*Title:* Freedom of Information Act (FOIA) Online Request Form

*OMB No.:*

*Description:* The proposal is for an online form for filing a request for ACF documents under the Freedom of Information Act (FOIA). The form prompts requesters to provide all the

information necessary to ensure the most efficient processing of the request: name, address, telephone number, email address, description of the documents sought, date or time frame for the documents sought, limit on fees requester is willing to pay, whether expedited processing or a fee waiver is sought and the justification for the waiver or expedited processing. The online form is voluntary; it is provided purely for the convenience of the requester and is not required to file a FOIA request.

*Respondents:* Individuals, private organizations, businesses, state or local governments seeking access to ACF records under the FOIA.

*Title:* Low Income Home Energy Assistance Program Performance Measures.

*OMB No.:* New Collection.

**Description**

The Low Income Home Energy Assistance Program (LIHEAP) block grant (42 U.S.C. 8621 *et seq.*) was established under Title XXVI of the Omnibus Budget Reconciliation Act of 1981, Public Law 97-35. The Office of Community Services (OCS) within the U.S. Department of Health and Human Services (HHS), Administration for Children and Families (ACF) administers LIHEAP at the federal level.

The LIHEAP statute requires HHS to develop performance measures and report to Congress annually on program impacts on recipient and eligible households. The primary program goals, as articulated in the statute, are to

ensure that benefits are targeted to those households where the greatest program impacts are expected, and to assure that timely resources are available to households experiencing home energy crises.

OCS is seeking authorization to collect data from all state grantees and the District of Columbia that will establish performance indicators of the impact of LIHEAP services on its recipients. Specific data elements OCS is seeking to collect are detailed below.

Broken down by main heating fuel type, report for all households receiving any type of LIHEAP-funded energy bill assistance *and* for all high energy burden households receiving any type of LIHEAP-funded energy bill assistance ("high energy burden households" is defined as the top 25% of all bill assistance households sorted by energy burden for that state):

- Total number of unduplicated households receiving LIHEAP-funded energy bill assistance. Note that the total number of unduplicated households served with LIHEAP funds is a current reporting requirement for the LIHEAP Household Report—Long Form. This new requirement is in addition to that requirement and is a slight variation in that grantees will be asked to exclude households receiving only LIHEAP services that are not related to payment of energy bills (such as weatherization assistance or heating/cooling equipment repairs/replacements).
- Average household income.
