

seq.) to require any national securities exchange, national securities association, alternative trading system, exchange market maker, over-the-counter market maker, and any other broker-dealer that executes orders internally by trading as principal or crossing orders as agent, to establish, maintain, and enforce written policies and procedures reasonably designed to prevent the execution of a transaction in its market at a price that is inferior to a bid or offer displayed in another market at the time of execution (a "trade-though"), absent an applicable exception and, if relying on an exception, that are reasonably designed to assure compliance with the terms of the exception. Without this collection of information, respondents would not have a means to enforce compliance with the Commission's intention to prevent trade-throughs pursuant to the rule.

There are approximately 641 respondents¹ per year that will require an aggregate total of 38,460 hours to comply with this rule. It is anticipated that each respondent will continue to expend approximately 60 hours annually: Two hours per month of internal legal time and three hours per month of internal compliance time to ensure that its written policies and procedures are up-to-date and remain in compliance with Rule 611. The estimated cost for an in-house attorney is \$379 per hour and the estimated cost for an assistant compliance director in the securities industry is \$354 per hour. Therefore the estimated total cost of compliance for the annual hour burden is as follows: [(2 legal hours × 12 months × \$379) × 641] + [(3 compliance hours × 12 months × \$354) × 641] = \$13,999,440.²

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

The public may view background documentation for this information collection at the following Web site:

¹ This estimate includes thirteen national securities exchanges and one national securities association that trade NMS stocks. The estimate also includes the approximately 584 firms that were registered equity market makers or specialists at year-end 2012, as well as 43 alternative trading systems that operate trading systems that trade NMS stocks.

² The total cost of compliance for the annual hour burden has been revised to reflect updated estimated cost figures for an in-house attorney and an assistant compliance director. These figures are from SIFMA's *Management & Professional Earnings in the Securities Industry 2012*, modified by Commission staff for an 1800-hour work-year and multiplied by 5.35 to account for bonuses, firm size, employee benefits, and overhead.

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available

From: Securities and Exchange Commission, Office of Investor Education and Advocacy, Washington, DC 20549-2833.

Extension:

Rule 30b1-5; SEC File No. 270-520, OMB Control No. 3235-0577.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

Rule 30b1-5 (17 CFR 270.30b1-5) under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) (the "Investment Company Act") requires registered management investment companies, other than small business investment companies registered on Form N-5 (17 CFR 239.24 and 274.5) ("funds"), to file a quarterly report via the Commission's EDGAR system on Form N-Q (17 CFR 249.332 and 274.130), not more than sixty calendar days after the close of each first and third fiscal quarter, containing their complete portfolio holdings. The purpose of the collection of information required by rule 30b1-5 is to meet the disclosure requirements of the Investment Company Act and to provide investors with information necessary to evaluate an interest in the fund by improving the transparency of

information about the fund's portfolio holdings.

The Commission estimates that there are 2,460 management investment companies, with a total of approximately 9,640 portfolios that are governed by the rule. For purposes of this analysis, the burden associated with the requirements of rule 30b1-5 has been included in the collection of information requirements of Form N-Q, rather than the rule.

The collection of information under rule 30b1-5 is mandatory. The information provided under rule 30b1-5 is not kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Comments must be submitted to OMB within 30 days of this notice.
