursuant to this refinement in practice, for entries that were not reported in the U.S. sales databases submitted by companies individually examined during the administrative review, the Department will instruct CBP to liquidate such entries at the PRC-wide rate. Additionally, if the Department determines that an exporter had no shipments of the subject merchandise, any suspended entries that entered under that exporter's case number (*i.e.*, at that exporter's rate) will be liquidated at the PRC-wide rate.²⁰ The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously investigated or reviewed PRC and non-

PRC exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific rate; (3) for all PRC exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter.

These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

These preliminary results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: May 16, 2014.

Pure Magnesium From the People's Republic of China: Notice of Court Decision Not in Harmony With Final Results and Notice of Amended Final Results

SUMMARY: On February 5, 2014, the United States Court of Appeals for the Federal Circuit (“CAFC”) affirmed the judgment of the United States Court of International Trade (“CIT”) sustaining the Department of Commerce’s (“the Department”) final results of redetermination pursuant to remand of the 2008–2009 antidumping duty administrative review of pure magnesium from the People’s Republic of China (“PRC”) (“*Remand Redetermination*”).¹ Consistent with the decision of the CAFC in *Timken Co. v. United States*, 893 F.2d 337 (Fed. Cir. 1990) (“*Timken*”), as clarified by *Diamond Sawblades Mfrs. Coalition v. United States*, 626 F.3d 1374 (CAFC 2010) (“*Diamond Sawblades*”), the Department is notifying the public that the final judgment in this case is not in harmony with the Department’s *Final Results* and is amending the *Final Results* of the administrative review of pure magnesium from the PRC with respect to the margin assigned to Tianjin Magnesium International Co., Ltd. (“TMI”) covering the period of review (“POR”) May 1, 2008, through April 30, 2009.²

DATES: *Effective Date:* December 1, 2012.

Avenue NW., Washington, DC 20230; telephone: (202) 482–4243.

SUPPLEMENTARY INFORMATION: In the *Final Results*, TMI received a calculated margin based upon information it submitted during the review. TMI’s margin was 0.80 percent.³ Both TMI and petitioner challenged the *Final Results* with respect to several issues. Upon review, the CIT remanded the *Final Results*, holding that the Department’s “decision not to apply total adverse facts available to TMI was not supported by substantial evidence in the record and was not in accord with the law.”⁴ On remand, the Department reconsidered its findings and determined to apply total adverse facts available to TMI based upon its submission of falsified documents during the administrative review. The Department assigned TMI an adverse facts available rate of 111.73 percent, thereby replacing the rate of 0.80 percent originally assigned. The CIT sustained the Department’s remand results on November 21, 2012, making the effective date of this notice December 1, 2012.⁵ Furthermore, the CAFC recently affirmed the CIT’s findings in a non-precedential order.⁶

Timken Notice

In its decision in *Timken*, 893 F.2d at 341, as clarified by *Diamond Sawblades*, the CAFC held that, pursuant to section 516A(e) of the Tariff Act of 1930, as amended (“the Act”), the Department must publish a notice of a court decision that is not “in harmony” with a Department determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s November 21, 2012 judgment sustaining the Department’s remand results with respect to TMI constitutes a final decision of that court that is not in harmony with the Department’s *Final Results*. This notice is published in fulfillment of the publication requirements of *Timken*. Accordingly, the Department will continue the suspension of liquidation of the subject merchandise pending the expiration of the period of appeal, or if appealed, pending a final and conclusive court decision. The cash deposit rate will remain the company-specific rate established for the most recent period
