I. Abstract

The National Park Service (NPS) Act of 1916, 38 Stat 535, 16 USC 1, et seq., requires that the NPS preserve national parks for the use and enjoyment of present and future generations. The Visitor Survey Card contains eight questions regarding visitor evaluations of service and facility quality, awareness of park significance, and basic demographic information. Each year, all NPS units nationwide (approximately 330) are required to collect data using the Visitor Survey Card. Data and information collected are used to provide feedback that is used by Superintendents and other managers to develop performance improvement plans. We are, therefore, requesting the renewal of the Visitor Services Card so that we may continue to fulfill our program-specific mission to provide an interdisciplinary approach that ensures the integrated use of social science research in NPS decision making.
