

with paragraph S5.3 of FMVSS No. 305 would not unreasonably degrade the safety of the vehicle because the vehicle has additional safety features designed to protect vehicle occupants and first responders in the event of a crash. First, Toyota equipped the FCV high voltage sources with physical barriers that they believe would prevent any direct physical contact with live voltage sources after the crash. Second, Toyota ensured that all physical barriers would be grounded to the chassis with a grounding resistance of less than 0.1 ohms. The company states that this would protect against any indirect contact with high voltage sources. Finally, Toyota states that the high voltage sources would continue to maintain an electrical isolation of 100 ohms/volt. Through the combination of these three attributes, Toyota believes that the noncompliance with paragraph S5.3 would not unreasonably degrade the safety of its FCV.

In support of the second basis (overall safety is at least equal to a nonexempt vehicle), Toyota states that its FCV would not meet the current requirements of FMVSS No. 305 in low speed crashes where the automatic disconnect does not activate and Toyota would not be able to sell the vehicle in the United States. However, due to the additional safety features that the company plans to incorporate into its FCVs (i.e., physical barrier + grounding of the physical barriers to the chassis + maintaining electrical isolation of 100 ohms/volt), Toyota believes that their FCV maintains a level of safety that is at least equivalent to a vehicle complying with FMVSS No. 305. In support of this contention, Toyota cites their belief that their FCV would comply with the relevant European standard (ECE R.100) and Global Technical Regulation (GTR) No. 13 which allow manufacturers to ensure electrical safety through methods such as encasing high voltage sources in a physical barrier.

IV. Completeness and Comment Period

Upon receiving a petition, NHTSA conducts an initial review of the petition with respect to whether the petition is complete and whether the petitioner appears to be eligible to apply for the requested exemption. The agency has tentatively concluded that the petition from Toyota is complete and that Toyota is eligible to apply for a temporary exemption. The agency has not made any judgment on the merits of the application, and is placing a non-confidential copy of the petition in the docket.

The agency seeks comment from the public on the merits of Toyota's application for a temporary exemption from the electrical safety requirements in paragraph S5.3 of FMVSS No. 305. We are providing a 30-day comment period. After considering public comments and other available information, we will publish a notice of final action on the application in the **Federal Register**.

Survey of Foreign Ownership of U.S. Securities as of June 30, 2014

AGENCY: Departmental Offices, Department of the Treasury.

ACTION: Notice of reporting requirements.

SUMMARY: By this Notice, the Department of the Treasury is informing the public that it is conducting a mandatory survey of foreign ownership of U.S. securities as of June 30, 2014. This mandatory survey is conducted under the authority of the International Investment and Trade in Services Survey Act (22 U.S.C. 3101 et seq.) This Notice constitutes legal notification to all United States persons (defined below) who meet the reporting requirements set forth in this Notice that they must respond to, and comply with, this survey. Additional copies of the reporting forms SHL (2014) and instructions may be printed from the Internet at: <http://www.treasury.gov/resource-center/data-chart-center/tic/Pages/forms-sh.aspx>.

Definition: A U.S. person is any individual, branch, partnership, associated group, association, estate, trust, corporation, or other organization (whether or not organized under the laws of any State), and any government (including a foreign government, the United States Government, a State or local government, and any agency, corporation, financial institution, or other entity or instrumentality thereof, including a government-sponsored agency), who resides in the United

States or is subject to the jurisdiction of the United States.

Who Must Report: The following U.S. persons must report on this survey:

(1) U.S. persons who manage the safekeeping of U.S. securities (as specified below) for foreign persons. These U.S. persons, who include the affiliates in the United States of foreign entities, and are henceforth referred to as U.S. custodians, must report on this survey if the total market value of the U.S. securities whose safekeeping they manage on behalf of foreign persons—aggregated over all accounts and for all U.S. branches and affiliates of their firm—is \$100 million or more as of June 30, 2014.

(2) U.S. persons who issue securities, if the total market value of their securities owned directly by foreign persons—aggregated over all securities issued by all U.S. subsidiaries and affiliates of the firm, including investment companies, trusts, and other legal entities created by the firm—is \$100 million or more as of June 30, 2014. U.S. issuers should report only foreign holdings of their securities which are directly held for foreign residents, i.e., where no U.S.-resident custodian or central securities depository is used. Securities held by U.S. nominees, such as bank or broker custody departments, should be considered to be U.S.-held securities as far as the issuer is concerned.

(3) U.S. persons who receive a letter from the Federal Reserve Bank of New York that requires the recipient of the letter to file Schedule 1, even if the recipient is under the exemption level of \$100 million and need only report “exempt” on Schedule 1.

What To Report: This report will collect information on foreign resident holdings of U.S. securities, including equities, short-term debt securities (including selected money market instruments), and long-term debt securities.

How To Report: Copies of the survey forms and instructions, which contain complete information on reporting procedures and definitions, may be obtained at the Web site address given above in the Summary, or by contacting the survey staff of the Federal Reserve Bank of New York at (212) 720-6300 or (646) 720-6300, email: SHLA.help@ny.frb.org. When To Report: Data should be submitted to the Federal Reserve Bank of New York, acting as fiscal agent for the Department of the Treasury, by August 29, 2014.

Paperwork Reduction Act Notice: This data collection has been approved by the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act and assigned control number 1505-0123. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid control number assigned by OMB. The estimated average annual burden associated with this collection of information is 486 hours per report for the largest custodians of securities, 110 hours per report for the largest issuers of securities that have data to report and are not custodians, and 16 hours per report for those who file as exempt in a benchmark survey.
