

Amount of the Non-Competitive Award:

- Up to \$1,500,000 (AIR–B Network);
- Up to \$3,000,000 (AIR–P Network).

CFDA Number: 93.110.

Current Project Period: 09/01/2011–08/31/2014.

Period of Funding: 9/1/2014–8/31/2015.

Authority: Public Health Service Act, § 399BB(f) (codified at 42 U.S.C. 280i–1(f)) and the Combating Autism Act of 2006 (Pub. L. 109–416), as amended by the Combating Autism Reauthorization Act of 2011 (Pub. L. 112–32), which is scheduled to sunset on 9/30/2014.

Justification: MCHB is extending funding for the currently funded AIR–B Network on and AIR–P Network programs by 1 year because the authority for these programs is scheduled to sunset on September 30, 2014, and a potential lapse in the

authorization would result in the inability to continue to support them.

Should the legislation be reauthorized, a 1-year extension, beginning on September 1, 2014, will allow the grantees to wrap up current studies; strengthen dissemination efforts to stakeholders including providers, researchers, families, and partners in schools and communities that regularly serve children and adolescents with ASD and their families; and strengthen educational opportunities in communities by enhancing partnerships for community-based participatory research. The networks will also strengthen efforts in completing data analyses, manuscript submissions, and other products, and develop efforts within the approved scope of work for completion during the 1-year extension.

Because research networks are planned and developed as multi-year projects, without reauthorization, these

projects will be initiated but not completed as planned. Should reauthorization not occur, the programs can be completed by the end of the 1-year extension on August 31, 2015. Delaying the competing cycle of the programs by 1 year will also allow MCHB to further examine these autism research networks and develop more effective programs, given the developing science in autism intervention. This will enable MCHB to better address emerging needs from HRSA’s perspective and respond to any legislative authority.
