SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Choice Neighborhoods Evaluation, Phase II.

OMB Approval Number: Pending.

Type of Request: New.

Form Number: No forms.

Description of the need for the information and proposed use: HUD is conducting an evaluation of the Choice Neighborhoods Initiative, focused on the initial round of grants funded in August 2011. This evaluation requires the collection of information from households living in the Choice Neighborhoods sites. Phase I, approved by the Office of Management and Budget under control number 2528-0286, involved a baseline survey of households (http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=201203-2528-001). Phase II, proposed here, involves tracking baseline survey respondents. The purpose of Phase II tracking is to maintain contact and location information for households that participated in the Choice Neighborhoods Demonstration Studies' Baseline Survey to analyze household mobility patterns and achieve a strong response rate on any follow up surveys that the U.S. Department of Housing and Urban Development (HUD) may conduct.

The tracking effort relies primarily on passive tracking strategies that use data obtained from HUD's PIC and TRACS systems, Choice Grantees, National Change of Address (NCOA) Database, and Accurint, to update the contact information for households. Active tracking strategies are used to complement passive strategies.

Respondents (i.e. affected public): This information collection will affect approximately 1,697 households that participated in the Choice Neighborhoods Demonstration Studies' Baseline Survey in 2013-14 in five cities—New Orleans, Chicago, Boston, Seattle, and San Francisco. Affected households include residents of HUD-

assisted properties targeted by the Choice Neighborhoods Initiative as well as residents in the neighborhoods surrounding those properties. The respondents have all agreed to participate in the study.

There are five active tracking strategies that will directly affect Panel members:

1. Three quarters each year, panel members will receive a card/flyer with a toll-free number and Web site address set up for this study that will give respondents the opportunity to update their contact information online or by phone. We estimate that 25 percent of respondents (424) will respond to this flyer and it will take at most 5 minutes. This activity is estimated to result in 424 responses, 101.76 hours, and \$1,387 of burden per year.

2. Once a year, the flyer/card will also contain a perforated mailer and a postage-paid business reply envelope, providing more opportunity for each panel member to update their contact information. We estimate that 90 percent of target development Panel members (675) and 50 percent of neighborhood Panel members (474) will respond to this flyer and it will take at most 5 minutes. This activity is estimated to result in \$1,149 responses, 91.92 hours, and \$1,253 of burden per year.

3. DIR will initiate follow-up phone calls to determine if the most current telephone number(s) in the contact database are correct. This action will only become necessary if there is no response to the annual mailers and there is no online update and the postcard/flyer is returned. DIR estimates that about half of the neighborhood sample (474) and 10 percent of the target development sample (74) will require a follow-up phone call. We estimate this call will take 5 minutes. We estimate that this activity will be successful for 50% of households (237 neighborhood and 37 target). This activity is estimated to result in 274 responses, 21.92 hours, and \$299 of burden per year.

4. After a pre-determined number of unsuccessful telephone attempts (e.g., 3-5), a DIR field locator will visit the household to determine if the head of household still lives there. We estimate about 50 percent of the previous cases are expected to be resolved by telephone contact, with the remaining 50 percent (237 neighborhood and 37 target) being assigned to a field locator. We estimate this field location contact will take 5 minutes. This activity is estimated to result in 274 responses, 21.92 hours, and \$299 of burden per year.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden Hours	Hourly cost per response	Annual cost
Postcard	424	Quarterly ...	3	0.08	101.76	13.63	1,387
Mailing with return envelope	1,149	Annual	1	0.08	91.92	13.63	1,253
Phone calls	274	Annual	1	0.08	21.92	13.63	299
In-person visit	274	Annual	1	0.08	21.92	13.63	299
Total	2,121	237.52	3,238

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

SUPPLEMENTARY INFORMATION:

I. Public Comment Procedures

A. How do I request copies of applications or comment on submitted applications?

Send your request for copies of applications or comments and materials concerning any of the applications to the contact listed under **ADDRESSES**.

Please include the **Federal Register** notice publication date, the PRT-number, and the name of the applicant in your request or submission. We will not consider requests or comments sent to an email or address not listed under **ADDRESSES**. If you provide an email address in your request for copies of applications, we will attempt to respond to your request electronically.

Please make your requests or comments as specific as possible. Please confine your comments to issues for which we seek comments in this notice, and explain the basis for your comments. Include sufficient information with your comments to allow us to authenticate any scientific or commercial data you include.

The comments and recommendations that will be most useful and likely to influence agency decisions are: (1) Those supported by quantitative information or studies; and (2) Those that include citations to, and analyses of, the applicable laws and regulations. We will not consider or include in our administrative record comments we receive after the close of the comment

period (see **DATES**) or comments delivered to an address other than those listed above (see **ADDRESSES**).

B. May I review comments submitted by others?

Comments, including names and street addresses of respondents, will be available for public review at the street address listed under **ADDRESSES**. The public may review documents and other information applicants have sent in support of the application unless our allowing viewing would violate the Privacy Act or Freedom of Information Act. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

II. Background

To help us carry out our conservation responsibilities for affected species, and in consideration of section 10(a)(1)(A) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*), along with Executive Order 13576, "Delivering an Efficient, Effective, and Accountable Government," and the President's Memorandum for the Heads of Executive Departments and Agencies of January 21, 2009—Transparency and Open Government (74 FR 4685; January 26, 2009), which call on all Federal agencies to promote openness and transparency in Government by disclosing information to the public, we invite public comment on these permit applications before final action is taken.
