BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[FRL 9911-71-OGC]

Proposed Consent Decree, Clean Air Act Citizen Suit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Proposed Consent Decree; Request for Public Comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended (“CAA” or the “Act”), notice is hereby given of a proposed consent decree to address a lawsuit filed by the Sierra Club and the Natural Resources Defense Council in the United States District Court for the Northern District of California, in which several states have intervened as plaintiff-interveners: *Sierra Club et al. v. McCarthy*, Civil Action No. 3:13-cv-3953-SI (N.D. Cal.). On August 26, 2013, Plaintiffs filed a complaint alleging that Gina McCarthy, in her official capacity as Administrator of the United States Environmental Protection Agency (“EPA”), failed to take timely nondiscretionary action to promulgate and publish the remaining area designations for the 2010 revised primary national ambient air quality standard (“NAAQS”) for sulfur dioxide (“SO₂”). The proposed consent decree would establish deadlines for EPA to take such action.

DATES: Written comments on the proposed consent decree must be received by July 2, 2014.

ADDRESSES: Submit your comments, identified by Docket ID number EPA-HQ-OGC-2014-0421 online at www.regulations.gov (EPA’s preferred method); by email to oei.docket@epa.gov; by mail to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave. NW., Washington, DC 20460-0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave. NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. Comments on a disk or CD-ROM should be formatted in Word or ASCII file, avoiding the use of special characters and any form of encryption, and may be mailed to the mailing address above.

FOR FURTHER INFORMATION CONTACT: Mike Thrift, Air and Radiation Law Office (2344A), Office of General Counsel, U.S. Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460; telephone: (202) 564-5596; fax number: (202) 564-5603; email address: thrift.mike@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Consent Decree

The proposed consent decree would address a lawsuit filed by the Sierra Club and the Natural Resources Defense Council (“Plaintiffs”) seeking to compel the Administrator to take action to promulgate and publish remaining area designations for the 2010 primary SO₂ NAAQS under CAA sections 107(d)(1)(B) and 107(d)(2)(A), 42 U.S.C. 7407(d)(1)(B), 7407(d)(2)(A). Under the terms of the proposed consent decree, to which Plaintiffs and EPA are parties (the Plaintiff-Intervener states have not joined this consent decree), EPA would be required to complete area designations for the 2010 SO₂ NAAQS in three stages. First, on or before the date 16 months from the date of the consent decree, EPA will sign for publication in the **Federal Register** a notice of promulgation of such designations for remaining undesignated areas which: (a) Based on air quality monitoring in the three full calendar years preceding such deadline have monitored violations of the 2010 SO₂ NAAQS; or (b) contain any stationary source that has not been “announced for retirement” and that, according to the data in EPA’s Air Markets Database, either (1) emitted more than 16,000 tons of SO₂ in 2012, or (2) emitted more than 2,600 tons of SO₂ and had an annual average emission rate of 0.45 lbs SO₂/Mmbtu or higher in 2012; where (c) “announced for retirement” means any stationary source in the United States with a coal-fired unit that as of January 1, 2010, had a capacity of over five megawatts and that has announced that it will cease burning coal at that unit through a company public announcement, public utilities commission filing, consent decree, public legal settlement, final state or federal permit filing, or similar means of communication. Second, on or before December 31, 2017, EPA will sign a notice of promulgation of such designations for remaining undesignated areas in which, by January 1, 2017, states have not installed and begun operating a new SO₂ monitoring network meeting EPA specifications referenced in EPA’s anticipated “Data Requirements Rule” rulemaking (proposed at 79 FR 27449 (May 13, 2014)) directing states to collect and analyze additional information regarding SO₂ emissions concentrations. Third, on or before December 31, 2020, EPA will sign a notice of promulgation of such designations for all remaining undesignated areas. In addition, the proposed consent decree arranges for
