SUPPLEMENTARY INFORMATION:

Background

Temporary regulations in the Rules and Regulations section of this issue of the **Federal Register** amend the Income Tax Regulations (26 CFR Part 1) relating to section 41. The temporary regulations provide guidance concerning the election of the alternative simplified credit (ASC) under section 41(c)(5). The text of those regulations also serves as the text of these proposed regulations. The preamble to the temporary regulations explains these proposed regulations.

Special Analyses

It has been determined that this notice of proposed rulemaking is not a significant regulatory action as defined in Executive Order 12866, as supplemented by Executive Order 13563. Therefore, a regulatory assessment is not required. It also has been determined that section 553(b) of the Administrative Procedure Act (5 U.S.C. chapter 5) does not apply to these regulations. It is hereby certified that the

collection of information in these regulations will not have a significant economic impact on a substantial number of small entities. Although a substantial number of small entities may make an ASC election on an amended return pursuant to these regulations, the economic impact of any collection burden on these entities relating to this election is minimal because the regulations will result in a benefit to taxpayers by providing additional time for taxpayer to calculate and elect the ASC. Accordingly, a regulatory flexibility analysis under the Regulatory Flexibility Act (5 U.S.C. chapter 6) is not required. Pursuant to section 7805(f) of the Internal Revenue Code, these regulations will be submitted to the Chief Counsel for Advocacy of the Small Business Administration for comment on their impact on small business.

Comments and Requests for Public Hearing

Before these proposed regulations are adopted as final regulations, consideration will be given to any comments that are submitted timely to the IRS. The Treasury Department and the IRS request comments on all aspects of the proposed rules. All comments will be available at www.regulations.gov or upon request.

A public hearing will be scheduled if requested in writing by any person that timely submits written comments. If a public hearing is scheduled, notice of the date, time, and place for the public hearing will be published in the **Federal Register**.

Drafting Information

The principal author of these regulations is David Selig, Office of Associate Chief Counsel (Passthroughs and Special Industries). However, other personnel from the IRS and the Treasury Department participated in their development.

Target Date Disclosure

AGENCY: Employee Benefits Security Administration, Labor.

ACTION: Proposed rule; reopening of comment period.

SUMMARY: The Department of Labor’s Employee Benefits Security Administration is reopening the period for public comment on proposed regulatory amendments relating to enhanced disclosure concerning target date or similar investments, originally proposed November 30, 2010, in a previously published document in the **Federal Register**. In 2013, the Securities and Exchange Commission’s Investor Advisory Committee recommended that the Commission develop a glide path illustration for target date funds that is based on a standardized measure of fund risk as a replacement for, or supplement to, an asset allocation glide path illustration. The Department is reopening the comment period on its 2010 proposal, which contained an asset allocation glide path illustration requirement, to seek public comment on this recommendation.
