Department Regulatory Agenda; Semiannual Summary**AGENCY:** Office of the Secretary, DOT.**ACTION:** Semiannual regulatory agenda.

SUMMARY: The Regulatory Agenda is a semiannual summary of all current and projected rulemakings, reviews of existing regulations, and completed actions of the Department. The intent of the Agenda is to provide the public with information about the Department of Transportation's regulatory activity planned for the next 12 months. It is expected that this information will enable the public to be more aware of and allow it to more effectively participate in the Department's regulatory activity. The public is also invited to submit comments on any aspect of this Agenda.

FOR FURTHER INFORMATION CONTACT:**General**

You should direct all comments and inquiries on the Agenda in general to Kathryn Sinniger, Assistant General Counsel for Regulation and Enforcement, Department of Transportation, 1200 New Jersey Avenue SE., Washington, DC 20590; (202) 366–4723.

Specific

You should direct all comments and inquiries on particular items in the Agenda to the individual listed for the regulation or the general rulemaking contact person for the operating administration in appendix B. Individuals who use a telecommunications device for the deaf (TDD) may call (202) 755–7687.

SUPPLEMENTARY INFORMATION:**Background**

Improvement of our regulations is a prime goal of the Department of Transportation (Department or DOT). Our regulations should be clear, simple, timely, fair, reasonable, and necessary. They should not be issued without appropriate involvement of the public; once issued, they should be periodically reviewed and revised, as needed, to assure that they continue to meet the needs for which they originally were designed. To view additional information about the Department's regulatory activities online, go to <http://www.dot.gov/regulations>. Among other things, this Web site provides a report, updated monthly, on the status of the DOT significant rulemakings listed in the semiannual regulatory agenda.

To help the Department achieve these goals and in accordance with Executive Order (EO) 12866, "Regulatory Planning and Review," (58 FR 51735; Oct. 4, 1993) and the Department's Regulatory Policies and Procedures (44 FR 11034; Feb. 26, 1979), the Department prepares a semiannual regulatory agenda. It summarizes all current and projected rulemaking, reviews of existing regulations, and completed actions of the Department. These are matters on which action has begun or is projected during the succeeding 12 months or such longer period as may be anticipated or for which action has been completed since the last Agenda.

On January 17, 2014, President Obama signed into law the Consolidated Appropriations Act, 2014 (Pub. L. 113–76), which included language transferring the powers and duties, functions, authorities, and personnel of the Research and Innovative Technology Administration (RITA) to the Office of the Assistant Secretary for Research and Technology (OST–R) in the Office of the Secretary. Thus, the Office of the Assistant Secretary for Research and Technology is now an office within the Office of the Secretary. The bill contained language that any reference in law, regulation, judicial proceeding or elsewhere to RITA shall be deemed a reference to the OST–R. Thus, all current and future rulemaking actions related to RITA will be published using an OST–R regulatory identification number (RIN).

The Agendas are based on reports submitted by the offices initiating the rulemaking and are reviewed by the Department Regulations Council.

The Internet is the basic means for disseminating the Unified Agenda. The complete Unified Agenda is available online at www.reginfo.gov, in a format that offers users a greatly enhanced ability to obtain information from the Agenda database.

Because publication in the **Federal Register** is mandated for the regulatory flexibility agendas required by the Regulatory Flexibility Act (5 U.S.C. 602), DOT's printed Agenda entries include only:

1. The agency's Agenda preamble;
2. Rules that are in the agency's regulatory flexibility agenda, in accordance with the Regulatory Flexibility Act, because they are likely to have a significant economic impact on a substantial number of small entities; and
3. Any rules that the agency has identified for periodic review under section 610 of the Regulatory Flexibility Act.

Printing of these entries is limited to fields that contain information required by the Regulatory Flexibility Act's Agenda requirements. These elements are: Sequence Number; Title; Section 610 Review, if applicable; Legal Authority; Abstract; Timetable; Regulatory Flexibility Analysis Required; Agency Contact; and Regulation Identifier Number (RIN). Additional information (for detailed list, see section heading "Explanation of Information on the Agenda") on these entries is available in the Unified Agenda published on the Internet.

Significant/Priority Rulemakings

The Agenda covers all rules and regulations of the Department. We have classified rules as a DOT agency priority in the Agenda if they are, essentially, very costly, beneficial, controversial, or of substantial public interest under our Regulatory Policies and Procedures. All DOT agency priority rulemaking documents are subject to review by the Secretary of Transportation. If the Office of Management and Budget (OMB) decide a rule is subject to its review under Executive Order 12866, we have classified it as significant in the Agenda.

Explanation of Information on the Agenda

An Office of Management and Budget memorandum, dated February 4, 2014, requires the format for this Agenda.

First, the Agenda is divided by initiating offices. Then, the Agenda is divided into five categories: (1) Prerule

stage, (2) proposed rule stage, (3) final rule stage, (4) long-term actions, and (5) completed actions. For each entry, the Agenda provides the following information: (1) its “significance”; (2) a short, descriptive title; (3) its legal basis; (4) the related regulatory citation in the Code of Federal Regulations; (5) any legal deadline and, if so, for what action (e.g., NPRM, final rule); (6) an abstract; (7) a timetable, including the earliest expected date for a decision on whether to take the action; (8) whether the rulemaking will affect small entities and/or levels of Government and, if so, which categories; (9) whether a Regulatory Flexibility Act (RFA) analysis is required (for rules that would have a significant economic impact on a substantial number of small entities); (10) a listing of any analyses an office will prepare or has prepared for the action (with minor exceptions, DOT requires an economic analysis for all its rulemakings); (11) an agency contact office or official who can provide further information; (12) a Regulation Identifier Number (RIN) assigned to identify an individual rulemaking in the Agenda and facilitate tracing further action on the issue; (13) whether the action is subject to the Unfunded Mandates Reform Act; (14) whether the action is subject to the Energy Act; and (15) whether the action is major under the congressional review provisions of the Small Business Regulatory Enforcement Fairness Act. If there is information that does not fit in the other categories, it will be included under a separate heading entitled “Additional Information.” One such example of this is the letters “SB,” “IC,” and “SLT.” These refer to information used as part of our required reports on Retrospective Review of DOT rulemakings. A “Y” or an “N,” for yes and no, respectively, follow the letters to indicate whether or not a particular rulemaking would have effects on: small businesses (SB); information collections (IC); or State, local, or tribal (SLT) governments.

For nonsignificant regulations issued routinely and frequently as a part of an established body of technical requirements (such as the Federal Aviation Administration’s Airspace Rules), to keep those requirements operationally current, we only include the general category of the regulations, the identity of a contact office or official, and an indication of the expected number of regulations; we do not list individual regulations.

In the “Timetable” column, we use abbreviations to indicate the particular documents being considered. ANPRM stands for Advance Notice of Proposed Rulemaking, SNPRM for Supplemental

Notice of Proposed Rulemaking, and NPRM for Notice of Proposed Rulemaking. Listing a future date in this column does not mean we have made a decision to issue a document; it is the earliest date on which we expect to make a decision on whether to issue it. In addition, these dates are based on current schedules. Information received subsequent to the issuance of this Agenda could result in a decision not to take regulatory action or in changes to proposed publication dates. For example, the need for further evaluation could result in a later publication date; evidence of a greater need for the regulation could result in an earlier publication date.

Finally, a dot (•) preceding an entry indicates that the entry appears in the Agenda for the first time.

Request for Comments

General

Our agenda is intended primarily for the use of the public. Since its inception, we have made modifications and refinements that we believe provide the public with more helpful information, as well as make the Agenda easier to use. We would like you, the public, to make suggestions or comments on how the Agenda could be further improved.

Reviews

We also seek your suggestions on which of our existing regulations you believe need to be reviewed to determine whether they should be revised or revoked. We particularly draw your attention to the Department’s review plan in appendix D. In response to Executive Order 13563 “Retrospective Review and Analysis of Existing Rules,” we have prepared a retrospective review plan providing more detail on the process we use to conduct reviews of existing rules, including changes in response to Executive Order 13563. We provided the public opportunities to comment at www.regulations.gov and Idea Scale on both our process and any existing DOT rules the public thought needed review. The plan and the results of our review can be found at <http://www.dot.gov/regulations> and <http://www.dot.gov/mission/open/open-government>.

Regulatory Flexibility Act

The Department is especially interested in obtaining information on requirements that have a “significant economic impact on a substantial number of small entities” and, therefore, must be reviewed under the Regulatory Flexibility Act. If you have any

suggested regulations, please submit them to us, along with your explanation of why they should be reviewed.

In accordance with the Regulatory Flexibility Act, comments are specifically invited on regulations that we have targeted for review under section 610 of the Act. The phrase (sec. 610 Review) appears at the end of the title for these reviews. Please see appendix D for the Department’s section 610 review plans.

Consultation With State, Local, and Tribal Governments

Executive Orders 13132 and 13175 require us to develop an accountable process to ensure “meaningful and timely input” by State, local, and tribal officials in the development of regulatory policies that have federalism or tribal implications. These policies are defined in the Executive Orders to include regulations that have “substantial direct effects” on States or Indian tribes, on the relationship between the Federal Government and them, or on the distribution of power and responsibilities between the Federal Government and various levels of Government or Indian tribes. Therefore, we encourage State and local Governments or Indian tribes to provide us with information about how the Department’s rulemakings impact them.

Purpose

The Department is publishing this regulatory Agenda in the **Federal Register** to share with interested members of the public the Department’s preliminary expectations regarding its future regulatory actions. This should enable the public to be more aware of the Department’s regulatory activity and should result in more effective public participation. This publication in the **Federal Register** does not impose any binding obligation on the Department or any of the offices within the Department with regard to any specific item on the Agenda. Regulatory action, in addition to the items listed, is not precluded.

Dated: February 25, 2014.

Anthony R. Foxx,
Secretary of Transportation.

Appendix A—Instructions for Obtaining Copies of Regulatory Documents

To obtain a copy of a specific regulatory document in the Agenda, you should communicate directly with the contact person listed with the regulation at the address below. We note that most, if not all, such documents, including the Semiannual Regulatory Agenda, are available through the Internet at <http://www.regulations.gov>. See appendix C for more information.

(Name of contact person), (Name of the DOT agency), 1200 New Jersey Avenue SE.,

Washington, DC 20590. (For the Federal Aviation Administration, substitute the following address: Office of Rulemaking, ARM-1, 800 Independence Avenue SW., Washington, DC 20591).

Appendix B—General Rulemaking Contact Persons

The following is a list of persons who can be contacted within the Department for general information concerning the rulemaking process within the various operating administrations.

FAA—Mark Bury, Chief Counsel, International Law, Legislation and Regulations Division, 800 Independence Avenue SW., Room 915A, Washington, DC 20591; telephone (202) 267-3110.

FHWA—Jennifer Outhouse, Office of Chief Counsel, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-0761.

FMCSA—Steven J. LaFreniere, Regulatory Ombudsman, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-0596.

NHTSA—Steve Wood, Office of Chief Counsel, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-2992.

FRA—Kathryn Shelton, Office of Chief Counsel, 1200 New Jersey Avenue SE., Room W31-214, Washington, DC 20590; telephone (202) 493-6063.

FTA—Bonnie Graves, Office of Chief Counsel, 1200 New Jersey Avenue SE., Room E56-308, Washington, DC 20590; telephone (202) 366-0675.

SLSDC—Carrie Mann Lavigne, Chief Counsel, 180 Andrews Street, Massena, NY 13662; telephone (315) 764-3200.

PHMSA—Karin Christian, Office of Chief Counsel, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-4400.

MARAD—Christine Gurland, Office of Chief Counsel, Maritime Administration, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-5157.

OST—Kathryn Sinniger, Office of Regulation and Enforcement, 1200 New Jersey Avenue SE., Washington, DC 20590; telephone (202) 366-4723.

Appendix C—Public Rulemaking Dockets

All comments via the Internet are submitted through the Federal Docket Management System (FDMS) at the following address: <http://www.regulations.gov>. The FDMS allows the public to search, view, download, and comment on all Federal agency rulemaking documents in one central online system. The above referenced Internet address also allows the public to sign up to receive notification when certain documents are placed in the dockets.

The public also may review regulatory dockets at, or deliver comments on proposed rulemakings to, the Dockets Office at 1200 New Jersey Avenue SE., Room W12-140, Washington, DC 20590, 1-800-647-5527. Working Hours: 9:00 a.m. to 5:00 p.m.

Appendix D—Review Plans for Section 610 and Other Requirements

Part I—The Plan

General

The Department of Transportation has long recognized the importance of regularly reviewing its existing regulations to determine whether they need to be revised or revoked. Our 1979 Regulatory Policies and Procedures require such reviews. We also have responsibilities under Executive Order 12866, “Regulatory Planning and Review,” and section 610 of the Regulatory Flexibility Act to conduct such reviews. This includes the use of plain language techniques in new rules and considering its use in existing rules when we have the opportunity and resources to permit its use. We are committed to continuing our reviews of existing rules and, if needed, will initiate rulemaking actions based on these reviews.

In accordance with Executive Order 13563, “Improving Regulation and Regulatory Review,” issued by the President on January 18, 2011, the Department has added other elements to its review plan. The Department has decided to improve its plan by adding special oversight processes within the Department; encouraging effective and timely reviews, including providing additional guidance on particular problems that warrant review; and expanding opportunities for public participation. These new actions are in addition to the other steps described in this appendix.

Section 610 Review Plan

Section 610 requires that we conduct reviews of rules that: (1) have been published within the last 10 years, and (2) have a “significant economic impact on a substantial number of small entities” (SEIOSNOSE). It also requires that we publish in the **Federal Register** each year a list of any such rules that we will review during the next year. The Office of the Secretary and each of the Department’s Operating Administrations have a 10-year review plan. These reviews comply with section 610 of the Regulatory Flexibility Act.

Changes to the Review Plan

Some reviews may be conducted earlier than scheduled. For example, to the extent resources permit, the plain language reviews will be conducted more quickly. Other events, such as accidents, may result in the need to conduct earlier reviews of some rules. Other factors may also result in the need to make changes; for example, we may make changes in response to public comment on this plan or in response to a presidentially mandated review. If there is any change to the review plan, we will note the change in the following Agenda. For any section 610 review, we will provide the required notice prior to the review.

Part II—The Review Process

The Analysis

Generally, the agencies have divided their rules into 10 different groups and plan to analyze one group each year. For purposes of these reviews, a year will coincide with the fall-to-fall schedule for publication of the

Agenda. Thus, Year 1 (2008) begins in the fall of 2008 and ends in the fall of 2009; Year 2 (2009) begins in the fall of 2009 and ends in the fall of 2010, and so on. We request public comment on the timing of the reviews. For example, is there a reason for scheduling an analysis and review for a particular rule earlier than we have? Any comments concerning the plan or particular analyses should be submitted to the regulatory contacts listed in Appendix B, General Rulemaking Contact Persons.

Section 610 Review

The agency will analyze each of the rules in a given year’s group to determine whether any rule has a SEIOSNOSE and, thus, requires review in accordance with section 610 of the Regulatory Flexibility Act. The level of analysis will, of course, depend on the nature of the rule and its applicability. Publication of agencies’ section 610 analyses listed each fall in this Agenda provides the public with notice and an opportunity to comment consistent with the requirements of the Regulatory Flexibility Act. We request that public comments be submitted to us early in the analysis year concerning the small entity impact of the rules to help us in making our determinations.

In each fall Agenda, the agency will publish the results of the analyses it has completed during the previous year. For rules that had a negative finding on SEIOSNOSE, we will give a short explanation (e.g., “these rules only establish petition processes that have no cost impact” or “these rules do not apply to any small entities”). For parts, subparts, or other discrete sections of rules that do have a SEIOSNOSE, we will announce that we will be conducting a formal section 610 review during the following 12 months. At this stage, we will add an entry to the Agenda in the prerulemaking section describing the review in more detail. We also will seek public comment on how best to lessen the impact of these rules and provide a name or docket to which public comments can be submitted. In some cases, the section 610 review may be part of another unrelated review of the rule. In such a case, we plan to clearly indicate which parts of the review are being conducted under section 610.

Other Reviews

The agency will also examine the specified rules to determine whether any other reasons exist for revising or revoking the rule or for rewriting the rule in plain language. In each fall Agenda, the agency will also publish information on the results of the examinations completed during the previous year.

Part III—List of Pending Section 610 Reviews

The Agenda identifies the pending DOT section 610 Reviews by inserting “(Section 610 Review),” after the title for the specific entry. For further information on the pending reviews, see the Agenda entries at www.reginfo.gov. For example, to obtain a list of all entries that are in section 610 Reviews under the Regulatory Flexibility Act, a user would select the desired responses on the search screen (by selecting “advanced

search”) and, in effect, generate the desired “index” of reviews.

OFFICE OF THE SECRETARY
SECTION 610 AND OTHER REVIEWS

Year	Regulations to be reviewed	Analysis year	Review year
1	49 CFR parts 91 through 99 and 14 CFR parts 200 through 212	2008	2009
2	48 CFR parts 1201 through 1253 and new parts and subparts	2009	2010
3	14 CFR parts 213 through 232	2010	2011
4	14 CFR parts 234 through 254	2011	2012
5	14 CFR parts 255 through 298 and 49 CFR part 40	2012	2013
6	14 CFR parts 300 through 373	2013	2014
7	14 CFR parts 374 through 398	2014	2015
8	14 CFR part 399 and 49 CFR parts 1 through 11	2015	2016
9	49 CFR parts 17 through 28	2016	2017
10	49 CFR parts 29 through 39 and parts 41 through 89	2017	2018

Year 1 (fall 2008) List of rules with ongoing analysis

- 49 CFR part 91—International Air Transportation Fair Competitive Practices
- 49 CFR part 92—Recovering Debts to the United States by Salary Offset
- 49 CFR part 98—Enforcement of Restrictions on Post-Employment Activities
- 49 CFR part 99—Employee Responsibilities and Conduct
- 14 CFR part 200—Definitions and Instructions
- 14 CFR part 201—Air Carrier Authority Under Subtitle VII of Title 49 of the United States Code [Amended]
- 14 CFR part 203—Waiver of Warsaw Convention Liability Limits and Defenses
- 14 CFR part 204—Data To Support Fitness Determinations
- 14 CFR part 205—Aircraft Accident Liability Insurance
- 14 CFR part 206—Certificates of Public Convenience and Necessity: Special Authorizations and Exemptions
- 14 CFR part 207—Charter Trips by U.S. Scheduled Air Carriers
- 14 CFR part 208—Charter Trips by U.S. Charter Air Carriers
- 14 CFR part 211—Applications for Permits to Foreign Air Carriers
- 14 CFR part 212—Charter Rules for U.S. and Foreign Direct Air Carriers

Year 3 (fall 2010) List of rules with ongoing analysis

- 14 CFR part 213—Terms, Conditions, and Limitations of Foreign Air Carrier Permits
- 14 CFR part 214—Terms, Conditions, and Limitations of Foreign Air Carrier Permits Authorizing Charter Transportation Only
- 14 CFR part 215—Use and Change of Names of Air Carriers, Foreign Air Carriers, and Commuter Air Carriers
- 14 CFR part 216—Commingleing of Blind Sector Traffic by Foreign Air Carriers

- 14 CFR part 217—Reporting Traffic Statistics by Foreign Air Carriers in Civilian Scheduled, Charter, and Nonscheduled Services
- 14 CFR part 218—Lease by Foreign Air Carrier or Other Foreign Person of Aircraft With Crew
- 14 CFR part 221—Tariffs
- 14 CFR part 222—Intermodal Cargo Services by Foreign Air Carriers
- 14 CFR part 223—Free and Reduced-Rate Transportation
- 14 CFR part 232—Transportation of Mail, Review of Orders of Postmaster General

Year 4 (fall 2011) List of rules with ongoing analysis

- 14 CFR part 240—Inspection of Accounts and Property
- 14 CFR part 241—Uniform System of Accounts and Reports for Large Certificated Air Carriers
- 14 CFR part 243—Passenger Manifest Information
- 14 CFR part 247—Direct Airport-to-Airport Mileage Records
- 14 CFR part 248—Submission of Audit Reports
- 14 CFR part 249—Preservation of Air Carrier Records

Year 5 (fall 2012) List of rules with ongoing analysis

- 14 CFR part 255—Airline Computer Reservations Systems
- 14 CFR part 256—[Reserved]
- 14 CFR part 271—Guidelines for Subsidizing Air Carriers Providing Essential Air Transportation
- 14 CFR part 272—Essential Air Service to the Freely Associated States
- 14 CFR part 291—Cargo Operations in Interstate Air Transportation
- 14 CFR part 292—International Cargo Transportation
- 14 CFR part 293—International Passenger Transportation
- 14 CFR part 294—Canadian Charter Air Taxi Operators

- 14 CFR part 296—Indirect Air Transportation of Property
- 14 CFR part 297—Foreign Air Freight Forwarders and Foreign Cooperative Shippers Associations
- 14 CFR part 298—Exemptions for Air Taxi and Commuter Air Carrier Operations

Year 6 (2013) List of rules that will be analyzed during the next year

- 14 CFR part 300—Rules of Conduct in DOT Proceedings Under This Chapter
- 14 CFR part 302—Rules of Practice in Proceedings
- 14 CFR part 303—Review of Air Carrier Agreements
- 14 CFR part 305—Rules of Practice in Informal Nonpublic Investigations
- 14 CFR part 313—Implementation of the Energy Policy and Conservation Act
- 14 CFR part 323—Terminations, Suspensions, and Reductions of Service
- 14 CFR part 325—Essential Air Service Procedures
- 14 CFR part 330—Procedures for Compensation of Air Carriers
- 14 CFR part 372—Overseas Military Personnel Charters

Federal Aviation Administration
Section 610 Review Plan

The FAA has elected to use the two-step, 2-year process used by most DOT modes in past plans. As such, the FAA has divided its rules into 10 groups as displayed in the table below. During the first year (the “analysis year”), all rules published during the previous 10 years within a 10 percent block of the regulations will be analyzed to identify those with a SEIOSNOSE. During the second year (the “review year”), each rule identified in the analysis year as having a SEIONOSE will be reviewed in accordance with Section 610(b) to determine if it should be continued without change or changed to minimize impact on small entities. Results of those reviews will be published in the DOT Semiannual Regulatory Agenda.

Year	Regulations to be reviewed	Analysis year	Review year
1	14 CFR parts 119 through 129 and parts 150 through 156	2008	2009
2	14 CFR parts 133 through 139 and parts 157 through 169	2009	2010
3	14 CFR parts 141 through 147 and parts 170 through 187	2010	2011

Year	Regulations to be reviewed	Analysis year	Review year
4	14 CFR parts 189 through 198 and parts 1 through 16	2011	2012
5	14 CFR parts 17 through 33	2012	2013
6	14 CFR parts 34 through 39 and parts 400 through 405	2013	2014
7	14 CFR parts 43 through 49 and parts 406 through 415	2014	2015
8	14 CFR parts 60 through 77	2015	2016
9	14 CFR parts 91 through 105	2016	2017
10	14 CFR parts 417 through 460	2017	2018

Year 6 (2013) List of rules analyzed and summary of results

- 14 CFR Part 34—Fuel Venting and Exhaust Emission Requirements for Turbine Engine Powered Airplanes
 - Section 610: The agency conducted a Section 610 review of this part and found no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FAA’s plain language review of these rules indicates no need for substantial revision.
- 14 CFR Part 35—Airworthiness Standards: Propellers
 - Section 610: The agency conducted a Section 610 review of this part and found no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FAA’s plain language review of these rules indicates no need for substantial revision.
- 14 CFR Part 36—Noise Standards: Aircraft Type and Airworthiness Certification
 - Section 610: The agency conducted a Section 610 review of this part and found no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FAA’s plain language

- review of these rules indicates no need for substantial revision.
- 14 CFR Part 39—Airworthiness Directives
 - Section 610: No amendments to the codified text of this part were promulgated during the period of review, thus there is no SEIOSNOSE.
 - General: No changes are needed.
- 14 CFR Part 400—Basis and Scope
 - Section 610: The agency conducted a Section 610 review of this part and found no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FAA’s plain language review of these rules indicates no need for substantial revision.
- 14 CFR Part 401—Organization and Definitions
 - Section 610: The agency conducted a Section 610 review of this part and found no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FAA’s plain language review of these rules indicates no need for substantial revision.
- 14 CFR Part 404—Regulations and Licensing Requirements
 - Section 610: The agency conducted a Section 610 review of this part and found no SEIOSNOSE.

- General: No changes are needed. These regulations are cost effective and impose the least burden. FAA’s plain language review of these rules indicates no need for substantial revision.
- 14 CFR Part 405—Investigations and Enforcement
 - Section 610: The agency conducted a Section 610 review of this part and found no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FAA’s plain language review of these rules indicates no need for substantial revision.

Year 7 (2014) List of rules that will be analyzed during the next year

- 14 CFR part 43—Maintenance, Preventive Maintenance, Rebuilding, and Alteration
- 14 CFR part 45—Identification and Registration Marking
- 14 CFR part 47—Aircraft Registration
- 14 CFR part 49—Recording of Aircraft Titles and Security Documents
- 14 CFR part 406—Investigations, Enforcement, and Administrative Review
- 14 CFR part 413—License Application Procedures
- 14 CFR part 414—Safety Approvals
- 14 CFR part 415—Launch License

FEDERAL HIGHWAY ADMINISTRATION SECTION 610 AND OTHER REVIEWS

Year	Regulations to be reviewed	Analysis year	Review year
1	None	2008	2009
2	23 CFR parts 1 to 260	2009	2010
3	23 CFR parts 420 to 470	2010	2011

Federal-Aid Highway Program

The Federal Highway Administration (FHWA) has adopted regulations in title 23 of the CFR, chapter I, related to the Federal-Aid Highway Program. These regulations implement and carry out the provisions of Federal law relating to the administration of Federal aid for highways. The primary law authorizing Federal aid for highways is chapter I of title 23 of the U.S.C. section 145 of title 23 expressly provides for a federally assisted State program. For this reason, the regulations adopted by the FHWA in title 23

of the CFR primarily relate to the requirements that States must meet to receive Federal funds for the construction and other work related to highways. Because the regulations in title 23 primarily relate to States, which are not defined as small entities under the Regulatory Flexibility Act, the FHWA believes that its regulations in title 23 do not have a significant economic impact on a substantial number of small entities. The FHWA solicits public comment on this preliminary conclusion.

Year 5 (fall 2012) List of rules analyzed and a summary of results

- 23 CFR part 620—Engineering
 - Section 610: No SEIOSNOSE. No small entities are affected.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FHWA’s plain language review of these rules indicates no need for substantial revision.
- 23 CFR part 625—Design Standards for Highways

- Section 610: No SEIOSNOSE. No small entities are affected.
- General: These regulations are cost effective and impose the least burden. FHWA's plain language review of these rules indicates no need for substantial revision. The FHWA will update Section 625.4 (Standards, Policies, and Standard Specifications) to reflect the most current information.
- 23 CFR part 626—Pavement Policy
 - Section 610: No SEIOSNOSE. No small entities are affected.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FHWA's plain language review of these rules indicates no need for substantial revision.
- 23 CFR part 627—Value Engineering
 - Section 610: No SEIOSNOSE. No small entities are affected.
 - General: These regulations are cost effective and impose the least burden. FHWA's plain language review of these rules indicates no need for substantial revision. These regulations are being updated to incorporate changes made to this part by MAP-21.
- 23 CFR part 630—Preconstruction Procedures
 - Section 610: No SEIOSNOSE. No small entities are affected.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FHWA's plain language review of these rules indicates no need for substantial revision.
- 23 CFR part 633—Required Contract Provisions
 - Section 610: No SEIOSNOSE. No small entities are affected.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FHWA's plain language review of these rules indicates no need for substantial revision.
- 23 CFR part 635—Construction and Maintenance
 - Section 610: No SEIOSNOSE. No small entities are affected.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FHWA's plain language review of these rules indicates no need for substantial revision.
- 23 CFR part 636—Design-Build Contracting
 - Section 610: No SEIOSNOSE. No small entities are affected.
 - General: These regulations are cost effective and impose the least burden. FHWA's plain language review of these rules indicates no need for substantial revision. These regulations are being updated at 23 CFR 636.209 to allow proposers to submit technical and price proposals based on their preapproved alternative technical concepts without submitting a base proposal to encourage a wider use of alternative technical concepts in design-build project delivery.
- 23 CFR part 637—Construction Inspection and Approval
 - Section 610: No SEIOSNOSE. No small entities are affected.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FHWA's plain language review of these rules indicates no need for substantial revision.

Year 6 (fall 2013) List of rules that will be analyzed during the next year

- 23 CFR part 645—Utilities
- 23 CFR part 646—Railroads
- 23 CFR part 650—Bridges, structures, and hydraulics
- 23 CFR part 652—Pedestrian and bicycle accommodations and projects
- 23 CFR part 655—Traffic Operations
- 23 CFR part 656—Carpool and vanpool projects
- 23 CFR part 657—Certification of size and weight enforcement
- 23 CFR part 658—Truck size and weight, route designations—length, width, and weight limitations
- 23 CFR part 660—Special programs (Direct Federal)
- 23 CFR part 661—Indian Reservation Road Bridge Program
- 23 CFR part 667—[Reserved]
- 23 CFR part 668—Emergency relief program
- 23 CFR part 669—Enforcement of heavy vehicle use tax

Year 5 (fall 2012) List of rules analyzed and a summary of the results

- 49 CFR part 571.101—Controls and Displays
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.
- 49 CFR part 571.102—Transmission Shift Position Sequence, Starter Interlock, and Transmission Braking Effect
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.
- 49 CFR part 571.103—Windshield Defrosting and Defogging Systems
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.
- 49 CFR part 571.104—Windshield Wiping and Washing Systems
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.
- 49 CFR part 571.105—Hydraulic and Electric Brake Systems
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.
- 49 CFR part 571.106—Brake Hoses
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.
- 49 CFR part 571.108—Lamps, Reflective Devices, and Associated Equipment
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.

- 49 CFR part 571.109—New Pneumatic and Certain Specialty Tires
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.
- 49 CFR part 571.110—Tire Selection and Rims and Motor Home/Recreation Vehicle Trailer Load Carrying Capacity Information for Motor Vehicles with a GVWR of 4,536 Kilograms (10,000 Pounds) or Less
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.
- 49 CFR part 571.135—Light Vehicle Brake Systems
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.
- 49 CFR part 571.138—Tire Pressure Monitoring Systems
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.
- 49 CFR part 571.139—New Pneumatic Radial Tires for Light Vehicles
 - Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. NHTSA’s plain language review of these rules indicates no need for substantial revision.

Year 6 (fall 2013) List of rules that will be analyzed during the next year

- 49 CFR part 529—Manufacturers of Multistage Automobiles
- 49 CFR part 531—Passenger Automobile Average Fuel Economy Standards
- 49 CFR part 533—Light Truck Fuel Economy Standards
- 49 CFR part 534—Rights and Responsibilities of Manufacturers in the Context of Changes in Corporate Relationships
- 49 CFR part 535—Medium- and Heavy-Duty Vehicle Fuel Efficiency Program

- 49 CFR part 536—Transfer and Trading of Fuel Economy Credits
- 49 CFR part 537—Automotive Fuel Economy Reports
- 49 CFR part 538—Manufacturing Incentives for Alternative Fuel Vehicles
- 49 CFR part 541—New Pneumatic and Certain Specialty Tires
- 49 CFR part 542—Procedures for Selecting Light Duty Truck Lines to be Covered by the Theft Prevention Standard
- 49 CFR part 543—Exemption from Vehicle Theft Prevention Standard
- 49 CFR part 544—Insurer Reporting Requirements
- 49 CFR part 545—Federal Motor Vehicle Theft Prevention Standard Phase-in and Small-Volume Line Reporting Requirements
- 49 CFR part 551—Procedural Rules

Year 5 (fall 2012) List of rules analyzed and a summary of results

- 49 CFR part 218—Railroad Operating Practices
- Section 610: There is no SEIOSNOSE.
 - General: The rule prescribes minimum requirements for railroad operating rules and practices. No changes are needed. FRA’s plain language review of this rule indicates no need for substantial revision.
- 49 CFR part 221—Rear End Marking Device—Passenger, Commuter, and Freight Trains
- Section 610: There is no SEIOSNOSE.
 - General: Since the rule prescribes minimum requirements for railroads to equip the rear car of passenger,

commuter, and freight trains with highly visible markers it will provide safety and security not only for railroad employees but also for the general public. No changes are needed. FRA’s plain language review of this rule indicates no need for substantial revision.

- 49 CFR part 241—United States Locational Requirement for Dispatching of United States Rail Operations
- Section 610: There is no SEIOSNOSE.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. FRA’s plain language review of this rule indicates no need for substantial revision.
- 49 CFR part 244—Regulations on Safety Integration Plans Governing Railroad

Consolidations, Mergers, and Acquisitions of Control

- Section 610: There is no SEIOSNOSE.
- General: No changes are needed. FRA’s plain language review of this rule indicates no need for substantial revision.

Year 6 (fall 2013) List of rule(s) that will be analyzed during next year

- 49 CFR part 216—Special Notice and Emergency Order Procedures: Railroad Track, Locomotive, and Equipment
- 49 CFR part 228—Hours of Service of Railroad Employees; Recordkeeping and Reporting; Sleeping Quarters
- 49 CFR part 229—Railroad Locomotive Safety Standards

FEDERAL TRANSIT ADMINISTRATION
SECTION 610 AND OTHER REVIEWS

Year	Regulations to be reviewed	Analysis year	Review year
1	49 CFR parts 604, 605, and 633	2008	2009
2	49 CFR parts 661 and 665	2009	2010
3	49 CFR part 633	2010	2011
4	49 CFR parts 609 and 611	2011	2012
5	49 CFR parts 613 and 614	2012	2013
6	49 CFR part 622	2013	2014
7	49 CFR part 630	2014	2015
8	49 CFR part 639	2015	2016
9	49 CFR parts 659 and 663	2016	2017
10	49 CFR part 665	2017	2018

Year 4 (fall 2011) List of rules analyzed and summary of results

- 49 CFR part 609—Transportation for Elderly and Handicapped Persons
- Section 610: The agency has determined that the rule does not have a significant effect on a substantial number of small entities.
 - General: This rule was promulgated to enact the statutory requirements of sections 49 U.S.C. 5307(d) and 5308(b) to establish requirements for determining the maximum fare that can assessed for the transportation of elderly persons and persons with disabilities during a public transportation’s period of off-peak hours. Recently, Congress enacted the Moving

Ahead for Progress in the 21st Century Act (MAP-21), Public Law 112-141, (2012). The underlying purpose for the rule was unchanged by Map-21; however, the reference to maximum fares in section 5308(b) was repealed long ago and MAP-21 amended 49 U.S.C. section 5307. Therefore, in Fiscal Year 2014, FTA plans to issue a rulemaking to implement technical corrections to the authority and applicability sections of 49 CFR part 609.

- 49 CFR part 611—Major Capital Investment Projects
- Section 610: The agency has determined that the rule does not have a significant effect on a substantial number of small entities. FTA recently revised the rule

and evaluated the likely effects of the final rule on small entities and requested public comment during the rulemaking process. FTA determined that the rule does not have a significant economic impact on a substantial number of small entities because small entities do not generally undertake the development of major capital projects. There were no public comments submitted on this issue during the rulemaking process.

- General: FTA revised part 611 via a final rule in January 2013, in order to implement recent MAP-21 amendments to 49 U.S.C. section 5309 (see 78 FR 1992). The “New Starts” and “Small Starts” programs authorized by section 5309 are FTA’s primary capital funding

programs for new or extended transit systems. Part 611 of the Code of Federal Regulations outlines the process by which FTA rates and evaluates grants proposals for these programs. With the revised rule, FTA has significantly streamlined its evaluation process for both programs.

Year 5 (fall 2012) List of rule(s) analyzed and summary of results

49 CFR part 613—Planning Assistance and Standards

- Section 610: The Agency has determined that the rule does not have a significant effect on a substantial number of small entities because it is only applicable to States and metropolitan planning organizations that are not included in the

definition of small entity as set forth in 5 U.S.C. 601.

- General: The rule was promulgated to govern the development of metropolitan transportation plans and programs for urbanized areas, State transportation plans and programs, and the congestion management process. Recently, Congress amended the planning statutes when it enacted the Moving Ahead for Progress in the 21st Century Act (MAP-21), Public Law 112-141, (2012). In Fiscal Year 2014, FTA will undertake a joint notice of proposed rulemaking with FHWA in order to revise the regulations consistent with current statutory requirements. In doing so, FHWA and FTA will propose establishing a performance-based approach to transportation decisionmaking.

49 CFR part 614—Transportation Infrastructure Management

- Section 610: The Agency has determined that the rule does not have a significant effect on a substantial number of small entities as it only cross-references 23 CFR part 500, a FHWA regulation that is applicable to States.
- General: No changes are needed at this time. However, FTA will continue to work with FHWA to assess whether or not technology will warrant revisions to the regulation.

SECTION 610 AND OTHER REVIEWS**

Year	Regulations to be reviewed	Analysis year	Review year
1	49 CFR part 178	2008	2009
2	49 CFR parts 178 through 180	2009	2010
3	49 CFR parts 172 and 175	2010	2011
4	49 CFR part 171, sections 171.15 and 171.16	2011	2012
5	49 CFR parts 106, 107, 171, 190, and 195	2012	2013
6	49 CFR parts 174, 177, 191, and 192	2013	2014
7	49 CFR parts 176 and 199	2014	2015
8	49 CFR parts 172 through 178	2015	2016
9	49 CFR parts 172, 173, 174, 176, 177, and 193	2016	2017
10	49 CFR parts 173 and 194	2017	2018

Year 5 (fall 2012) List of rules analyzed and a summary of results

49 CFR part 106—Rulemaking Procedures

49 CFR part 107—Hazardous Materials Program Procedures

49 CFR part 171—General Information, Regulations, and Definitions

- Section 610: There is no SEIOSNOSE. On May 9, 2013 (78 FR 27169) PHMSA published the intent to review and analyze regulations in its Unified

Agenda and Regulatory Plan to identify requirements that may have a significant impact on a substantial number of small entities. Specifically, PHMSA provided an initial review and requested comments on the impact of the rules in

49 CFR parts 106, 107, and 171 on small businesses. In addition, PHMSA asked the following questions of small businesses:

1. How and to what degree these rules affect you;
2. Any complaints or comments you may have concerning the covered rules;
3. The complexity of the covered rules;
4. The extent to which the rules overlap, duplicate, or conflict with other Federal rules, and to the extent feasible, with State and local Government rules; and
5. The extent of the economic impact on you and why you believe the economic impact is significant.

Two comments were received in response to the notice (notice and comments are available for review at: <http://www.regulations.gov>; under Docket No. PHMSA-2013-0027). The comments did not directly relate to the rules under review or the impacts of those rules on small businesses. Based on PHMSA's initial review of these rules and

evaluation of the comments received, the Agency has determined that the rules do not have a significant effect on a substantial number of small entities.

- General: No changes are needed. These regulations are cost effective and impose the least burden. PHMSA's plain language review of this rule indicates no need for substantial revision.
- 49 CFR part 190—Pipeline Safety Programs and Rulemaking Procedures
- Section 610: There is no SEIOSNOSE. Based on regulated entities, PHMSA found that the majority of operators are not small businesses. Therefore, though some small entities may be affected, the economic impact on small entities will not be significant.
 - General: No changes are needed. These regulations are cost effective and impose the least burden. PHMSA's plain language review indicates no need for substantial revision.
- 49 CFR part 195—Transportation of Hazardous Liquids by Pipeline

- Section 610: There is no SEIOSNOSE. Based on regulated entities, PHMSA found that the majority of operators are not small businesses. Therefore, though some small entities may be affected, the economic impact on small entities will not be significant.
- General: No changes are needed. These regulations are cost effective and impose the least burden. PHMSA's plain language review indicates no need for substantial revision.

DEPARTMENT OF TRANSPORTATION (DOT)*Office of the Secretary (OST)*

Proposed Rule Stage

209. +Airline Pricing Transparency and Other Consumer Protection Issues*Legal Authority:* 49 U.S.C. 41712; 49 U.S.C. 40101; 49 U.S.C. 41702

Abstract: The Department is seeking comment on a number of proposals to enhance protections for air travelers and to improve the air travel environment, including a proposal to clarify and codify the Department's interpretation of the statutory definition of "ticket agent." This NPRM would also require airlines and ticket agents

to disclose at all points of sale the fees for certain basic ancillary services associated with the air transportation consumers are buying or considering buying. Other proposals in this NPRM to enhance airline passenger protections include: Expanding the pool of "reporting" carriers; requiring enhanced reporting by mainline carriers for their domestic code-share partner operations; requiring large travel agents to adopt minimum customer service standards; codifying the statutory requirements that carriers and ticket agents disclose any code-share arrangements on their Web sites; and prohibiting unfair and deceptive practices such as undisclosed biasing and post-purchase price increases. The Department is also considering whether to require ticket

agents to disclose the carriers whose tickets they sell in order to avoid having consumers mistakenly believe they are searching all possible flight options for a particular city-pair market when in fact there may be other options available. Additionally, this NPRM would correct drafting errors and make minor changes to the Department's second Enhancing Airline Passenger Protections rule to conform to guidance issued by the Department's Office of Aviation Enforcement and Proceedings (Enforcement Office) regarding its interpretation of the rule.

Federal Aviation Administration (FAA)

Prerule Stage

210. +Drug and Alcohol Testing of Certain Maintenance Provider Employees Located Outside of the United States

Legal Authority: 14 CFR; 49 U.S.C. 106(g); 49 U.S.C. 40113; 49 U.S.C. 44701; 49 U.S.C. 44702; 49 U.S.C. 44707; 49 U.S.C. 44709; 49 U.S.C. 44717

Abstract: This rulemaking is required by the FAA Modernization and Reauthorization Act of 2012. It would require controlled substance testing of some employees working in repair stations located outside the United States. The intended effect is to increase participation by companies outside of the United States in testing of employees who perform safety critical functions and testing standards similar to those used in the repair stations located in the United States. This action is necessary to increase the level of safety of the flying public.

Proposed Rule Stage

211. +Operation and Certification of Small Unmanned Aircraft Systems (SUAS)

Legal Authority: 49 U.S.C. 44701; Pub. L. 112-95

Abstract: This rulemaking would adopt specific rules for the operation of small unmanned aircraft systems (sUAS) in the national airspace system. These changes would address the classification of small unmanned aircraft, certification of their pilots and visual observers, registration, approval of operations, and operational limits in order to increase the safety and efficiency of the national airspace system.

212. +Flight Simulation Training Device (FSTD) Qualification Standards for Extended Envelope and Adverse Weather Event Training

Legal Authority: 49 U.S.C. 106(g); 49 U.S.C. 40113; 49 U.S.C. 44701; Pub. L. 111-216

Abstract: This rulemaking would amend evaluation qualifications for simulators to ensure the simulators are technically capable of performing new flight training tasks as identified in the Airline Safety and Federal Aviation Administration Extension Act of 2010 (Pub. L. 111-216) and that are included in a separate rulemaking (2120-AJ00). By ensuring the simulators provide an accurate and realistic simulation, this rulemaking would allow for training on the following tasks: (1) Full/aerodynamic stall, and (2) upset recognition and recovery, as identified in Pub. L. 111-216. Furthermore, this rulemaking would improve the minimum FSTD evaluation requirements for gusting crosswinds (takeoff/landing), engine and airframe icing, and bounced landing recovery methods in response to NTSB and Aviation Rulemaking Committee recommendations. The intended effect is to ensure an adequate level of simulator fidelity.

Legal Authority: 49 U.S.C. 44701(a)(5); Pub. L. 111-216, sec 206

Abstract: This rulemaking would amend the regulations for air carrier training programs under part 121. The action is necessary to ensure that air carriers establish or modify training programs that address mentoring, leadership, and professional development of flight crewmembers in part 121 operations. The amendments are intended to contribute significantly to airline safety by reducing aviation accidents and respond to the mandate in Public Law 111-216.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION (DOT)

Federal Motor Carrier Safety Administration (FMCSA)

Proposed Rule Stage

215. +Carrier Safety Fitness Determination

Legal Authority: Sec. 4009 of TEA–21
Abstract: FMCSA proposes to amend the Federal Motor Carrier Safety Regulations (FMCSRs) to adopt revised methodologies that would result in a safety fitness determination (SFD). The proposed methodologies would determine when a motor carrier is not fit to operate commercial motor vehicles (CMVs) in or affecting interstate commerce based on (1) the carrier's performance in relation to five of the Agency's Behavioral Analysis and Safety Improvement Categories (BASICs); (2) an investigation; or (3) a combination of on-road safety data and investigation information. The intended effect of this action is to reduce crashes caused by CMV drivers and motor carriers, resulting in death, injuries, and property damage on U.S. highways, by more effectively using FMCSA data and resources to identify unfit motor carriers, and to remove them from the Nation's roadways.

RIN: 2126–AB11

216. +Commercial Driver's License Drug and Alcohol Clearinghouse (MAP–21)

Legal Authority: 49 U.S.C. 31306
Abstract: This rulemaking would create a central database for verified positive controlled substances and alcohol test results for commercial driver's license (CDL) holders and refusals by such drivers to submit to testing. This rulemaking would require employers of CDL holders and service agents to report positive test results and refusals to test into the Clearinghouse. Prospective employers, acting on an application for a

CDL driver position with the applicant's written consent to access the Clearinghouse, would query the Clearinghouse to determine if any specific information about the driver applicant is in the Clearinghouse before allowing the applicant to be hired and to drive CMVs. This rulemaking is intended to increase highway safety by ensuring CDL holders, who have tested positive or have refused to submit to testing, have completed the U.S. DOT's return-to-duty process before driving CMVs in interstate or intrastate commerce. It is also intended to ensure that employers are meeting their drug and alcohol testing responsibilities. Additionally, provisions in this rulemaking would also be responsive to requirements of the Moving Ahead for Progress in the 21st Century (MAP–21) Act. MAP–21 requires creation of the Clearinghouse by 10/1/14.

217. +Electronic Logging Devices and Hours of Service Supporting Documents (MAP–21)

Legal Authority: 49 U.S.C. 31502; 31136(a); Pub. L. 103.311; 49 U.S.C. 31137(a)
Abstract: This SNPRM would establish: (1) Minimum performance and design standards for hours-of-service (HOS) electronic logging devices (ELDs); (2) requirements for the mandatory use of these devices by drivers currently required to prepare HOS records of duty status (RODS); (3) requirements concerning HOS supporting documents; and (4) measures to address concerns about harassment resulting from the mandatory use of ELDs. This rulemaking supplements the Agency's February 1, 2011, Notice of Proposed Rulemaking (NPRM) and addresses issues raised by the U.S. Court of Appeals for the Seventh Circuit in its 2011 decision vacating the Agency's April 5, 2010, final rule concerning ELDs as well as subsequent statutory developments. The proposed requirements for ELDs would improve compliance with the HOS rules.

DEPARTMENT OF TRANSPORTATION (DOT)

Federal Motor Carrier Safety Administration (FMCSA)

Final Rule Stage

218. +Lease and Interchange of Vehicles; Motor Carriers of Passengers

Legal Authority: 49 U.S.C. 31502; 49 U.S.C. 13301; 49 U.S.C. 31136

Abstract: FMCSA proposes to adopt regulations governing the lease and interchange of passenger-carrying commercial motor vehicles (CMVs) to: (1) Identify the motor carrier operating a passenger-carrying CMV and responsible for compliance with the Federal Motor Carrier Safety Regulations (FMCSRs) and all other applicable Federal regulations; (2) ensure that a lessor surrenders control of the CMV for the full term of the lease or temporary exchange of CMVs and drivers; and (3) require motor carriers subject to a prohibition on operating in interstate commerce to notify the FMCSA in writing before leasing or otherwise transferring control of their vehicles to other carriers. This action is necessary to ensure that unsafe passenger carriers cannot evade FMCSA oversight and enforcement by operating under the authority of another carrier that exercises no actual control over those operations. This action will enable the FMCSA, the National Transportation Safety Board (NTSB), and our Federal and State partners to identify motor carriers transporting passengers in interstate commerce, and correctly assign responsibility to these entities for regulatory violations during inspections, compliance investigations, and crash studies. It also provides the general public with the means to identify the responsible motor carrier at the time of transportation. While detailed lease and interchange regulations for cargo-carrying vehicles have been in effect since 1950, these proposed rules for passenger-carrying CMVs are focused entirely on operational safety.

RIN: 2126-AB44

219. +Inspection, Repair, and Maintenance; Driver-Vehicle Inspection Report (RRR)

Legal Authority: 49 U.S.C. 31502(b)
Abstract: This rulemaking would rescind the requirement that commercial motor vehicle (CMV) drivers operating in interstate commerce submit, and motor carriers retain, driver-vehicle inspection reports when the driver has neither found nor been made aware of any vehicle defects or deficiencies. Specifically, this rulemaking would remove a significant information collection burden without adversely impacting safety. This rulemaking responds in part to the President's January 2012 Regulatory Review and Reform initiative.

Legal Authority: 49 U.S.C. 31136; 49 CFR 1.73; 49 U.S.C. 31502
Abstract: This rulemaking would require behind-the-wheel and classroom training for persons who must hold a commercial driver's license to operate commercial motor vehicles. This action is in response to the U.S. Court of Appeals for the District of Columbia Circuit's December 2005 decision remanding the May 21, 2004, Final Rule, Minimum Training Requirements for Entry-Level Commercial Motor Vehicle Operators to the Agency for further consideration. The rulemaking will consider the effectiveness of Commercial Motor Vehicle (CMV) driver

training in reducing crashes, the appropriate types and levels of training that should be mandated, and related costs. Additionally, provisions in this rulemaking would also be responsive to requirements of the Moving Ahead for Progress in the 21st Century (MAP-21) Act. MAP-21 requires a final rule by October 1, 2013. This rulemaking was withdrawn to allow time to further study this issue.

Pipeline and Hazardous Materials Safety Administration (PHMSA)

Proposed Rule Stage

222. +Pipeline Safety: Safety of On-Shore Liquid Hazardous Pipelines

Legal Authority: 49 U.S.C. 60101 *et seq.*
Abstract: This rulemaking would address effective procedures that hazardous liquid operators can use to improve the protection of High Consequence Areas (HCA) and other vulnerable areas along their hazardous liquid onshore pipelines. PHMSA is considering whether changes are needed to the regulations covering hazardous liquid onshore pipelines, whether other areas should be included as HCAs for integrity management (IM) protections, what the repair timeframes should be for areas outside the HCAs that are assessed as part of the IM program, whether leak detection standards are necessary, valve spacing requirements are needed on new construction or existing pipelines, and PHMSA should extend regulation to certain pipelines currently exempt from regulation. The agency would also address the public safety and environmental aspects of any new requirements, as well as the cost implications and regulatory burden.

Legal Authority: 49 U.S.C. 60101 *et seq.*
Abstract: This rulemaking would address a number of topics related to the use of plastic pipe in the gas pipeline industry. These

topics include: PE, PA11, PA12, 50-year markings, design factors, risers, incorporation by reference of certain plastic pipe related standards, and tracking and traceability.

224. +Hazardous Materials: Revisions to Requirements for the Transportation of Lithium Batteries

Legal Authority: 49 U.S.C. 5101 *et seq.*
Abstract: This rulemaking would amend the Hazardous Materials Regulations to comprehensively address the safe transportation of lithium cells and batteries. The intent of the rulemaking is to strengthen the current regulatory framework by imposing more effective safeguards, including design testing to address risks related to internal short circuits, and enhanced packaging, hazard communication, and operational measures for various types and sizes of lithium batteries in specific transportation contexts. The rulemaking would respond to several recommendations issued by the National Transportation Safety Board.

Long-Term Actions

225. +Pipeline Safety: Operator Qualification, Cost Recovery, Accident and Incident Notification, and Other Changes (RRR)

Legal Authority: 49 U.S.C. 60101 *et seq.*
Abstract: This rulemaking would address miscellaneous issues that have been raised because of the reauthorization of the pipeline safety program in 2012, and petitions for rulemaking from many affected stakeholders. Some of the issues that this rulemaking would address include: renewal process for special permits, cost recovery for design reviews, and incident reporting.

226. +Pipeline Safety: Amendments to Parts 192 and 195 To Require Valve Installation and Minimum Rupture Detection Standards

Legal Authority: 49 U.S.C. 60101 *et seq.*
Abstract: This proposed rule would require mandatory installation of automatic shutoff valves, remote controlled valves, or

equivalent technology, and establish performance-based meaningful metrics for rupture detection for gas and liquid transmission pipelines. The overall intent is that rupture detection metrics will be integrated with ASV and RCV placement, with the objective of improving overall incident response. Rupture response metrics would focus on mitigating large, unsafe, uncontrolled release events that have a greater potential consequence. The areas proposed to be covered include High Consequence Areas (HCA) for hazardous liquids and HCA, Class 3 and 4 for natural gas (including could affect areas).

227. +Cargo Preference

Legal Authority: 49 CFR 1.66; 46 app U.S.C. 1101; 46 app U.S.C. 1241; 46 U.S.C. 2302 (e)(1); Pub. L. 91–469

Abstract: This rulemaking would revise and clarify the cargo preference regulations that have not been revised substantially since 1971. The rulemaking would also implement statutory changes, including section 3511, Public Law 110 to 417, of The National Defense Authorization Act for FY 2009, which provides enforcement authority.
